I Never Met a Train I Didn't Like Lou Palumbo,2014-01-29 Toy collectors are like a group of fifth graders on a scavenger hunt... If you notice the expression on the faces of the guys as they walk around a train show or first enter a train store you'll see the excitement and anticipation of a great find. I refer

to them as fifth graders because that time of life impressed me as an age of innocence, when nothing else was on your mind but what you were searching for. Collectors all but revert to that time of life when they search for a new item for their train world. This wonderful feeling and sense of care free enthusiasm captures the essence of this book. It includes many stories related to these times of collecting enjoyment and also reminiscent of days gone by, and when all was good with the world and we were all just kids... Keep Searchin'

Having Fun With Model Trains Sally White,2013-09-20 Model trains must be one of the oldest and most awe inspiring hobbies for both young and old. These miniature trains have captured the imagination of people all over the world for many years. Many model train builders spend hours of their time and do not spare any expense on pursuing this hobby. It becomes all engrossing and affords many happy hours to the hobbyist. There are so many models of trains coming from so many different eras that you can never run out of ideas for new projects. When one project is done usually the idea for the next project is already in place! I have seen the faces of children where these model trains have been exhibited. They are a joy to behold. They do not delight children alone but people of all ages. Many model train builders have made friends all over the world because of this hobby. These hobbyists are always looking for contacts where they can exchange information. There is a lot of information around which makes it more interesting and of course more of a challenge. There seems to be enough suppliers around where you can obtain starter kits and various parts you require. The real challenge is of course when parts have to be made by you or sourced from some supplier far from your home town. Once the love for model trains has bitten you, you will never look back and very few people that started this hobby will stop without any good reason. They will probably carry on right into old age! I hope that you will thoroughly enjoy the information that I have taken great pleasure in putting together for you.

Model Trains for Beginners Jolene Arriaga,2017-02-14 Want to learn exactly how to get started with model trains and learn what the pros do? Discover The Secrets For A Successful Model Train Hobby That Teach You How to Set Everything Up Successfully The First Time...Even As A Beginner! Just Follow The Instructions And You'll Be Enjoying Your New Hobby In No Time! Are you ready to get started on your journey to enjoying a new and different hobby? Yes? Then let's get started! All too often a budding model train enthusiast will rush right out, buy the first train kit they see at the hobby store, grab some tracks and head right home for a weekend of indoor fun. Sadly, the experience is usually less than positive as he works hard all weekend to set everything up but ends up with nothing to show for it. The train may not go properly or even fit on the tracks. The tracks end up in the rafters in the garage and the dream of an enjoyable hobby disappears. Another scenario that occurs frequently is taking advice from a buddy or acquaintance presenting himself as a self-proclaimed expert. You know the type. He knows it all and proceeds to let you know everything you are doing wrong. Before you know it you have connected the experience with the jerk and you let the whole experience fade into oblivion never willing to try it again. It doesn't have to be like that. You can learn the basics of this delightful model train hobby and take it to whatever destination you desire. You can do it with your own copy of Model Trains for Beginners. You Can Get Started Right Away Model Trains for Beginners gives you everything you need to get started. Toy Trains Bob Leggett,2019-04-18 The 00 gauge train set was the ultimate 'boy's toy' of the 1950s and '60s. Electric 00 gauge trains were introduced by Trix and Hornby Dublo in the mid-1930s, but the Second World War quickly halted production. However, they burst back onto the post-war scene with great success, and 00 quickly became the dominant scale in Britain, and was taken up by other large manufacturers including Tri-ang. Whilst the components of the sets themselves were often basic, they could be transformed into astonishing landscapes in the hands of imaginative builders. The sheer number of box sets, locomotives, rolling stock, buildings and accessories gave everyone the ability to form a bespoke layout. This beautifully illustrated introduction to the heyday of clockwork and electric 00 gauge trains tells their story up until 1975, when finer detailing and changing trends led to them becoming enthusiasts' models rather than children's toys.
