Zamalek Chafika Soliman Hamamsy, 2005 Between the reign of Muhammad Ali Pasha (1805-48) and the end of the Second World War, a dramatic transformation of the Egyptian sociopolitical scene took place, particularly within the confines of the ruling class. During that period, and owing in large measure to Muhammad Ali's reforms, a new class system emerged, with its revised gradations from lower to upper strata. The central concern of this book is the change that took place in upper-class Egyptian society, from a staunch conservatism toward more westernized, liberal norms in the hundred years spanning the turn of the nineteenth century. The district of Zamalek, on the Nile island of Gezira, became, for a variety of reasons, the preferred neighborhood for a fast growing, rapidly evolving upper middle class, and by the mid-1920s it had become the abode of an elite group whose way of life was manifestly more westernized than that of its predecessors. Zamalek was the focal point of social change, and its elite role models actively engaged in the creation of these new social norms. By following the lives of one family, this book describes how these people lived, interreacted, and changed, often under the impetus of international events, and looks at some of the beliefs and traditions upon which their life was based. As Egypt enters the twenty-first century with a noticeable reappearance of the veil and an apparent return to the values of the past, this account by someone who grew up within that group is a timely examination of the social westernization of twentieth-century Egypt, the forces that led to it, and the events that made it possible.

This Age We're Living In David Wilson, 2012-10-31 'Only two big facts are known for certain: you are on a large spinning rock hurtling through space at about 67,000 mph, and one day your body is going to die. Will a new pair of shoes really help?' Worth's 12th Rule of Shopping George Worth is a grumpy lifestyle columnist who works in a woman's world. He hates fashion, mobile phones, computers and Young People. At night he goes home to a borrowed Labrador and feelings of guilt about his dead wife. Justin Smith is a Young Person. A bright newcomer, he's always on his mobile to his girlfriend, surfing the Net and keeping abreast of the latest trends. Then comes the day when Justin's girlfriend throws him out and he finds himself having to share a flat with George. As the women around them watch and wonder both men start to work out what really matters among the obsessions and distractions of modern life. Laugh-out-loud funny, moving and revealing, *This Age We're Living In* is a novel that confronts the big questions: Can shopping solve everything? Why are boxers better than Y-fronts? Are lifestyle writers secretly in the same mess as everyone else? And if life is a journey, who the hell changed all the signposts?

All along the way, we solve practical challenges for the home cook, including how to make an array of cocktails without having to buy lots of expensive bottles, how to use a Boston shaker, what kinds of ice are best and how to make them, and much more.

Population Matters Julian Lincoln Simon, 1990-01-01 Since 1970, Julian Simon has been challenging the doomsayers and their conventional beliefs in a series of controversial popular essays based upon his technical scholarly research. These have been his central message: Raw materials and energy are getting less scarce. The world's food supply is improving. Pollution in the United States has been decreasing. Population growth has long-term benefits, even though added people are a burden in the short run. The United States needs more immigrants. These essays are the core of Population Matters. The central vision is of human being who, on balance, create more than they destroy, if they have adequate incentive to create and guarantee protection of the fruits of their labors. The debate on these questions concerns the effect of the number of people on the standard of living. Simon sees the following mechanism at work: Population growth and increased income expand demand, and prices of natural resources are forced up, triggering the search for new supplies. Eventually new sources and substitutes are found, and humanity is better off. How quickly this happens is critical; and here the presence of economic liberty and respect for property are of central importance. There is no doubt that Julian Simon has influenced the professional consensus on these questions. But he does not preach complacency, nor does he think that new resources and economic advances are inevitable. He reminds us that institutions that protect property and reward initiative must be protected. Above all, we must remember that the ultimate resource is people, whose exercise of will and imagination for their own benefit inevitably benefits us all. Those who have read and enjoyed Simon's other books or his writings in the popular media will find this a spirited examination of the compelling issues of our day. Some of the most provocative essays in the volume have never before been published. Social and physical scientists may be stimulated to rethink some of their assumptions, and the general reader will be engaged by the force and style of his arguments.

In Search of Alberto Guerrero John Beckwith, 2015-04-09 In Search of Alberto Guerrero is the first full biography of the influential Chilean-Canadian pianist and teacher (1886-1959), describing Guerrero's long career as virtuoso recitalist, chamber music collaborator, concerto soloist, and teacher. Written by composer John Beckwith, who was a student of Guerrero, the book blends research and memoir to piece together the life of a man who once insisted he had no story. Guerrero was part of the intellectual scene that introduced Chileans to Debussy, Ravel, Cyril Scott, Scriabin, and Schoenberg. He and his brother played an active role in founding the Sociedad Bach in Santiago. In 1918 Guerrero moved to Toronto, making the Hambourg Conservatory, and later the Toronto (now Royal) Conservatory, his new base. He soon became one of Canada's most active pianists. In what was then a novel activity, he played regular radio recitals from the mid-1920s to the early 1950s. He was also deeply engaged with issues in piano pedagogy, and worked with young talents including Canada's much-acclaimed Glenn Gould. But unlike the shadowy role Guerrero is assigned in Gould

biographies, here he is given proper credit for his technical and aesthetic influence on the young Gould and on other notable musicians and composers. Guerrero left few written records, and documentation of his work by others is incomplete and often erroneous. Aiming for a fuller and more accurate account of this remarkably influential and well-loved man, Beckwith's *In Search of Alberto Guerrero* gives an insider's story of the Canadian classical music scene in mid-twentieth-century Toronto, and pays homage to the influential musician William Aide has called an "unsung progenitor."

Squishy Crushy Something Kieran Frank, Jayden never expected he'd be the type to develop a squish on a boy, never mind a full-blown crush. It started with Kail, a boy with looks and popularity and all-around awesomeness. Developing a squish on Kail might've been natural for Jayden, of course, as anyone could fall for that boy. But it's now three years later, the summer before senior year, and Jayden's squish on Kail has grown into a crush that he can no longer ignore. And this crush is leading Jayden to make decisions he knows he'll regret later. But Kail isn't the only one Jayden is having squishy crushy troubles with. He used to be friends with Ollie, but when Ollie got too deep into religion, it drove Jayden away. Now, Ollie is back and he seems much more open-minded—not to mention much more attractive—and Jayden can't help but develop a squish. But could it turn into a crush? Jayden is caught between two squishy crushes—the crush on the boy that he knows is toxic, and the potential crush that could make or break a friendship—and he doesn't know what to do. The right choice could bring him happiness, but if he makes the wrong choice he could lose everything.

Queen Bee of Mimosa Branch Haywood Smith, 2003-10-19 Southern housewife Linwood Breedlove Scott was happily content in her comfortable, complacent thirty-year marriage, but when her husband cleans out their bank accounts and runs off with a stripper, her life takes a hilarious, yet touching, right turn into reality. With no place to go but home, she's forced back to her insular hometown and the eccentric family she escaped by marrying at nineteen: her senile father, her loving-yet-controlling mother, her long-suffering aunt, her crazy uncle, and her good-for-nothing brother. But despite her newly dependent situation and her family's genteel insanity, Lin begins to stand on her own two feet and wake up to the joys-and perils-of life as a single woman. And she also learns surprising lessons about her family: that things aren't always what they seem, and that the power of love governs even the most dysfunctional of relationships. This joy-filled, moving, and wise-cracking novel delivers a portrait of Southern life, Southern families, and self-discovery that readers will never forget.

Asian Food Katarzyna J. Cwiertka, Boudewijn C. A. Walraven, 2002-01-31 By documenting, analyzing, and interpreting the transformations in the

local diets of Asian peoples within the last hundred years, this volume tries to pinpoint the consequences of the tension between homogenization and cultural heterogenization, which is so characteristic for today's global interaction. By focusing on Asian foodways, the contributors demonstrate how the local and global forces negotiate new hybrid lifestyles, how new commodities become embedded in new cultures and how new identities are embraced through the acceptance and rejection of new forms of consumption. Contributors: Helen Bush, Cheng Sea-ling, Pat Caplan, Katarzyna Cwiertka, Adel P. Den Hartog, Robert W. Pemberton, Anneke Van Otterloo, Boudewijn C. A. Walraven, Merry I. White, Rory Williams.

No Conscience, No Crime Deborah Crumpton Barkley, 2014-06-16 Kathryn Patton is an energetic, strong-minded mother of three who is always up for a good mystery. While she barely feels part of her marriage and family, Kathryn earnestly strives to be a devoted young professional climbing toward partnership at her CPA firm. However, feelings of despair and ambivalence, over leaving her small children each day, prevent Kathryn from achieving the career success she desires. When a terrible coincidence traps her inside a whirling, real-life murder mystery, plans change and lives are rerouted to unforeseen destinations. Years of reading whodunit novels and watching mystery movies has scarcely prepared Kathryn with the requisite skills to single-handedly solve the perplexing murder--before she herself gets convicted of the crime. Apparently, the small town police chief and his crew are not interested in knowing what really happened to the young murder victim who happens to be a senator's daughter. The chief seems content as he allows obviously inept employees to frighteningly further force Kathryn toward wrongful conviction. Kathryn investigates seemingly endless layers of interconnections until she finally discovers unequivocal criminal corruption. In the search for truth, Kathryn never waivers; but the ultimate conclusion is far too evil for Kathryn to comprehend.
