Destiny's Story Mathilda No,2023-06-23 The story begins with Destiny sitting alone in her prison cell, feeling completely detached. In a solemn reflective state, she mulls over her past actions, bad decisions, and life experiences. Her parents had migrated from Africa to France before she was born, marking the start of a life of movement, spending her childhood living between Africa and France with her family. Despite a visual impairment, Destiny was successful academically. Popular within her community, sociable and creative, she dreamt of becoming a famous singer or actress, but drug and alcohol abuse began to darken her life. This was the beginning of trouble, misadventure, and challenging relationships. Realising that France was no longer the place for her, Destiny finds herself on the move once more, looking to improve her life. An intriguing opportunity arrives when Destiny is offered a dream holiday to an idyllic tropical island. Accepting this offer was a decision that she would forever regret. This personal, moving, and emotional journey ends with an event that was foreshadowed at the start of the book, the arrest of Destiny and her friend at an international airport.

Courage Has No Color, The True Story of the Triple Nickles Tanya Lee Stone,2013-01-22 They became America's first black paratroopers. Why was their story never told? Sibert Medalist Tanya Lee Stone reveals the history of the Triple Nickles during World War II. World War II is raging, and thousands of American soldiers are fighting overseas against the injustices brought on by Hitler. Back on the home front, the injustice of discrimination against African Americans plays out as much on Main Street as in the military. Enlisted black men are segregated from white soldiers

and regularly relegated to service duties. At Fort Benning, Georgia, First Sergeant Walter Morris's men serve as guards at The Parachute School, while the white soldiers prepare to be paratroopers. Morris knows that for his men to be treated like soldiers, they have to train and act like them, but would the military elite and politicians recognize the potential of these men as well as their passion for serving their country? Tanya Lee Stone examines the role of African Americans in the military through the history of the Triple Nickles, America's first black paratroopers, who fought in a little-known attack on the American West by the Japanese. The 555th Parachute Infantry Battalion, in the words of Morris, "proved that the color of a man had nothing to do with his ability." From *Courage Has No Color* What did it take to be a paratrooper in World War II? Specialized training, extreme physical fitness, courage, and — until the 555th Parachute Infantry Battalion (the Triple Nickles) was formed — white skin. It is 1943. Americans are overseas fighting World War II to help keep the world safe from Adolf Hitler's tyranny, safe from injustice, safe from discrimination. Yet right here at home, people with white skin have rights that people with black skin do not. What is courage? What is strength? Perhaps it is being ready to fight for your nation even when your nation isn't ready to fight for you. Front matter includes a foreword by Ashley Bryan. Back matter includes an author's note, an appendix, a time line, source notes, and a bibliography.
