Have you listened to them over and over again at different points throughout your life? This book harnesses that feeling, by collecting together 80 of music's finest artists to guide young people through the good, bad and sad times. Whatever the feeling, these artists have been there and sung about it. Organised by mood, young ones can dip into the library to discover new artists from decades past to present day. Fall in love with Mariah Carey, shout about it with Nirvana, love yourself with Lizzo, or cry it out with Adele. With 80 artists, bands, and composers from all genres (including classical) there's something for every family member to love and recommend to the next generation. Each entry contains biographical information on each artist, lists must-hear songs, and has accessible musical analysis from author and journalist Myles Tanzer. Every artist is captured in full-colour, rocking art by Ali Mac. With information at the front on how to soundtrack your mood, and information at the back on how to listen to and make your own music. Speak Up! Adora Svitak, 2020-02-25 Speak Up! is a joyful celebration of 45 speeches by children and teenagers who have stood up for causes they passionately believe in and challenged adults in power to take note. This collection is testament to the hopefulness and spirit of the next generation, and the positive belief that we can, and should, act to protect the things we love. From ground-breaking scientific inventions to pleas for the environment, anti-war speeches to incredible testimony of lived experiences, the speeches collected here demonstrate the profound wisdom of youth and why it is important to speak up and out on what concerns us. 'A society that cuts itself off from its youth severs its own lifeline; it is condemned to bleed to death.' - Kofi Annan

Troye Sivan Dana Michaels, 2016-01-19 He may be the most famous and talented Australian celebrity that you've never heard

of. Walking along the streets of Perth, he blends in with the rest of the crowd as your average typical teenager. Beginning at such a young age with so much talent he is now an actor, singer, songwriter, and also a famous YouTuber. As you'd expect with a famous young faced talented celebrity, a swarm of teenage girls will usually spot him and lose their minds over their idol. On a usual day, he'll be asked for pictures or autographs as he goes about his day running errands with his mother. Some even scream out his name and cry hot tears of joy. Troye Sivan Mellet has captured the hearts of many and gained love and support from his fans all over the world on his rise to fame.

Debates for the Digital Age Danielle Sarver Coombs, Simon Collister, 2015-11-23 By evaluating the Internet's impact on key cultural issues of the day, this book provides a comprehensive overview of the seismic technological and cultural shifts the Internet has created in contemporary society. Books about Internet culture usually focus on the people, places, sites, and memes that constitute the cutting-edge at the time the book is written. That approach, alas, renders such volumes quickly obsolete. This provocative work, on the other hand, focuses on overarching themes that will remain relevant for the long term. The insights it shares will highlight the tremendous impact of the Internet on modern civilization—and individual lives—well after specific players and sites have fallen out of favor. Content is presented in two volumes. The first emphasizes the positive impact of Internet culture—for example, 24-hour access to information, music, books, merchandise, employment opportunities, and even romance. The second discusses the Internet's darker consequences, such as a demand for instant news that often pushes journalists to prioritize being first over being right, online scams, and invasions of privacy that can affect anyone who banks, shops, pays bills, or posts online. Readers of the set will clearly understand how the Internet has revolutionized communications and redefined human interaction,

coming away with a unique appreciation of the realities of today's digital world—for better and for worse.

The Queer Advantage Andrew Gelwicks, 2020-10-13 Meet the LGBTQ+ dealmakers, trailblazers, and glass-ceiling breakers in business, politics, and beyond. The people who are creating national public policy, running billion-dollar tech enterprises, and winning Olympic medals. Andrew Gelwicks interviews the leaders who have forged their own paths and changed the world. From Troye Sivan to Margaret Cho, George Takei to Billie Jean King, Shangela to Adam Rippon, each person credits their queer identity with giving them an edge in their paths to success. Their stories brim with the hard-won lessons gained over their careers. With variances in age, background, careers, and races, key themes shine through: Channeling anger in a positive way -- using it as rocket fuel to succeed Leveraging your difference to beget new ideas and strategies Bridging generational gaps Accessing resources to conquer crippling denial, internalized homophobia, and doubt The power of the Internet as a tool of self-discovery Using your sensitivity and attunement to read the room, deciding when to fit in and when to stand out Finding a queer tribe and learning to help and lean on one another Collecting incisive, deeply personal conversations with LGBTQ+ trailblazers about how they leveraged the challenges and insights they had as relative outsiders to succeed in the worlds of business, tech, politics, Hollywood, sports and beyond, *The Queer Advantage* celebrates the unique, supercharged power of queerness.
