Biogenesis Tatsuaki Ishiguro,2015-07-28 Told in the manner of scientific reports, this collection of science fiction stories explores the allegorical overtones about the precariousness of species. *Biogenesis and Other Stories* collects five stories by Tatsuaki Ishiguro. In *Biogenesis*, two professors research the rare winged mouse and how the genetic makeup of the creatures pointed to their eventual extinction. They discover that upon mating, both the male and female of the species died. The professors try to clone the winged mice without success, so they breed the remaining pair in captivity, noting the procedure, which includes a vibration of the creatures' wings, what appeared to be kissing, and the shedding of tears--composed of the same substance as their blood--until their eventual death.

StarChild T. M. Tsuru,2011-08-24 Beaten down, dominated by brutal masters -and at times threatened with their own extermination- the LionWrestler people have long rallied to StarMaker, who they believe will one day send them a Liberator -One promised to free them from their captors, reverse the course of human history, and give birth to a New LionWrestler nation.And so it is to their utmost concern -if not alarm- when a young rabble-rouser ...a man of the streets ...a guy they call StarChild ...bursts forth with the outrageous claim to be none-other than the One they have waited for all these years! Breaking all the stereotypes of their Promised Liberator, StarChild carries no sword, commands no army, is rumored to hang out with all the wrong people and speaks unlike any other: his message strangely compelling, if not dangerous!StarMaker's purpose, says StarChild, is all about restoring the Connection that can empower individuals to enjoy Life as fully integrated, complete, and indestructible human beings. The true hope for the LionWrestlers -indeed for any nation- is for its people to realign their innermost control centers to the deeply caring guidance of StarMaker.The LionWrestler's ultimate freedom -their rebirth as a New Humanity, says StarChild, will rest on two foundations: his own bid to destroy the power of death on its own turf, and their own willingness to find nourishment in his ultimate act of sacrifice.Will the whole story end with the brutal execution of an innocent man or -as StarChild claims- will this become the beginning of a whole new play on the stage of human history?

Japanese Cinema and Otherness Mika Ko,2013-05-13 Over the last 20 years, ethnic minority groups have been increasingly featured in Japanese Films. However, the way these groups are presented has not been a subject of investigation. This study examines the representation of so-called Others – foreigners, ethnic minorities, and Okinawans – in Japanese cinema. By combining textual and contextual analysis, this book analyses the narrative and visual style of films of contemporary Japanese cinema in relation to their social and historical context of production and reception. Mika Ko considers the ways in which ‘multicultural’ sentiments have emerged in contemporary Japanese cinema. In this respect, Japanese films may be seen not simply to have ‘reflected’ more general trends within Japanese society but to have played an active role in constructing and communicating different versions of multiculturalism. In particular, the book is concerned with how representations of ‘otherness’ in contemporary Japanese cinema may be identified as reinforcing or subverting dominant discourses of ‘Japaneseness’. the author book also illuminates the ways in which Japanese films have engaged in the dramatisation and elaboration of ideas and attitudes surrounding contemporary Japanese nationalism and multiculturalism. By locating contemporary Japanese cinema in a social and political context, *Japanese Cinema and Otherness* makes an original contribution to scholarship on Japanese film study but also to bridging the gap between Japanese studies and film studies.

Islands of Discontent Laura Hein,Mark Selden,2003-04-09 Exploring contemporary Okinawan culture, politics, and historical memory, this book argues that the long Japanese tradition of defining Okinawa as a subordinate and peripheral part of Japan means that all claims of Okinawan distinctiveness necessarily become part of the larger debate over contemporary identity. The contributors trace the resurgence of the debate in the burst of cultural and political expression that has flowered in the past decade, with the rapid growth of local museums and memorials and the huge increase in popularity of distinctive Okinawan music and literature, as well as in political movements targeting both U.S. military bases and Japanese national policy on ecological, developmental, and equity grounds. A key strategy for claiming and shaping Okinawan identity is the mobilization of historical memory of the recent past, particularly of the violent subordination of Okinawan interests to those of the Japanese and American governments in war and occupation. Its intertwining themes of historical memory, nationality, ethnicity, and cultural conflict in contemporary society address central issues in anthropology, sociology, contemporary history, Asian Studies, international relations, cultural studies, and post-colonial studies. Contributions by: Matt Allen, Linda Isako Angst, Asato Eiko, Gerald Figal, Aaron Gerow, Laura Hein, Michael Molasky, Steve Rabson, James E. Roberson, Mark Selden, and Julia Yonetani.

Deathdestroyer T. M. Tsuru,2011-07-01 From the midst of three cultures dominated by military occupation, political intrigue and revolutionary undercurrents there appears a solitary figure named StarChild.Claiming to be a human avatar with origins predating even the Big Bang, StarChild teaches that the only true 'fix' for a broken humanity is for everyday people to realign the control centers of their lives to the deeply caring guidance of

StarMaker -his sender. Their ultimate freedom –their rebirth as a new humanity, says StarChild, will pivot on two foundations: His own ability to destroy the power of death on its own turf, and the Earthlings' willingness to wrap their lives around the ultimate gift of his own life. Will the whole story end with the brutal execution of an innocent man or –as StarChild claims- will this become the beginning of a whole new play on the stage of human history?

Beauty Matters Anri Yasuda,2024-06-04 The notion of beauty is inherently elusive: aesthetic judgments are at once subjective and felt to be universally valid. In *Beauty Matters*, Anri Yasuda demonstrates that by exploring the often conflicting yet powerful pull of aesthetic sentiments, major authors of the late Meiji (1868–1912) and Taishō (1912–1926) periods illuminated themes and perspectives that resonated broadly in modern Japanese society. This approach presents an alternative to conventional accounts in which Japanese literature before the modernist turn of the 1920s has tended to be defined by an insular focus on subjective representation and autobiographical realism. Yasuda investigates how Natsume Sōseki, Mori Ogai, Mushanokōji Saneatsu and his peers at *Shirakaba* magazine, and Akutagawa Ryūnosuke sought to identify the aesthetic properties of literature through comparisons with the visual arts. They also considered the position of Japanese cultural sensibilities within the Eurocentric imperial world order. Their stories featuring painters and paintings weigh the fundamental challenge of representing anything when the conditions of knowledge are in flux, and their stories about cross-cultural encounters display both hope and ambivalence about the prospect of cosmopolitanism. Yasuda shows how thinking about beauty and art enabled these authors to surpass purely “literary” concerns. By tracing the wide-reaching significance of aesthetic affect in literary thought, *Beauty Matters* destabilizes received conceptions of literature’s parameters and affirms literature’s continued potential to intervene in cultural discourses in Japan and beyond.

Go as Communication Yasutoshi Yasuda,2021-09-21 *Go as Communication* is the record of a surprising discovery, namely, that a simple game called First Capture Go can have enormous educational and therapeutic value. Yasutoshi Yasuda, the person responsible for this discovery, is a Japanese professional Go player. Concerned about social problems in Japanese schools, Yasuda began introducing a simplified version of Go to school children and discovered to his surprise that it had immediate positive effects. His experiences with school children encouraged Yasuda to expand his efforts to homes for the elderly and then to institutions for the mentally and physically handicapped. In every case, the game had a tremendous positive impact. The version of the game that is used in these programs is quite easy to learn, and it is easy to make playing equipment. The book provides thorough practical guidance for both teaching the game and creating playing sets. There really is no impediment for anyone who finds Yasuda's program as appealing - and inspiring - as I and many other people do. The rewards are immediate and obvious. Scores of people around the world have introduced the capture game to thousands of people of all ages with very satisfying results. Yasuda's program offers everyone an opportunity to make a positive difference. William Cobb

Lake Lawn Ellen Baker Bell, 2009 Nestled on 275 shaded acres beside beautiful Delavan Lake, Lake Lawn has been a favorite vacation destination since 1878. Much of the area's local history is rooted to this wooded lakeside retreat. It is the site of the highest concentration of ancient Native American effigy mounds in the area. Plus, it was the place where the Mabie brothers first brought their circus, leading to Delavan's designation as 19th-century circus capital of the nation. It was also home to the Lake Lawn Ballroom, one of the most popular dance halls of its day, where a young Lawrence Welk played annually before achieving national fame. In addition to its historical significance, Lake Lawn was the beloved vacation spot for generations of families who enjoyed annual trips to its lakeside cottages and rustic timber lodges.

Rough Living Tokuda Shusei, 2001-02-28 Humorous and poignant, *Rough Living* (Arakure) follows the fortunes of an ambitious young seamstress, Oshima, as she strives to survive and prosper in Meiji Japan. Written in 1915 by Tokuda Shusei (1872-1943), the great chronicler of Japan's working class, *Rough Living* explores the social transformations the country underwent in the early twentieth century from the perspective of a young woman who personifies the hungry, entrepreneurial spirit of the times. Through Oshima's eyes we see the formation of the structures of modern everyday life under capitalism as they evolved in Japan from the time of her birth in 1884 until the end of the novel, around 1910. An unwanted child, Oshima is adopted by a prosperous family but runs away repeatedly after refusing an arranged marriage to a young man with the feudal mentality of a slave. Oshima endures a series of ineffectual husbands and lovers and failed business ventures but refuses to be the victim. She does not tolerate derogatory treatment by men and shocks the citizens of Tokyo by wearing Western-style dresses and riding a bicycle around the city to promote her tailoring business. Largely through her efforts, she and her common-law husband prosper, but in the end she relinquishes her hard-won success for a chance to start a new business with an attractive employee she hopes to seduce.

Insomnia Aamer Hussein, 2012-04-18 On the shores of Lake Como a man and a woman talk about longing and belonging; a translator finds himself drawn into the personal and political turmoil of the poet he translates; a woman's quiet world is eroded by World War II and the division of her country. Charting the geographies of leave-taking and homecoming, the consolations and rivalries of friendship, adolescent yearnings and maturity's tentative acceptance of longing, these exquisite stories engage with the grand narratives of our time. 'Both disconcerting and alluring...the further the reader travels into Hussein's landscape of erosion, the more potent his capacity to find beauty becomes.' *Times Literary Supplement* 'Profound but low key; spiritual, but pragmatic; full of longing, but also acceptance.' *Independent on Sunday* 'Emotionally as well as intellectually charged.' *New Statesman* 'Hauntingly convincing.' *The Daily Telegraph* 'Lovely short stories...sharp, bitter, subtle comedy.' *The Times* 'Fresh, personal and profoundly moving.' Kamila Shamsie, *Literary Review* 'Superbly written short fiction...the writing is both delicate and powerful: these are very fine stories indeed.' *Independent* 'A gem-like collection...Aamer Hussein is a consummate stylist...His prose is restrained, precise and yet deeply moving. He is a sensuous writer in whose stories nature acts as a balm on even the most weary of sensibilities.' Moni Mohsin, *Literary Review* 'Profound, beautiful' Ruth Padel 'Wonderfully evocative and readable' Kate Pullinger
