The Story of a Tulip Lisa Owens, 2022-01-01 Audisee® eBooks with Audio combine professional narration and sentence highlighting for an engaging read aloud experience! From a budding bulb to a sure sign of spring, there are many steps in the life cycle of a tulip. Close-up photos and straightforward text help readers discover the process.

The Tulip Anna Pavord, 2019-11-14 A revised and updated edition of the internationally bestselling classic Anna Pavord's now classic, internationally bestselling sensation, *The Tulip*, is not a gardening book. It is the story of a flower that has driven men mad. Greed, desire, anguish and devotion have all played their part in the development of the tulip from a wild flower of the Asian steppes to the worldwide phenomenon it is today. No other flower carries so much baggage; it charts political upheavals, illuminates social behaviour, mirrors economic booms and busts, plots the ebb and flow of religious persecution. Why did the tulip dominate so many lives through so many centuries in so many countries? Anna Pavord, a self-confessed tulipomaniac, spent six years looking for answers, roaming through eastern Turkey and Central Asia to tell how a humble wild flower made its way along the Silk Road and eventually took the whole of Western Europe by storm. Sumptuously illustrated from a wide range of sources, this irresistible volume has become a bible, a unique source book, a universal gift and a joy to all who possess it. This beautifully redesigned edition features a new Preface by the author, a revised listing of the best varieties of this incomparable flower to choose for your garden and a reorganised listing of tulip species to reflect the latest thinking by taxonomists.

Friends and Flowers Jessica Gunderson, 2008-03-20 A story about a girl who

watches a tulip bulb develop teaches young readers about tulips.

Tulipomania Mike Dash, 2010-02-10 A vivid narration of the history of the tulip, from its origins on the barren, windswept steppes of central Asia to its place of honor in the lush imperial gardens of Constantinople, to its starring moment as the most coveted—and beautiful—commodity in Europe. In the 1630s, visitors to the prosperous trading cities of the Netherlands couldn't help but notice that thousands of normally sober, hardworking Dutch citizens were caught up in an extraordinary frenzy of buying and selling. The object of this unprecedented speculation was the tulip, a delicate and exotic Eastern import that had bewitched horticulturists, noblemen, and tavern owners alike. For almost a year rare bulbs changed hands for incredible and ever-increasing sums, until single flowers were being sold for more than the cost of a house. Historians would come to call it tulipomania. It was the first futures market in history, and like so many of the ones that would follow, it crashed spectacularly, plunging speculators and investors into economic ruin and despair. This colorful cast of characters includes Turkish sultans, Yugoslav soldiers, French botanists, and Dutch tavern keepers—all centuries apart historically and worlds apart culturally, but with one thing in common: tulipomania.

Massud, 2023-08-30 Eine zerreiende Geschichte, die in Afghanistan spielt. Im Dorf Cheman gehen Blumen in ihrer vollen Gre auf, es flieen Gewser - doch nicht alles ist so friedlich, wie es scheinen mag. Laleh, ein bildhbsches afghanisches Mdchen trifft auf einen jungen Wanderer. Und als Rostam sein Zelt in Nhe ihres Wohnortes aufbaut, entsteht eine ungewhnliche Bindung zwischen den Beiden - ausgelst durch Melodien seiner Ney Flte. Ein

einzigster Blickaustausch zwischen den Beiden, bringt viele Hürden mit sich. Es entsteht eine taktische Entzweiung zweier Seelen, die ohne einander nicht klingen. Als Rostam Laleh eine schockierende Nachricht überbringt, verändert sich ihr ganzes Leben mit einem Schlag.

Tulips Jay O'Callahan, 1996 Someone had dropped the cat onto old Regis sleeping in his bed by the stove. When Grand Ma Mere stepped into the kitchen, she saw everything with one sweeping glance. Then she announced, Pierre has arrived. Grand Ma Mere loves two things best in all the world: her tulips and her grandson, Pierre. Everyone can see why she loves her flowers, for hers is one of the most lovely gardens in all of Paris. But Pierre is another matter. Pierre is a trickster. Pierre visits his Grand Ma Mere every spring and fall. And every spring and fall, Grand Ma Mere's household staff panics, knowing that wherever Pierre goes, practical jokes and mayhem follow. In all of his years as a prankster, Pierre has never dared to play a trick on his very grand Grand Ma Mere. But this year is different.

Tulipomania Mike Dash, 2011-05-12 In 1630s' Holland thousands of people, from the wealthiest merchants to the lowest street traders, were caught up in a frenzy of buying and selling. The object of the speculation was not oil or gold, but the tulip, a delicate and exotic bloom that had just arrived from the east. Over three years, rare tulip bulbs changed hands for sums that would have bought a house in Amsterdam: a single bulb could sell for more than £300,000 at today's prices. Fortunes were made overnight, but then lost when, within a year, the market collapsed. Mike Dash recreates this bizarre episode in European history, separating myth from reality. He traces the hysterical boom and devastating bust, bringing to life a colourful cast of characters, and beautifully evoking Holland's Golden Age.

Hana in the Time of the Tulips Deborah Noyes, 2004 A little girl seeks to regain her father's attention during the tulipomania craze in seventeenth-century Holland.

Tulipomania Mike Dash, 1999 This is the story of the first great stock market boom in history. In 1630s Holland there was a frenzy over an exotic bloom newly imported from the East: the tulip. Over three years, rare tulip bulbs changed hands for sums that would have bought a house in Amsterdam: a single bulb sold for more than u300,000 at today's prices. Finally, there was a horrendous crash and prices collapsed overnight, ruining thousands.

The Tulip Virus Danielle Hermans, 2010-04-27 A gripping debut mystery set in contemporary London with roots in 17th century Holland and the mysterious tulip trade In 1636 Alkmaar, Holland, Wouter Winckel's brutally slaughtered

body is found in the barroom of his inn, an antireligious pamphlet stuffed in his mouth. Winckel was a respected tulip-trader and owned the most beautiful collection of tulips in the United Republic of the Low Countries, including the most coveted and expensive bulb of them all, the Semper Augustus. But why did he have to die and who wanted him dead? In 2007 London, history seems to be repeating itself. Dutchman Frank Schoeller is found in his home by his nephew, Alec. Severely wounded, he is holding a 17th-century book about tulips, seemingly a reference to the reason for his death moments later. With the help of his friend Damien Vanlint, an antique dealer from Amsterdam, Alec tries to solve the mystery, but soon comes to realize that he and his friend's own lives are now in danger. The Tulip Virus is a fast-paced, fascinating mystery based on the real-life events surrounding the collapse of the tulip bubble in 17th century Holland—the first such occurrence in history—a story that plunges readers deeply into questions of free will, science, and religion, while showing the dark fruits of greed, pride, and arrogance.

The First Tulip of Spring Louise Phillips, 1994-06-01 The story of the life of the first tulip of spring.

Tulip Celia Fisher, 2017-04-15 A long time ago, you could only find them on the slopes of remote mountain ranges in Asia, but today they are the very symbol of modern genetics, a species unrivalled for the variety of colors and forms that breeders can create: tulips. In this book, Celia Fisher traces the story of this important and highly popular plant, from its mountain beginnings to its prevalence in the gardens of Mughal, Persian, and Ottoman potentates; from its migration across the Silk Road to its explosive cultivation in the modern European world. Fisher looks at how tulips'

intensely saturated color has made them an important species for botanists and gardeners. Initially rare in sixteenth century Netherlands, tulips sparked such frenzy among aristocratic collectors that they caused the first economic bubble and collapse. Exploring the ways cultivators have created one hybrid after another—in an astonishing range of colors and shapes—Fisher also shows how tulips have inspired art and literature throughout the centuries, from Ottoman Turkey to the paintings of the Dutch Masters, from Alexandre Dumas's novel *The Black Tulip* to contemporary artist David Cheung painting them atop pages of the *Financial Times*. Stunningly illustrated, this book offers a unique cultural history of one of our most important flowers.

Tulip Obsessed Rebecca Cole, 2001

Tulipmania Anne Goldgar, 2008-09-15 In the 1630s the Netherlands was gripped by tulipmania: a speculative fever unprecedented in scale and, as popular history would have it, folly. We all know the outline of the story—how otherwise sensible merchants, nobles, and artisans spent all they had (and much that they didn't) on tulip bulbs. We have heard how these bulbs changed hands hundreds of times in a single day, and how some bulbs, sold and resold for thousands of guilders, never even existed. Tulipmania is seen as an example of the gullibility of crowds and the dangers of financial speculation. But it wasn't like that. As Anne Goldgar reveals in *Tulipmania*, not one of these stories is true. Making use of extensive archival research, she lays waste to the legends, revealing that while the 1630s did see a speculative bubble in tulip prices, neither the height of the bubble nor its bursting were anywhere near as dramatic as we tend to think. By clearing away the accumulated myths, Goldgar is able to show us instead the far more interesting reality: the ways in which tulipmania reflected deep anxieties

about the transformation of Dutch society in the Golden Age. "Goldgar tells us at the start of her excellent debunking book: 'Most of what we have heard of [tulipmania] is not true.' . . . She tells a new story."—Simon Kuper, Financial Times

The Great Tulip Trade Beth Wagner Brust, 2005-03-22 Anna's father gives her the most wonderful present for her birthday—eight beautiful tulips! But tulips in Holland in the 1600s are more precious than gold or jewels, and everyone who walks by the house wants to trade her for one!

Tulips Melanie S. Mitchell, 2003-01-01 A basic overview of the life cycle of a tulip.

The Tulip Anna Pavord, 2019-11-19 A twentieth anniversary edition of the classic, featuring new material by the author. Anna Pavord's internationally bestselling sensation, *The Tulip*, is the story of a flower that has driven men mad. Greed, desire, anguish, and devotion have all played their part in the development of the tulip into a worldwide phenomenon. Today, the United States alone imports three thousand million tulip bulbs each year. No other flower has ever carried so much consequence; it charts political upheavals, illuminates social behavior, mirrors economic booms and busts, plots the ebb and flow of religious persecution. Why did the tulip dominate so many lives through so many centuries in so many countries? Anna Pavord, a self-confessed tulipomaniac, spent six years looking for answers, roaming through Asia, India, and the Ottoman Empire to tell how a humble wildflower of the Asian steppes made its way to Turkey and from there took the whole of Western Europe by storm. Sumptuously illustrated from a wide range of sources, this irresistible volume has become a bible, a unique source book, a universal gift book, and a joy to all who possess it. This beautifully redesigned

edition features a new Preface by the author, a completely revised listing of the best varieties of this incomparable flower to choose for your garden, and a reorganized listing of tulip species, to reflect the latest thinking by taxonomists.

Holland Randall P. Vande Water, 2002 On April 26, 1927, Lida Rogers, a Holland High School biology teacher, suggested an idea to members of the Holland, Michigan Women's Literary Club. The idea was that the city present a Tulip Day every spring. Two years later, on May 18, 1929, after scores of visitors viewed more than 100,000 tulips along Holland's curbs, Tulip Time became an annual event. The 1930 Holland Evening Sentinel banner headline read: Tulip Reigns as Queen of City. Throughout the decade, motion picture and radio personalities visited to promote the festival. The Holland Furnace Company, then the city's largest corporation, sponsored special radio programs that were broadcast nationwide. After World War II, Holland saw the festival grow into the nation's third largest annual event. Visitors have enjoyed parades that included street scrubbing, klompen dancing, floats, and more than 50 bands. When Tulip Time began, 85 percent of the names in the Holland telephone directory were Dutch. Over time, the community's cultural diversity has evolved and is now reflected in the festival.
