Turnaround Lisa Gable, 2021-10-03 Is your once-thriving organization stuck? Is your team on life support, unable to deliver on its potential? Is your initiative or campaign limping along instead of sprinting ahead? Lisa Gable, turnaround mastermind, offers a clear-headed, straightforward method for getting you back on track. For more than 30 years, Lisa Gable has been called to turnaround failing organizations—businesses, teams, nonprofits, political campaigns, and government projects—and solve seemingly intractable problems. From Silicon Valley to Washington DC, she's seen it all. Over time, she's learned the key to course-correct when things go South is applying the discipline of process engineering—carefully reevaluating everything your organization does and how it does it—with diplomacy and humanity, taking care of relationships, and forging strong partnerships. In *Turnaround*, Gable shares her simple but powerful method for breathing new life into the most troubled ventures: Visualize the future—don't fix what's there; start from scratch. Break down the present—ditch what isn't working; keep what does. Create a path to your future—map out critical decisions and actions needed.

Execute with confidence and diplomacy—speed up by partnering well with others. At a time when dizzying innovation cycles, hyper-competition, and a global pandemic have made survival more challenging than ever, Gable's time-tested and industry-proof method will give you the tools to turn your ship around and chart a course to success.

Nine were successful and seven unsuccessful, the differences owing to the strategies employed, the managerial skills, and character traits on the part of the people involved. The proposition advanced here is that the successful turnarounds focuses involved conscientious, carefully orchestrated efforts aimed at improving the firm's effectiveness as an efficient low-cost producer of increasingly differentiated quality products simultaneously. This study also revealed that successful turnarounds involve leaders who focus on operations, possess strong ethical values, have good personal reputations, and follow the principles of fair play in dealing with employees, creditors, suppliers, and customers. The 16 cases were drawn from actual documented histories occurrences spanning more than 80 years from 1902 to 1988 in the automobile and agricultural equipment industries where much material is available on the events and the characteristics of the people involved.

Night Storm Catherine Coulter, 2009-10-13 Dear Reader, You met Alec Carrick

in Night Fire. He returns full force--and believe me, this man's got force--in Night Storm, the third novel of the Night Trilogy which I wrote in the Fall of 1988. The Paxtons are shipbuilders in Baltimore. Alec Carrick is an English nobleman who wants to buy them out. Genny Paxton isn't at all what she seems. She dresses like Eugene and wants to build her own sailing ships without male interference. Alec, a man of great insight, knows exactly what lies beneath those britches. He gets Genny's goat more times than she can count. This is a love story filled with wit, humor, and outrageous circumstance. It's got more unexpected spins than a roulette wheel. Then there's five-year-old Hallie, Alec's daughter, a charmer who will take hold of your heart and never let go. Do enjoy Alec and Genny--and let me know which of the novels in the Night Trilogy you like best.

The Night Audrey Didn't Turn Carol DeVille, 2017-11-27 The Night Audrey Didn't Turn is a true story of nature and man, survival and rescue, life and death. It is the story of a family caught in the grip of Hurricane Audrey in 1957 when storm prediction was unreliable and communication was limited. In June of 1957, 13-yr-old Terrel DeVille went to visit his sister, Bernella Fontenot, and her family in Grand Chenier, Louisiana. Bernella, her husband, and their five children lived on a coastal road that ran east from Cameron and Grand Chenier and ended beyond their home in grassy marshes. Like most of the residents of Cameron Parish, they went to sleep on the evening of June 26 thinking the storm, a category 4 hurricane, was approaching the coast slowly and would turn east toward New Orleans, crossing the coast sometime late the next day. During the night, the storm sped up and did not turn. By dawn, the Fontenot's only escape route was blocked, and they had no choice but to weather the storm in their house. In their survival efforts, the family was

split into three groups, and those who survived would not come back together for more than twenty-four hours. This brief memoir is about the experience of Terrel DeVille as he remembers it sixty years later.

Lou Whittaker Lou Whittaker, 1995-07-31 * The only biography of this Northwest's climbing hero * Features 15 color photos * Remarkable stories of climbs on K2, Kangchenjunga, and Denali * Features stories about Jim Wickwire, Pete Schoening, John Roskelley, Joe Kennedy, Jr., Peter Whittaker, and Willi Unsoeld Lou Whittaker has been one of America's most respected climbers for more than four decades. He began his illustrious mountaineering career as a teenager in the Pacific Northwest, climbing insatiably with his twin brother, Jim. He earned coveted spots on expeditions to formidable peaks in Alaska, the Himalaya, and the Karakoram, and went on to lead the expedition that made the first American ascent of the North Col on Everest in 1984. To Northwesterners, Lou's name is synonymous with Mount Rainier, where he has guided thousands to its summit since his own first ascent of the mountain at age 19. In Lou Whittaker: Memoirs of a Mountain Guide, Lou is at his storytelling best as he shares adventures and wisdom honed from the wild times of his youth to his more recent climbs with some of the country's best mountaineers. Tales of life as a young mountain rescuer, and later as mentor to others, are filled with his trademark humor, boundless energy, and compassion. He weaves his simple and practical philosophy through memories of climbing with Jim Wickwire, Pete Schoening, John Roskelley, Joe Kennedy, Jr., and a host of other celebrities and VIPs. He recounts amazing episodes on Mount McKinley, K2, Everest, Kangchenjunga, and his beloved Mount Rainier. Evident and inspiring throughout are his love for climbing and for life --

even amidst the loss of friends and promising young proteges. When it comes down to dying, Lou says, I want to know what it is like to have really lived.

Storm Warning Nancy Mathis, 2008-03-04 Veteran journalist Mathis has produced a compulsively readable account of one of the most terrible tornadoes in history--a mile-wide F5 twister--and the extraordinary people who kept it from becoming the deadliest.

Storm Front Leo J. Maloney, 2022-01-25 The second installment in acclaimed Black-Ops thriller author Leo J. Maloney's spin-off series featuring Alex Morgan, daughter of Zeta operative Dan Morgan. STORM FRONT Ares, an insidious challenger to the Zeta group, is sowing conflict around the world, orchestrating an explosive endgame. Identifying the next target as a cruise ship on the Coral Sea, Zeta sends undercover operatives Alex Morgan and Alicia Schmitt to avert catastrophe. Infiltrating the crew and passengers is easy for the skilled agents—but also for the fortified and highly trained extremists, who topple security and gain control of the ship. The attackers' demands: inconceivable. Their threats: immediate. As a massive storm bears down off the Australian coast, Alex and Alicia are outnumbered, outgunned, and out to sea. In full chaos mode, Alex shores up her last defenses, unaware that someone close to her could shift the odds in her favor—or against her. Ares has every advantage in this operation, but they have overlooked one key thing. Never underestimate a Zeta agent . . . especially one whose last name is Morgan. Praise for Leo J. Maloney and His Novels “Utterly compelling.” —Jeffery Deaver “Fine writing and real insider knowledge.” —Lee Child “Rings with authenticity.” —John Gilstrap “A ripping story!” —Meg Gardiner “The new master of the modern spy game.” —Mark Sullivan
