Weather on the Air Robert Henson,2013-01-22 From low humor to high drama, TV weather reporting has encompassed an enormous range of styles and approaches, triggering chuckles, infuriating the masses, and at times even saving lives. In *Weather on the Air*, meteorologist and science journalist Robert Henson covers it all—the people, technology, science, and show business that combine to deliver the weather to the public each day. Featuring the long-term drive to professionalize weathercasting; the complex relations between government and private forecasters; and the effects of climate-change science and the Internet on today's broadcasts. With dozens of photos and anecdotes illuminating the many forces that have shaped weather broadcasts over the years, this engaging study will be an invaluable tool for students of broadcast meteorology and mass communication and an entertaining read for anyone fascinated by the public face of weather.

Her prize was a movie contract at RKO and a memorable stage name--Gale Storm. One of the United States' most beloved entertainers, she appeared in 35 films, starred in two hit television series (one was My Little Margie) and earned a gold record for I Hear You Knockin'. The Imperfect Storm: From Henry Street to Hollywood Howard Storm, Steve Stoliar, THE IMPERFECT STORM: From Henry Street To Hollywood is the improbable – and vastly entertaining – story of Howard Storm (nee Howard Sobel), who grew up on the mean streets of New York’s Lower East Side during the Great Depression and went on to become a successful standup comic, actor, improv teacher, and television director. In the world of entertainment, Howard’s hilarious storytelling prowess is legendary. After years of friends demanding he set these stories down in book form, he finally did it, with the help of author Steve Stoliar (RAISED EYEBROWS: My Years Inside Groucho’s House). THE IMPERFECT STORM is filled with funny, shocking, sometimes bittersweet stories about playing rough-and-tumble mob-owned clubs in the ‘50s, graduating to big-time clubs in the ‘60s, directing such classic TV shows as RHODA, LAVERNE & SHIRLEY, MORK & MINDY, TAXI and EVERYBODY LOVES RAYMOND, and much, much more. Along the way, there are previously

unpublished photos and never-before-told stories about such immortals as Judy Garland, Cary Grant, Frank Sinatra, Lucille Ball, Desi Arnaz, Woody Allen, Lenny Bruce, Valerie Harper, Joan Rivers, Don Rickles, Jonathan Winters, and Robin Williams, just to shave the tip off the iceberg. A remarkable tale, from start to finish. "A terrific book. Great show-business stories, celebrities, gangsters, prizefighters – all fresh tales, hilariously told by a guy who really knows how to tell them." — Woody Allen "What a humorously entertaining and immersing autobiography!!! It makes one feel they're on an extended car-trip with a favorite uncle through the glory days of show-biz; from vaudeville to the Catskills to Broadway to Hollywood sit-coms. (And had I known Howard was so 'connected,' I would have gotten to work on time!) This amazing trip through time is certainly worth the ride." — Pam Dawber "One of the most life-affirming reads ever. Howard Storm is an American Master." — Richard Lewis

Venetian-English English-Venetian Lodovico Pizzati, 2007 Hard not to be florid about this book Devoured in snippets or read straight through. It presents amazing experiences and skills. Because Marc-Charles Nicolas has a brilliantly delicate appreciation for the idea of a sentence in a poem, the juxtapositions of segments in these pages appear essentially to construct entire topics for mediation. Examined along and the dawns increase and multiply--- inspirations, love, feelings, locations, events hitherto isolated are now all hooks-and-eyes into each other. And because Marc-Charles gets his inspiration from the muse, you feel the exquisiteness and beauty buried in shattered phrases about the universality of poetry. As a poet he belongs to a life larger than his own. The life of genuine things. And (One more performance worth a word): the poems in his book Perfumed Paradise are filled with aboutness'. Put together as they are, they're seen to abound with roots: their laughter or melancholy or ire has discernible reasons. The humanness of poem-writing as a hobby, the splendid unavailability of it ---that is what this compilation brings together. But floridity was to be kept away.

One cloudless day---pace the anti-sentimentalists: life is short I sat in the sun and by a Brook with a friend and passed pages of this manuscript from side to side, reading fragments aloud, laughing quietly or looking grave, occasionally thrilled and bemused. A while back, this was, yet I remember no happier afternoon. The poems were written originally in French 13 years ago in the year 1993, delicious remembrance - fantastic book! Virgo A. Bernice

Mighty Storms of New England Eric P. Fisher,2021-10-21 The New England landscape has long been battered by some of the most intense weather in the United States. The region breeds one of the highest concentrations of meteorologists in the country for a reason. One can experience just about anything except a dust storm. Snowstorms, floods, droughts, heat waves, arctic blasts, hurricanes, tornadoes, wildfires, and other atmospheric oddities come and go with the changing seasons. Rare is the boring year of weather. Knowing the past is a critical part of understanding and

forecasting the weather. Meteorologist Eric Fisher takes an in depth look at some of the most intense weather events in New England's history. The stories in this book not only describe the loss and the damage caused by the storms, but also how nearly all of them in left such an impression that they immediately led to progress where new warnings systems were implemented, government agencies formed, and technology accelerated in response to the devastation these events left behind.
