*Two* Kathryn Otoshi, 2014 TWO's best friend is ONE ... until THREE jumps in between them. A powerful story of friendship, loss, letting go, and self-discovery--Publisher.

*Fried Walleye and Cherry Pie* Peggy Wolff, 2020-03-01 With its corn by the acre, beef on the hoof, Quaker Oats, and Kraft Mac n' Cheese, the Midwest eats pretty well and feeds the nation on the side. But there's more to the midwestern kitchen and palate than the farm food and sizable portions the region is best known for beyond its borders. It is to these heartland specialties, from the heartwarming to the downright weird, that *Fried Walleye and Cherry Pie* invites the reader. The volume brings to the table an illustrious gathering of thirty midwestern writers with something to say about the gustatory pleasures and peculiarities of the region. In a meditation on comfort food, Elizabeth Berg recalls her aunt's meatloaf. Stuart Dybek takes us on a school field trip to a slaughtering house, while Peter Sagal grapples with the ethics of paté. Parsing Cincinnati five-way chili, Robert Olmstead digresses into questions of Aztec culture. Harry Mark Petrakis reflects on owning a South Side Chicago lunchroom, while Bonnie Jo Campbell nurses a sweet tooth through a fudge recipe in the *Joy of Cooking* and Lorna Landvik nibbles her way through the Minnesota State Fair. These are just a sampling of what makes *Fried Walleye and Cherry Pie*--with its generous helpings of laughter, culinary confession, and information--an irresistible literary feast.

*Two and Two* Rafe Bartholomew, 2017-05-09 A deeply stirring memoir of fathers, sons, and the oldest bar in New York City. Since it opened in 1854, McSorley's Old Ale House has been a New York institution. This is the landmark watering hole where Abraham Lincoln campaigned and Boss Tweed kicked back with the Tammany Hall machine. Where a pair of Houdini's handcuffs found their final resting place. And where soldiers left behind wishbones before departing for the First World War, never to return and collect them. Many of the bar's traditions remain intact, from the newspaper-covered walls to the plates of cheese and raw onions, the sawdust-strewn floors to the tall-tales told by its bartenders. But in addition to the bar's rich history, McSorley's is home to a deeply personal story about two men: Rafe Bartholomew, the writer who grew up in the landmark pub, and his father, Geoffrey Bart Bartholomew, a career bartender who has been working the taps for forty-five years. On weekends, Rafe Bartholomew would tag along for the early hours of his dad's shift, polishing brass doorknobs, watching over the bar cats, and handling other odd jobs until he grew old enough to join Bart behind the bar. McSorley's was a place of bizarre rituals, bawdy humor, and tasks as unique as the bar itself: protecting the decades-old dust that had gathered on treasured artifacts; shot-putting thirty-pound grease traps into high-walled Dumpsters; and trying to keep McSorley's open through the worst of Hurricane Sandy. But for Rafe, the bar means home. It's the place where he and his father have worked side by side, serving light and dark ale, always in pairs, the way it's always been done. Where they've celebrated victories, like the publication of his father's first book of poetry, and coped with misfortune, like the death of Rafe's mother. Where Rafe learned to be part of something bigger than himself and also how to be his own man. By turns touching, crude, and wildly funny, Rafe's story reveals universal truths about family, loss, and the bursting history of one of New York's most beloved institutions.

*Two by Two* Nicholas Sparks, 2016-10-04 'When it comes to tales about love, Nicholas Sparks is one of the undisputed kings' Heat Sometimes the end is just the beginning . . . From the author of *The Notebook* and *See Me* comes a beautiful story of heartbreak, strength and unconditional love that will capture your heart. Russell Green has it all: a loving family, a successful career and a beautiful house. But underneath his seemingly perfect world, cracks are beginning to appear . . . and no one is more surprised than Russ when the life he took for granted is turned upside down. Finding himself single-handedly caring for his young daughter, while trying to launch his own business, the only thing Russ knows is that he must shelter his little girl from the consequences of these changes. As Russ embarks on this daunting and unexpected new chapter of his life, a chance encounter will challenge him to find a happiness beyond anything he could ever have imagined.

**Two Arabic Travel Books** Abū Zayd al-Sīrāfī, Aḥmad ibn Faḍlān, 2014-12-08 In its ports, we find a priceless cargo of information; here are the first foreign descriptions of tea and porcelain, a panorama of unusual social practices, cannibal islands, and Indian holy men--a marvelous, mundane world, contained in the compass of a novella. In *Mission to the Volga*, we move north on a diplomatic mission from Baghdad to the upper reaches of the Volga River in what is now central Russia. This colorful documentary by Ibn Fadlan relates the trials and tribulations of an embassy of diplomats and missionaries sent by caliph al-Muqtadir to deliver political and religious instruction to the recently-converted King of the Bulgars. During eleven months of grueling travel, Ibn Fadlan records the marvels he witnesses on his journey, including an aurora borealis and the white nights of the North. Crucially, he offers a description of the Viking Rus, including their customs, clothing, tattoos, and a striking account of a ship funeral.

The Book of Two Ways Jodi Picoult, 2020-09-22 #1 NEW YORK TIMES BESTSELLER • From the author of *Small Great Things* and *A Spark of Light* comes a "powerful" (The Washington Post) novel about the choices that alter the course of our lives. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY MARIE CLAIRE Everything changes in a single moment for Dawn Edelstein. She's on a plane when the flight attendant makes an announcement: Prepare for a crash landing. She braces herself as thoughts flash through her mind. The shocking thing is, the thoughts are not of her husband but of a man she last saw fifteen years ago: Wyatt Armstrong. Dawn, miraculously, survives the crash, but so do all the doubts that have suddenly been raised. She has led a good life. Back in Boston, there is her husband, Brian, their beloved daughter, and her work as a death doula, in which she helps ease the transition between life and death for her clients. But somewhere in Egypt is Wyatt Armstrong, who works as an archaeologist unearthing ancient burial sites, a career Dawn once studied for but was forced to abandon when life suddenly intervened. And now, when it seems that fate is offering her second chances, she is not as sure of the choice she once made. After the crash landing, the airline ensures that the survivors are seen by a doctor, then offers transportation to wherever they

want to go. The obvious destination is to fly home, but she could take another path: return to the archaeological site she left years before, reconnect with Wyatt and their unresolved history, and maybe even complete her research on The Book of Two Ways—the first known map of the afterlife. As the story unfolds, Dawn's two possible futures unspool side by side, as do the secrets and doubts long buried with them. Dawn must confront the questions she's never truly asked: What does a life well lived look like? When we leave this earth, what do we leave behind? Do we make choices . . . or do our choices make us? And who would you be if you hadn't turned out to be the person you are right now?

*Teacher/Pizza Guy* Jeff Kass, 2019-08-26 *Teacher/Pizza Guy* is a collection of autobiographical poems from the 2016–17 school year in which Jeff Kass worked as a full-time English teacher and a part-time director for a literary arts organization and still had to supplement his income by delivering pizzas a few nights a week. In the collection, Kass is unapologetically political without distracting from the poems themselves but rather adds layers and nuances to the fight for the middle class and for educators as a profession. The timing of this book is beyond relevant. As a public high school teacher in America, Kass's situation is not uncommon. In September 2018, *Time* published an article detailing how many public school teachers across the country and in a variety of environments work multiple jobs to help make ends meet. *Teacher/Pizza Guy* chronicles Kass's experience of teaching, directing, feeding people, and treading the delicate balance of holding himself accountable to his wife and kids, his students, his customers, and his own mental and physical health while working three jobs in contemporary America. The journey of that year was draining, at times daunting, at times satisfying, but always surprising. Many of the ideas for these poems were initially scribbled onto the backs of pizza receipts or scratched out during precious free moments amidst the chaos of the school day. A driving force behind the book is Philip Levine's poem *What Work Is*, which Kass believes attempts to examine not only the dignity and complexity of what we think physical, tangible work is but also the exhausting, albeit sometimes fulfilling nature of emotional work. *Teacher/Pizza Guy* is a funny and relatable collection for readers, thinkers, educators, and pizza lovers everywhere.

*The Color of a Flea's Eye* Joshua Chuang, Tim Griffin, 2020 Taryn Simon's 'The Color of a Flea's Eye' presents a history of the New York Public Library's Picture Collection—a legendary trove of more than one million prints, photographs, postcards, posters and images from disused books and periodicals. Since its inception in 1915, the Picture Collection has been a vital resource for writers, historians, artists, filmmakers, fashion designers and advertising agencies. In her work 'The Picture Collection' (2012-20), Simon (born 1975) highlighted the impulse to organize visual information, and pointed to the invisible hands behind seemingly neutral systems of image gathering. Each of Simon's photographs is made up of an array of images selected from a given subject folder, such as Chiaroscuro, Handshaking, Haircombing, Express Highways, Financial Panics, Israel, and Beards and Mustaches. In artfully overlapped compositions, only slices of the individual images are visible, each fragment suggesting its whole. Simon sees this extensive archive of images as the precursor to internet search engines. Such an unlikely futurity in the past is at the core of the Picture

Collection. The digital is foreshadowed in the analogue, at the same time that history?its classifications, its contents?seems the stuff of projection.

**The Hero: Book Two** David Rubin,2015-12-29 In ancient Greece the first superhero was born. Heracles, the son of Zeus, came into the world with strength, charm, and a fighting spirit. The Hero Book Two continues David Rubin's epic tale of Heracles in a postmodern look at the Twelve Labors and the champion's fateful doom. The story delves deep into his life, revealing those who would wish him harm on his meteoric rise to stardom, his tumultuous love affairs, and his incredibly heroic feats. Rubin's eclectic style will change the way you look at one of the most important Greek myths.

*Every Life Is on Fire* Jeremy England,2020-09-15 A preeminent physicist unveils a field-defining theory of the origins and purpose of life. Why are we alive? Most things in the universe aren't. And everything that is alive traces back to things that, puzzlingly, weren't. For centuries, the scientific question of life's origins has confounded us. But in *Every Life Is on Fire*, physicist Jeremy England argues that the answer has been under our noses the whole time, deep within the laws of thermodynamics. England explains how, counterintuitively, the very same forces that tend to tear things apart assembled the first living systems. But how life began isn't just a scientific question. We ask it because we want to know what it really means to be alive. So England, an ordained rabbi, uses his theory to examine how, if at all, science helps us find purpose in a vast and mysterious universe. In the tradition of Viktor Frankl's *Man's Search for Meaning*, *Every Life Is on Fire* is a profound testament to how something can come from nothing.

**Zero** Kathryn Otoshi,2010 A number/color book reminding us that it just takes one to make everyone count.

Love Is Enough Andrea Zanatelli,2022-01-11 In this truly beautiful book, Andrea Zanatelli combines his extraordinary artworks with a selection of classical love poetry by Anne Brontë, William Blake, Christina Rossetti, Elizabeth Dickinson, Percy Shelley, and many more. Drawing its inspiration from the past, *Love is Enough* references the decorative arts of a bygone era, and is a combination of romantic imagery, antique fabrics, and allegorical illustrations mixed with poems and mottos. Often mistaken for real embroidery pieces, the artworks are in fact very detailed and intricate digital collages, made to look and feel like handcrafted works.

**How To Two** David Soman,2019-03-19 From the co-creator of the New York Times bestselling *Ladybug Girl* series comes a joyful counting book about inclusivity, play, and the thrill of making new friends--from one to ten and back again. A quiet day at the playground turns into a boisterous park-wide adventure as one boy on the slide becomes two kids on the see-saw, then three jumping rope. Before long, ten new friends are playing like they've known one another forever. With its deceptively simple text and a rich visual narrative, *How to Two* is a playful counting and reverse-counting concept book as well as an exuberant celebration of inclusive play, friendship, and community. No two ways about it--this one is a delight. --Kirkus A joyous celebration of play...Seamless...Diverse. --The Horn Book (starred review) Inviting and welcoming. --BCCB (starred review) Dynamic. --Booklist Exciting. --Publishers Weekly

**War of Two** John Sedgwick, 2016-10-18 A provocative and penetrating investigation into the rivalry between Alexander Hamilton and Aaron Burr, whose infamous duel left the Founding Father dead and turned a sitting Vice President into a fugitive. In the summer of 1804, two of America's most eminent statesmen squared off, pistols raised, on a bluff along the Hudson River. Why would two such men risk not only their lives but the stability of the young country they helped forge? In War of Two, John Sedgwick explores the long-standing conflict between Founding Father Alexander Hamilton and Vice President Aaron Burr. Matching each other's ambition and skill as lawyers in New York, they later battled for power along political fault lines

that would decide—and define—the future of the United States. A series of letters between Burr and Hamilton suggests the duel was fought over an unflattering comment made at a dinner party. But another letter, written by Hamilton the night before the event, provides critical insight into his true motivation. It was addressed to former Speaker of the House Theodore Sedgwick, a trusted friend of both men, and the author’s own ancestor. John Sedgwick suggests that Hamilton saw Burr not merely as a personal rival but as a threat to the nation. It was a fear that would prove justified after Hamilton’s death... *Two Ropes* Bernard Robinson MD.,2017-09-21 Two Ropes is a carefully written true story about how a young Negro family realized success with the combined support derived from quiet friendships between Blacks and Whites existing in their strongly segregated hometown. Bernard and Shirley Robinson participated in constructive efforts to penetrate and eliminate racial barriers in their Southern hometown by successfully integrating their respective local university and high school. Their successes were aided by key quiet friendships and collaborations between Negro and Caucasian supporters. In those days, open friendships between Whites and Negro people were not politically healthy for anyone and could even be dangerous. Two Ropes reveals and honors some of those risky friendships in an illustrative and inspirational manner. The book is an easy read, making the point of how much greater America could be if all Americans were free to associate and contribute to the best of their innate abilities without prejudice.
