*Field Guide to Covering Local News* Fred Bayles,2012 In the latest installment of the Field Guide series, Fred Bayles takes you step-by-step through the process of identifying and covering the events and issues that matter most to your community. For the five local beats—cops, courts, emergencies, schools, and government—you'll learn where to go for information and how to organize and present the stories your neighbors want and need. An overview of tools and techniques include tips on how to find sources, conduct interviews, work with editors, tap the power of the crowd and think multimedia. Then, for each beat, you'll get specifics on: People: The best official and unofficial sources of info, and what to ask them. Places: Where to go on the beat, and what to look for while you're there. Documents: Where to find records in offices and online, how to decipher and use them. Stories: Overview of common story types and how to go beyond them. Resources: Glossary of key terms, checklists, helpful web links.

EL Excellence Every Day Tonya Ward Singer,2018-01-30 You have to see this book to believe this book. And once you use this book it will quickly become your most treasured teaching resource. What exactly is so remarkable? All of the best teaching tools in language and literacy are at your fingertips! Just flip to that strategy you want to learn or that literacy goal you want to reach for a wealth of ready-to-use resources to actively engage learners, build academic language, and strategically support literacy instruction. Much more than a resource for EL specialists, *EL Excellence Every Day* is written for every teacher, with a singular focus on improving the ways we all differentiate literacy instruction. Busy teachers especially will appreciate: Over 85 flip-to strategies that help you engage and support all learners 200+ prompts and linguistic scaffolds to facilitate academic conversations connected to specific literacy goals Lesson-ready resources for essential literacy goals: anticipate before reading, read to understand, read to analyze and infer, and write with text evidence Formative assessment tasks and if/then charts for personalizing teaching to every student Differentiation guides that demonstrate how to adjust supports across EL proficiency levels Intuitive, color-coded design so you can find what you need, when you need it No one lesson or strategy is ever the perfect solution for every student. No one student learns in the same way. If there's one universal truth in teaching it's that every child is unique. Devour this book and soon enough you'll provide the excellent literacy instruction each and every student deserves each and every day. "We need resources that clearly and quickly help us to meet diverse instructional needs every day in every classroom. Tonya Ward Singer's *EL Excellence Every Day: The Flip-to Guide for Differentiating Academic Literacy* is such a resource." --JEFF ZWIERS, from the foreword

*A History of Cyber Security Attacks* Bruce Middleton,2017-07-28 Stories of cyberattacks dominate the headlines. Whether it is theft of massive amounts of personally identifiable information or the latest intrusion of foreign governments in U.S. government and industrial sites, cyberattacks are now important. For professionals and the public, knowing how the attacks are launched and succeed is vital to ensuring cyber security. The book provides a concise summary in a historical context of the major global cyber security attacks since 1980. Each attack covered contains an overview of the incident

in layman terms, followed by a technical details section, and culminating in a lessons learned and recommendations section.

*B2B Brand Management* Philip Kotler,Waldemar Pfoertsch,2006-09-22 This is one of the first books to probe deeply into the art and science of branding industrial products. The book comes at a time when more industrial companies need to start using branding in a sophisticated way. It provides the concepts, the theory, and dozens of cases illustrating the successful branding of industrial goods. It offers strategies for a successful development of branding concepts for business markets and explains the benefits and the value a business, product or service provides to industrial customers. As industrial companies are turning to branding this book provides the best practices and hands-on advice for B2B brand management.

The eBay Business Answer Book Cliff ENNICO,2008-05-23 Each day, more and more eBay sellers are getting serious about their entrepreneurial efforts. Whether they see their eBay business as a modest addition to their revenue or a potentially full-time venture, they need expert advice on how to do it right. In *The eBay Business Answer Book*, popular eBay University instructor Cliff Ennico provides readers with much-needed guidance in response to their most commonly asked questions, including: • What are the things I have to do—both online and offline—to start selling professionally on eBay? • Where do I find inventory? • Should I set up an eBay store? • My winning bidder won't pay me—what do I do now? • When do I charge taxes—and when do I pay them? • How should I keep track of all my eBay business records? • What do I need to know about dealing with international buyers? Filled with in-depth, easily understood answers to real questions readers can flip to as-needed, this is a one-of-a-kind resource for any eBay seller.

*The Package King* Joe Allen,2020-04-07 “An incisive history” of how a bicycle messenger service in Seattle became a global behemoth, and the labor battles along the way (Dissent). We may see their trademark brown trucks everywhere today, but few people know the behind-the-scenes story of United Parcel Service and how it became one of America’s most admired companies. This book reveals how UPS managed to displace General Motors—the very symbol of American capitalism—to become the largest private-sector unionized employer in the United States; its long, tumultuous history with the International Brotherhood of Teamsters; and its effects on its workers and surrounding communities. It also explores the question of its future in the age of Amazon—as it battles to hold on to the throne of the Package King. “Get a copy of Allen’s book for yourself and then pass it on to a UPS driver the next time you get a delivery. She is part of the most organized section of what is possibly the most important industry in 21st-century capitalism, and the outcome of her story will have a lot to do with what our world looks like on the other side of this pandemic.” –Independent

The Big Pivot Fred Ross,2020-11-28 Pivot from being a corporate slave to controlling your future. Learn how you can start, buy and grow a small business even if you have little to no money,

*EBay Business at Your Fingertips* Kevin W. Boyd,2008 A practical handbook for aspiring eBay® entrepreneurs explains how to run a successful business on the online auction site, with coverage of all the auction management tools, tips on conducting marketing research, guidelines on how to use PayPal®, and other essential topics. Original.

**Inverting the Paradox of Excellence** Vivek Kale, 2014-07-14 Over time, overemphasis and adherence to the same proven routines that helped your organization achieve success can also lead to its decline resulting from organizational inertia, complacency, and inflexibility. Drawing lessons from one of the best models of success, the evolutionary model, Inverting the Paradox of Excellence explains why your organization must proactively seek out changes or variations on a continuous basis for ensuring excellence by testing out a continuum of opportunities and advantages. In other words, to maintain excellence, the company must be in a constant state of flux! The book introduces the patterns and anti-patterns of excellence and includes detailed case studies based on different dimensions of variations, including shared values variations, structure variations, and staff variations. It presents these case studies through the prism of the variations idea to help you visualize the difference of the case history approach presented here. The case studies illustrate the different dimensions of business variations available to help your organization in its quest towards achieving and sustaining excellence. The book extends a set of variations inspired by the pioneering McKinsey 7S model, namely shared values, strategy, structure, stuff, style, staff, skills, systems, and sequence. It includes case history segments for Toyota, Acer, eBay, ABB, Cisco, Blackberry, Tata, Samsung, Volvo, Charles Schwab, McDonald's, Scania, Starbucks, Google, Disney, and NUMMI. It also includes detailed case histories of GE, IBM, and UPS.

**The New Technology Elite** Vinnie Mirchandani, 2012-03-27 How-to guidance for optimizing incumbent technologies to deliver a better product and gain competitive advantage Their zip codes are far from Silicon Valley. Their SIC codes show retail, automobile or banking. But industry after industry is waking up to the opportunity of smart products and services for their increasingly tech-savvy customers. Traditionally technology buyers, they are learning to embed technology in their products and become technology vendors. In turn, if you analyze Apple, Google, Amazon, Facebook, Twitter and eBay, you marvel at their data centers, retail stores, application ecosystems, global supply chains, design shops. They are considered consumer tech but have better technology at larger scale than most enterprises. The old delineation of technology buyer and vendor is obsolete. There is a new definition for the technology elite - and you find them across industries and geographies. The 17 case studies and 4 guest columns spread through The New Technology Elite bring out the elite attributes in detail. Every organization will increasingly be benchmarked against these elite - and soon will be competing against them. Contrasts the productivity that Apple, Google and others have demonstrated in the last decade to that of the average enterprise technology group Reveals how to leverage what companies have learned from Google, Apple, Amazon.com, and Facebook to your company's advantage Designed for business practitioners, CEOs, CFOs, CIOs, technology vendors, venture capitalists, IT consultants, marketing executives, and policy makers Other titles by Vinnie Mirchandani: The New Polymath: Profiles in Compound-Technology Innovations If you're looking to encourage technology innovation, look no further. The New Technology Elite provides the building blocks your company needs to become innovative through incumbent technologies.

**Yarn Shop Start-Ups** Cassandra Allen-Brown, 2023-06-22 About the Book A Guide from Yarn Shoppe Denver on Crafting your Brick-and-Mortar Yarn Store or Boutique! Handcrafters, makers, and artisans dive in and learn how to turn

your skills, gifts and talents into a brick-and-mortar business! Cassandra Allen-Brown (CAB), was able to leave her thirty-three year career as a litigation paralegal and become the owner of an internationally recognized yarn shop. With her experience, she provides an in-depth guide on how to begin this exciting journey! Allen-Brown reviews the basics of how to visualize your business by planning and preparing your initial goals all the way through to marketing, creating your Google Business Map, choosing a good location for your brick-and-mortar, and hiring support staff. From there, she provides navigation for grand openings, growing your customer base with customer service excellence, hospitality, and how to balance your new professional and personal life. For anyone with dedication, commitment and a strong work ethic, and a talent for handcrafting, this book is the perfect beginners guide to starting you on your way to a successful, rewarding, and exciting storefront of your very own! About the Author Cassandra Allen-Brown is a retired litigation paralegal. After being diagnosed with lupus, she took some time off from work by quitting her job and returned to her love of crocheting. Having regained her health shortly thereafter, and retiring from the legal profession, she began her journey in fiber arts as a local yarn shop owner in the Central Business District in downtown Denver, Colorado. Her experience in corporate travel planning for attorneys transitioned into creating a travel division within her Yarn Shoppe for knitters and crocheters. Yarn Shoppe Denver is the official Travel Concierge for Knit and Crochet weekend get-aways! On a personal note, Allen-Brown is married to her wonderful husband and has two fantastic young adult kiddos, and one awesome granddaughter! They have been and continue to be very supportive of her journey.

**Spin Sucks** Gini Dietrich, 2014-02-20 Unleash Your Secret Weapon for Restoring Trust: Open, Honest Communications! Most PR books tell you how to "spin" your message. People are sick of that! **The Forty Plus Entrepreneur: How to Start a Successful Business in Your 40's, 50's and Beyond** Gary S. Goodman, 2018-10-09 At age 90 Jack Smiley wasn't thrilled with the community in which he retired, so he built his own. Today it provides him with a net income of \$40,000 each month. Famously, KFC's 65-year-old Kentucky Colonel Harlan Sanders supplemented a paltry Social Security check by franchising his unique recipe for fried poultry. Past 50, McDonald's Ray Kroc made a similar trek in multiplying by many thousands a few popular, golden-arched hamburger stands from San Bernardino, California. Contrary to popular mythology, entrepreneurship is not spearheaded mostly by baby-faced, technology-savvy postadolescents whose brands include Facebook and Apple. According to a recent study, fully 80 percent of all businesses are started up by people over 35. Amy Groth of Business Insider cites these reasons that fortune favors the old: First, older entrepreneurs have more life and work experience. In some cases they have decades of industry expertise - and a better understanding of what it truly takes to compete and succeed in the business world. Second, they also have much broader and vaster networks. Even if older entrepreneurs are seeking to start businesses in entirely different industries, they have deep connections from all walks of life - for example, a brother-in-law could be the perfect COO. Third, those over 50 have acquired more wealth and better credit histories (which helps with securing loans) and are smarter with their finances. In this book from best-selling author Gary Goodman you'll discover: Supporters are everywhere: Your age cohort is the wealthiest! Now is the time to cash in your wisdom. Overcoming false beliefs and self-sabotage: why the only person holding you back is you. The Giraffe Syndrome: why the first step is the scariest. Busting age myths: Nobody will work with me at my age!, My best years are behind me, It takes money to make money, and more.

Trucking in the Age of Information Dale Belman, Chelsea White, 2018-01-18 Trucking in the Age of Information provides a comprehensive overview of the contemporary trucking industry. Prior research on trucking has focused on the effects of deregulation on the industry, but the industry's current transformation is driven by information technology, emerging business strategies, globalization of commodity production and the rise of package express and logistics. The volume brings together acknowledged and emerging scholars of the industry including Thomas Corsi (University of Maryland), Chelsea White III (Georgia Tech), Starr McMullen (Oregon State University), Will Mitchell (Duke University), Jeff Liker (University of Michigan), Francine LaFontaine (University of Michigan), Kristen Monaco (California State University at Long Beach) and Michael Conyngham (International Brotherhood of Teamsters) to address issues including technological change, third party logistics, lean trucking, driver safety and health, homeland security and the consolidation of trucking services. Each chapter provides an overview of industry issues and a discussion of current research.
