The Story of Reason in Islam Sari Nusseibeh, 2016-11-09 In *The Story of Reason in Islam*, leading public intellectual and political activist Sari Nusseibeh narrates a sweeping intellectual history—a quest for knowledge inspired by the Qu'ran and its language, a quest that employed Reason in the service of Faith. Eschewing the conventional separation of Faith and Reason, he takes a fresh look at why and how Islamic reasoning evolved over time. He surveys the different Islamic schools of thought and how they dealt with major philosophical issues, showing that Reason pervaded all disciplines, from philosophy and science to language, poetry, and law. Along the way, the best known Muslim philosophers are introduced in a new light. Countering received chronologies, in this story Reason reaches its zenith in the early seventeenth century; it then trails off, its demise as sudden as its appearance. Thereafter, Reason loses out to passive belief, lifeless logic, and a self-contained legalism—in other words, to a less flexible Islam. Nusseibeh's speculations as to why this occurred focus on the fortunes and misfortunes of classical Arabic in the Islamic world. Change, he suggests, may only come from the revivification of language itself.

Stories from Exceptional Language Learners Who Have Achieved Nativelike Proficiency Katarina Mentzelopoulos, Zoltán Dörnyei, 2022-10-25 It is generally understood that most language learners beyond a certain age are unlikely to ever reach nativelike proficiency in their second language. However, there exists a unique population of gifted adult learners who do triumph against all odds and achieve nativelike proficiency, and their learning experiences have thus far remained a largely untapped gold mine. The

companion to *Lessons from Exceptional Language Learners Who Have Achieved Nativelike Proficiency*, this volume presents the autobiographical learning stories of 30 such exceptional individuals, opening a narrative window into their learning experiences. This rich corpus of success stories reveals the many steps of these language learning journeys and the learners' pathways to success. A fascinating and readable collection of personal stories, this volume will be of interest to non-specialist language learners as a motivational primer for their own studies as well as researchers working in language learning psychology, who will find the unique database of learner narratives a useful tool for future research.

Anniversaries Uwe Johnson, 2018 A landmark of 20th Century literature about New York in the late 1960s, now in English for the first time. As a novel, Uwe Johnson's masterpiece, *Anniversaries*, is at once daringly simple in conception and wonderfully complex and engaging in effect. Late in 1967, Johnson, already one of the most celebrated German novelists of his generation, set out to write a book that would take the form of an entry for every day of the year that lay ahead. The first section was dated August 20, and Johnson had of course no idea what the year would bring--that was part of the challenge--but he did have his main character--Gesine Cresspahl, a German emigre living on the Upper West Side of New York City and working as a translator for a bank who is the single mother of a ten-year-old daughter, Marie. The book would tell the story of a year in the life of this little family in relation to the unfolding story of the year, as winnowed from the pages of the *New York Times*, of which Gesine is a devoted if wary reader. These stories would in turn be overlaid by another--Gesine is 34, born just as Hitler was coming to

power, and she has decided to tell Marie the story of her grandparents' lives and of her own rural childhood in Nazi Germany. It is important that Marie know where and what she comes from. The days of the year are also anniversaries of years past. The world that was and the world of the 1960s--with the struggle for civil rights leading to riots in American cities and, abroad, the escalating destruction of the Vietnam War--are, in the end, one world. *Anniversaries* was published in four volumes over the more than ten years that it took Johnson to write it, and as the volumes came out it became clear that this was one the great twentieth-century novels. The book courts comparison to Joyce's *Ulysses*, the book of a day, and to Proust's *In Search of Lost Time*, the book of a lifetime, but it stands apart in its dense polyphonic interplay of voices and stories. *Anniversaries* is many books--the book of a mother and daughter, of a family and its generations, of the country and the city, and of two times and two countries that seem farther apart perhaps than they are. It is a novel of private life, a political novel, and a new kind of historical novel, reckoning not only with past history but with history in the making. Monumental and intimate, sweeping in vision and full of incident, richly detailed and endlessly absorbing, *Anniversaries*, now for the first time available in English in a brilliant new translation by Damion Searls, is nothing short of a revelation.

Contemporary German Stories: Peter Handke, Friederike Mayröcker, Uwe Timm, and Others A. Leslie Willson, 1998-11-01 Expertly introduced and edited by A. Leslie Willson, the present volume is a collection to read and cherish, and to reread: to pass along and talk about. Its broad themes of tragedy, satire, and carefully observed daily living make it a cross section of German life and liveliness over the second half of the 20th century.

The Sea View Has Me Again Patrick Wright, 2020-12-08 The story of Uwe Johnson, one of Germany's greatest and most-influential post-war writers, and how he came to live and work in Sheerness, Kent in the 1970s. Towards the end of 1974, a stranger arrived in the small town of Sheerness on the Isle of Sheppey in Kent. He could often be found sitting at the bar in the Napier Tavern, drinking lager and smoking Gauloises while flicking through the pages of the Kent Evening Post. Charles was the name he offered to his new acquaintances. But this unexpected immigrant was actually Uwe Johnson, originally from the Baltic province of Mecklenburg in the GDR, and already famous as the leading author of a divided Germany. What caused him to abandon West Berlin and spend the last nine years of his life in Sheerness, where he eventually completed his great New York novel *Anniversaries* in a house overlooking the outer reaches of the Thames Estuary? And what did he mean by detecting a moral utopia in a town that others, including his concerned friends, saw only as a busted slum on an island abandoned to deindustrialisation and a stranded Liberty ship full of unexploded bombs? Patrick Wright, who himself abandoned north Kent for Canada a few months before Johnson arrived, returns to the island that is all the world to uncover the story of the East German author's English decade, and to understand why his closely observed Kentish writings continue to speak with such clairvoyance in the age of Brexit. Guided in his encounters and researches by clues left by Johnson in his own island stories, the book is set in the 1970s, when North Sea oil and joining the European Economic Community seemed the last hope for bankrupt Britain. It opens out to provide an alternative version of modern British history: a history for the present, told through the rich and haunted landscapes of an often spurned downriver

mudbank, with a brilliant German answer to Robinson Crusoe as its primary witness.

The Weird & Wonderful Story of Gin Angela Youngman, 2022-04-06 “Dive into the history and culture of juniper spirits in this fun and informative book . . . a must-read for marketers and gin lovers alike.” —The Spirits Business Gin is a global alcoholic drink that has polarised opinion like no other, and its history has been a roller coaster, alternating between being immensely popular and utterly unfashionable. The Weird and Wonderful Story of Gin explores the exciting, interesting, and downright curious aspects of the drink, with crime, murder, poisons, fires, dramatic accidents, artists, legends, and disasters all playing a part. These dark themes are also frequently used to promote brands and drinks. Did you know that the Filipinos are the world’s biggest gin drinkers? And even that Jack the Ripper, Al Capone, and the Krays all have their place in the history of gin? Not to mention Sir Winston Churchill, Noel Coward, Sir Arthur Conan Doyle and James Bond! “Gin was the original Dutch courage and mothers’ ruin and there is drama, disaster, crime and royal patronage in its story as its fortunes lurch from being hugely popular to deeply unfashionable—and back again.” —Great British Life

The English Book and Its Marginalia Asako Nakai, 2022-06-08 This book is about books that recount the story of encountering another book. There are various versions of the story told and retold from the heyday of imperialism up to the present day (Homi Bhabha calls it the trope of ‘the discovery of the English book’); by considering each of these versions carefully, we may also give an alternative account of twentieth-century ‘English literature’ as the site of an intercultural discourse. This project is very much

inspired by debate on postcolonial theory, namely, the debate between Said and Bhabha. Part I is devoted to the discussion of Conrad, especially of *Heart of Darkness*, and investigates how the novella has continually been reproduced to the extent that it represents 'the English Book' of colonial/postcolonial literatures. The chapter on Hugh Clifford (Ch.3) is virtually the first intensive critique of his novels, such as Saleh (1908), with a particular focus on their intertextual relations with Conrad's texts. Part II examines how the story of the English Book is repeated and revised in the texts of the following authors: Joyce Cary, Isak Dinesen, V. S. Naipaul, Kaiko Takeshi, and Ngũgĩ wa Thiong'o.

Haus, Daniel Meyer-Dinkgräfe, 2021-08-25 This book presents to the reader a selection of the considerable amount of material written and published in relation to Heinz-Uwe Haus's productions of Brecht's plays and Brechtian productions by other dramatists, especially ancient Greek drama, in Cyprus and Greece since his production of *The Caucasian Chalk Circle* marked the launch of the Cyprus National Theatre in 1975 after the country's political turmoil that had culminated in the Turkish invasion. This includes material written by Haus at the time for his cast, announcements of the productions in the media, newspaper reviews and academic articles about the productions, conference contributions, and reflections by cast members (both professional actors and university faculty) and designers (set, costume, light, music). His work in Cyprus and Greece led to further collaborations on productions of ancient Greek plays across the world.

Utterly Brilliant! Timmy Mallett, 2020-01-16 'A vivid, beautifully written and often moving book, skilfully dovetailing memoir, history, art and a cycling pilgrimage across Europe into a unique and uplifting whole. If you think you know who Timmy Mallett is, you're in for a rewarding surprise!' PROFESSOR BRIAN COX 'A must read. This is a journey brimming with love and laughter that's also deeply moving. Timmy's glass isn't just half full, it's positively overflowing!' LORRAINE KELLY 'There aren't many people who would put themselves through this much to achieve their dream. Timmy has always aimed for the summit and, most importantly, remembers to smile and take time to reflect along the way.' CHRIS EVANS 'Timmy Mallett, I still have my WAC PAC and all its contents! You're the kind of hero who has probably influenced me more than I realize. What a lovely man!' KEITH LEMON 'The world is a dark and confusing place to be right now, but there are still times that make a person glad to be in it. Timmy's journey throughout this book is one of them.' THE SECRET FOOTBALLER 'I loved this book. It's absolutely delightful. An adventure told in a uniquely Timmy way, full of humour and charm.' MICHAELA STRACHAN, from the foreword In the spring of 2018, as the 'Beast from the East' hit northern Europe, Timmy needed every bit of his natural exuberance. He had undertaken to cycle 2,500 miles from his home to Santiago de Compostela in memory of his brother Martin, who was born with Down's syndrome and had died just a few days earlier. This was a journey of exploration, honouring Martin's outlook on life [RD1] that everyone can reach their potential. And so, with his painting gear strapped to his bike, Timmy (an increasingly renowned artist) set off. He was blessed by letters of support from the Archbishop of York, the Bishops of Oxford and Winchester, the then Prime Minister

Theresa May, Prince William and President Macron of France. Full of unexpected moments, Timmy's account of his pilgrimage along a route travelled by so many over the centuries weaves together history and biography in a hugely entertaining manner. It is undergirded by a touching faith and conveys, beyond all else, how important it is to live every moment of every day.

A Military History of Africa Timothy J. Stapleton, 2013-10-21 A detailed and thorough chronological overview of the history of warfare and military structures in Africa, covering ancient times to the present day. *A Military History of Africa* achieves a daunting task: it synthesizes decades of specialized academic research and literature—including the most recent material—to offer an accessible survey of Africa's military history, from the earliest times to the present day. The first volume examines the precolonial period beginning with warfare in ancient North Africa including ancient Egypt and Carthage and continues through the cavalry-based Muslim empires of the trans-Saharan trade and the wars of the slave trade in West and East Africa. The second volume focuses on the wars of European colonial conquest and African resistance during the late 19th century, African participation in both world wars, and the early violent struggles for independence from the 1950s and early 1960s. The third volume explores warfare in postcolonial Africa, including coverage of the impact of the global Cold War, conflicts in Southern Africa from the 1960s to 1980s, the development of postcolonial African armed forces, and civil wars sparked by the discovery of precious resources, such as diamonds in Sierra Leone. Readers of this three-volume work will understand how warfare and military structures have been consistently central to the development of African societies.

Cold War Spy Stories from Eastern Europe Valentina Glajar, Alison Lewis, Corina L. Petrescu, 2019-08-01 During the Cold War, stories of espionage became popular on both sides of the Iron Curtain, capturing the imagination of readers and filmgoers alike as secret police quietly engaged in surveillance under the shroud of impenetrable secrecy. And curiously, in the post-Cold War period there are no signs of this enthusiasm diminishing. The opening of secret police archives in many Eastern European countries has provided the opportunity to excavate and narrate for the first time forgotten spy stories. *Cold War Spy Stories from Eastern Europe* brings together a wide range of accounts compiled from the East German Stasi, the Romanian Securitate, and the Ukrainian KGB files. The stories are a complex amalgam of fact and fiction, history and imagination, past and present. These stories of collusion and complicity, betrayal and treason, right and wrong, and good and evil cast surprising new light on the question of Cold War certainties and divides.

Understanding Uwe Johnson Gary Lee Baker, 1999 An overview of the work of Uwe Johnson, concentrating on five of his novels, including *Ingrid Babendererde* and *Two Views*. A chapter dedicated to his life describes the themes that concerned Johnson in his scandalized existence in both Germanys, the USA and Great Britain.

Anniversaries, Volume 1 Uwe Johnson, 2021-07-27 The first volume of a titanic masterpiece of twentieth-century literature, named one of the best books of 2018 by The New York Times critics. Published to great acclaim as a two-part boxed set in 2018, *Anniversaries* is now available as two individual volumes. It is August 1967, and Gesine Cresspahl, born in Germany the year that Hitler came to power, a survivor of war, of Soviet occupation, and of East German Communism, has been living with her ten-year-old daughter, Marie, in New York City for six years. Mother and daughter find themselves caught up in the countless stories of the world around them: stories of work and school and their neighborhood, with its shifting and varied cast of characters, as well as the stories that Gesine reads in The New York Times every day—about Che Guevara, racial violence, the war in Vietnam, and the US elections to come. Now, with Marie growing up, Gesine has decided to tell her daughter the story of her own childhood in a small north German town in the 1930s and '40s. Amid memories of Germany's criminal and disastrous past and the daily barrage of news from a world in disarray, Gesine, conscientious, self-scrutinizing, with a sharp sense of humor, struggles to describe what she has learned over the years and what she hopes to pass on to Marie. Marie, articulate, quizzical, with a perspective that is very much her own, has plenty of questions, too. Uwe Johnson's intimate portrait of a mother and daughter is also a panorama of past and present history

and the world at large. Comparable in richness of invention and depth of feeling to Joyce's *Ulysses* and Proust's *In Search of Lost Time*, *Anniversaries* is one of the world's great novels.

Shaping Natural History and Settler Society Tanja Hammel, 2019-08-23 This book explores the life and work of Mary Elizabeth Barber, a British-born settler scientist who lived in the Cape during the nineteenth century. It provides a lens into a range of subjects within the history of knowledge and science, gender and social history, postcolonial, critical heritage and archival studies. The book examines the international importance of the life and works of a marginalized scientist, the instrumentalisation of science to settlers' political concerns and reveals the pivotal but largely silenced contribution of indigenous African experts. Including a variety of material, visual and textual sources, this study explores how these artefacts are archived and displayed in museums and critically analyses their content and silences. The book traces Barber's legacy across three continents in collections and archives, offering insights into the politics of memory and history-making. At the same time, it forges a nuanced argument, incorporating study of the North and South, the history of science and social history, and the past and the present.
