**Tree Story** Valerie Trouet, 2020-04-21 What if the stories of trees and people are more closely linked than we ever imagined? Winner of the World Wildlife Fund's 2020 Jan Wolkers Prize One of Science News's Favorite Books of 2020 A New York Times New and Noteworthy Book A 2020 Woodland Book of the Year Gold Winner of the 2020 Foreword INDIES Award in Ecology & Environment Bronze Winner of the 2021 Independent Publisher Book Award in Environment/Ecology People across the world know that to tell how old a tree is, you count its rings. Few people, however, know that research into tree rings has also made amazing contributions to our understanding of Earth's climate history and its influences on human civilization over the past 2,000 years. In her captivating book *Tree Story*, Valerie Trouet reveals how the seemingly simple and relatively familiar concept of counting tree rings has inspired far-reaching scientific breakthroughs that illuminate the complex interactions between nature and people. Trouet, a leading tree-ring scientist, takes us out into the field, from remote African villages to radioactive Russian forests, offering readers an insider's look at tree-ring research, a discipline known as dendrochronology. Tracing her own professional journey while exploring dendrochronology's history and applications, Trouet describes the basics of how tell-tale tree cores are collected and dated with ring-by-ring precision, explaining the unexpected and momentous insights we've gained from the resulting samples. Blending popular

science, travelogue, and cultural history, *Tree Story* highlights exciting findings of tree-ring research, including the fate of lost pirate treasure, successful strategies for surviving California wildfire, the secret to Genghis Khan's victories, the connection between Egyptian pharaohs and volcanoes, and even the role of olives in the fall of Rome. These fascinating tales are deftly woven together to show us how dendrochronology sheds light on global climate dynamics and uncovers the clear links between humans and our leafy neighbors. Trouet delights us with her dedication to the tangible appeal of studying trees, a discipline that has taken her to austere and beautiful landscapes around the globe and has enabled scientists to solve long-pondered mysteries of Earth and its human inhabitants.

**Enough Already** Valerie Bertinelli, 2022-01-18 Beloved actress, Food Network personality, and New York Times bestselling author Valerie Bertinelli reflects on life at sixty and beyond. Behind the

curtain of her happy on-screen persona, Valerie Bertinelli's life has been no easy ride, especially when it comes to her own self-image and self-worth. She waged a war against herself for years, learning to equate her value to her appearance as a child star on *One Day at a Time* and punishing herself in order to fit into the unachievable Hollywood mold. She struggled to make her marriage to Eddie Van Halen – the true love of her life – work, despite all the rifts the rock-star lifestyle created between them. She then watched her son follow in his father's footsteps, right up onto the stage of Van Halen concerts, and begin his own music career. And like so many women, she cared for her parents as their health declined and saw the roles of parent and child reverse. Through mourning the loss of her parents, discovering more about her family's past, and realizing how short life really is when she and her son lost Eddie, Valerie finally said, "Enough already!" to a lifelong battle with the scale and found a new path forward to joy and connection. Despite hardships and the pressures of the media industry to be something she's not, Valerie is, at last, accepting herself: she knows who she is, has discovered her self-worth, and has learned how to prioritize her health and happiness over her weight. With an intimate look into her insecurities, heartbreaks, losses, triumphs, and revelations, *Enough Already* is the story of Valerie's sometimes humorous, sometimes raw, but always honest journey to love herself and find joy in the everyday, in family, and in the food and memories we share. "This thoughtful, bighearted

book is sure to be a hit with Bertinelli fans and those with an appetite for stories of hard-won self-acceptance. A warmly intimate memoir.” – Kirkus Reviews “In a series of brutally frank essays, Bertinelli looks back on the emotional struggles and triumphs of her life. By turns raw and inspiring, this contains a little bit of wisdom for everyone.” – Publishers Weekly

Devotedly Valerie Shepard, 2019-02-01 Their paths to God’s purpose led them together. Many know the heroic story of Jim Elliot’s violent death in 1956, killed along with four other missionaries by a primitive Ecuadorian tribe they were seeking to reach. Many also know the prolific legacy of Elisabeth Elliot, whose inspiring influence on generations of believers through print, broadcast, and personal testimony continues to resonate, even after her own death in 2015. What many don’t know is the remarkable story of how these two stalwart personalities—single-mindedly devoted to pursuing God’s will for their young lives, certain their future callings would require them to sacrifice forever the blessings of marriage—found their hearts intertwined. Their paths to God’s purpose led them together. Now, for the first time, their only child—daughter Valerie Elliot Shepard—unseals never-before-published letters and private journals that capture in first-person intimacy the attraction, struggle, drama, and devotion that became a most unlikely love story. Riveting for old and young alike, this moving account of their personal lives shines as a gold mine of lived-out truth, hard-fought purity, and an insider’s view on two beloved Christian figures.

*Search Party* Valerie Trueblood, 2013-07-01 In the epigraph to this volume, Penelope Fitzgerald tells us: If a story begins with finding, it must end with searching, and so we discover each story here to follow the arc of a search, just as each also contains a rescue. What is immediately apparent is that it will be impossible to guess the form this rescue will take or even who it is who'll require it. Instead, the astonishingly talented Valerie Trueblood has imbued each story with its own depth and mystery, so rescue comes as a surprise to the reader, who is in intimate sympathy for the soul in extremity. And these are diverse characters whose fates, in lesser hands, might be thought of as hopeless: the fired cop turned security guard, the stolid, 19-year-old nurses' aide who will not be going to art school, the cynical radio producer who is dying of breast cancer and on a plane on her way to Lourdes. In these thirteen stories linked by a common transcendent human genius, the writing is confident and clear and original, and often drop-dead stunning, as if the stories are being told by the most casually eloquent among us.

**The Unforgettable Hero** Valerie Bowman, 2016-02-02 To escape a forced marriage to her loathsome, social-climbing cousin, Cecelia Harcourt banks on selling a romantic novel. But when she's hit by a coach on the way home from meeting a potential publisher and loses her memory, the accident leads to an encounter with a fascinating man. . . who she's convinced is the hero of her novel. Due to his brother's influence, Lieutenant Adam Hunt finds himself honorably discharged from the army. Adam intends to make his way in the world without

the help of a war-hero duke, brother or no. He finds his plans for independence sidetracked by a chance encounter with a lady whose memory has gone. She believes he's a hero. Can Adam become the man he was meant to be and fill that lofty role?

Criminals Valerie Trueblood, 2016-01-01 Valerie Trueblood is, simply put, one of the finest story writers who is currently working in the American language, as prize committees acknowledge. In this, her beautifully made third collection, each of the fifteen stories asks two defining questions: What kind of love story is this? as well as, Who here is exactly what kind of criminal? In *His Rank*, an armed man enters a bar to claim the girl he understands to be his destiny only to be told she has, the weekend before, married someone else. In *Skylab*, in which lovers have run away together to work medical relief in Malaysia, the young woman is reading the Koran to learn what it says about adulterers even as she waits for satellite debris to rain down on her. She'll be punished, won't she, for the crime of happiness? And in *The Bride of the Black Duck* a new widow falls in love with an entire complicated family in her neighborhood, with whom she's suddenly, irrevocably plighted her troth: she is theirs, just as they are hers. In *Criminals* the stories are linked by theme, the characters often tender, movingly, but flawed; that is they are realistic. Love is hard won. When violence erupts it too is utterly convincing. With her keen eye, her fabulous ear and her generous heart, Trueblood's aim is to find characters in moments

of true extremity when they are united in passion, connected not only to one another but to themselves. And—as with violence and as in real life—love erupts surprisingly, emerging out of the smooth blue surface of the mundane.

**Kit's Story Collection** Valerie Tripp, 2005-09 If Kit Kittredge could write her own story about how the Depression affected her family, she'd make sure it had a happy ending. But the reality is that she and her family are living through the Depression one grim day at a time. The Kittredges' boarding house brings in some money, but it may not be enough to keep them from losing their house. Kit struggles with an endless list of chores that keeps her constantly busy at home. But she knows that there are people who have lost even more than her family has because of the Depression, and she looks for ways to help. To her great surprise, Kit discovers that along with hard times come good times, too. Book jacket.

Valerie Sara Stridsberg, 2019-08-06 A fever dream of a novel—strangely funny, entirely unconventional—Valerie conjures the life, mind, and art of American firebrand Valerie Solanas In April 1988, Valerie Solanas—the writer, radical feminist, author of the SCUM Manifesto and would-be assassin of Andy Warhol—was discovered dead at fifty-two in her hotel room, in a grimy corner of San Francisco, alone, penniless, and surrounded by the typed pages of her last writings. In Valerie, a nameless narrator revisits the room where Solanas died, the courtroom where she was tried and convicted of attempting to murder Andy Warhol, the Georgia wastelands where she spent her

childhood and was repeatedly raped by her father and beaten by her alcoholic grandfather, and the mental hospitals where she was shut away. A leading feminist in Sweden and one of the most acclaimed writers in Scandinavia, Sara Stridsberg here blurs the boundaries between history and fiction, self-making and storytelling, madness and art, love and tragedy. Through imagined conversations and monologues, reminiscences and rantings, she reconstructs this most intriguing and enigmatic of women, reaching back in time to amplify her voice and bring her powerful, heartbreaking story into new light.

**Valerie Taylor: An Adventurous Life** Valerie Taylor, Ben McKelvey, 2019-09-24 At 83 years old, Valerie Taylor has lived a big, bold adventurous life. Born in Australia, Valerie spent a great deal of her childhood in New Zealand. A talented artist, she dropped out of school when she contracted polio and was saved by Sister Elizabeth Kenny's treatment plan; it was two years before she could walk unaided. When Valerie was fifteen, she found work as an animator and moved back to Australia with her family. All the while she thrived on being close to the ocean, and was a keen spear fisher. In the 1950s, she met Ron Taylor and then her real adventures started. Together they sailed all over the world, photographing and filming their travels for magazines, TV and movies, and making many documentaries. Valerie and Ron became interested in conservation, and focused on sharks in particular. They did all the shark work on *Jaws*, and James Cameron decided he wanted to become a

filmmaker because of Valerie and her husband. Valerie is working with the brilliant Ben McKelvey to share her story of falling in love with the ocean and with her husband, Ron. From trainee animator to Spielberg, from JAWS to BLUE LAGOON, this is the remarkable story of an incredible woman.

**Terrarium** Valerie Trueblood, 2019-08-27

Shortlisted for the Pacific Northwest Book Award  
Urgent, unnerving and tightly packed short fiction that covers enough ground for a library of novels. –The New York Times Book Review, Editors' Choice  
Valerie Trueblood's writing has been praised by The New York Times as an exercise in literary restraint and extreme empathy. Selected here are stories from her previous collections—finalists for the PEN/Faulkner Award and the Frank O'Connor International Short Story Award—alongside her newest collection, which lends this book its name. The new stories collected within *Terrarium* represent an exciting direction for the author: a condensing of narrative and, in some cases, a departure from it into another state of mind. It's hard to describe any of Trueblood's stories as typical. She does not write about people from a single class, or caste, or geographical area. She has not written a single story emblematic of her work. She does not write stories fantastical or eccentric. Ordinary life, her stories may be saying, is fantastical enough. She is more like Babel than Chekhov. In all her writing, it's clear that Trueblood believes that the short story can carry both the lightest and heaviest of loads. *Terrarium* highlights the achievement of simply

living, the stories within often unresolved but in a state of continuation, expansion. Trueblood's stories aren't merely about their subjects, they're inside them.

**Lost but Not Forgotten** Valerie

Hunsberger, 2016-08-04 This is a story of loss, heartache and deep emotional trials for Iva Magdalena Butler, a girl who grew up in the days of the Great Depression. Lost to her family for a time, she was never forgotten. Just as her family sought her for years, God was also seeking her and never forgot her. This story of redemption is a powerful testimonial to Gods redeeming love in Ivas life and for all the lost of this world.

*The Leopard Hat* Valerie Steiker, 2007-12-18 In this tender loving memoir, Valerie Steiker evokes a magical childhood on the Upper East side of New York with a woman whose own losses led her to delight in family, beauty and life itself. Valerie Steiker's Belgian Jewish mother, Gisèle—who, as a child in Antwerp, was hidden from the Nazis—wasn't a typical American mom. She spoke with throaty Belgian Rs and wore only high heels. Before her marriage, she had studied acting with Lee Strasburg and been a model in Mexico. With her vitality and elegance, she created a joyous childhood for Valerie and her sister. Together they tangoed through their vibrant Manhattan apartment, took in great art, and shared "women's hidden secrets." Gisèle's premature death left Valerie (at the time a junior at Harvard) unmoored, but in grieving and in finding her own path to womanhood, Valerie would ultimately grow to understand Gisèle more profoundly than she ever

had as a child. Beautifully evocative of a glamorous and now-vanished world, *The Leopard Hat* is an extraordinary memoir about the warm and indelible bond between mother and daughter.

Wartime Princess Valerie Wilding, 2012-09 Meet Queen Elizabeth II as a young princess! With the world's eyes on the Royal Family as the Queen celebrates her Diamond Jubilee, this timely title lets young readers meet Queen Elizabeth II as a young princess, doing her best to help her country during a time of war. It's 1939 and on a royal tour of Dartmouth Naval College, Princess Elizabeth (later Queen Elizabeth II) meets the dashing Prince Philip of Greece. When war breaks out across Europe, Philip is sent to serve in the navy and Elizabeth convinces her father the king to allow her to sign up for the war effort. Serving her country driving trucks and fixing cars, Elizabeth wonders if she'll ever see her prince again...

**A Girl Named Maria** Valerie S.

Kreutzer, 2008-12-23 She was found abandoned in the lavatory of a cafeteria in Bogota, Colombia. The police who picked her up named her Maria Consuelo. From a stack of would-be parents, Colombia's welfare agency chose Valerie Kreutzer's application, and the toddler quickly bonded with her new mom in Washington, DC. At school Maria struggled with severe learning disabilities despite a superior I.Q., but also blossomed into an award-winning young artist. Her impulsive behavior led to fits and false starts during adolescence, until she found happiness at twenty-one with David and his extended family. Their love

and lives ended in the curve of a rural road in Florida. *A Girl Named Maria* chronicles an adopted daughter's struggle with identity and her yearning for a birth family that may have included a twin brother. Maria's legacy lives on in this poignant personal story of one mother's unconditional love for her adopted daughter. "I loved this book! This story, although carrying the deep sorrow of a daughter's death, will give parents of transnational adoptions a guideline for their own experience. This book is a much needed addition to the adoption literature." Nancy Verrier, *The Primal Wound; Coming Home to Self*

*Valerie's Story (Individual stories from WISH YOU WERE HERE!, Book 3)* Lynn Russell, Neil Hanson, 2014-07-03 One of seven touching true stories from *Wish You Were Here!*, the tale of Butlin's holiday camps.

*The Unfinished Novel and Other Stories* Valerie Martin, 2007-12-18 From the Orange Prize-winning author of *Property* comes a vital and heartbreaking collection of short stories that turns an unflinching eye upon artists—driven and blocked, desired and detested, infamous and sublime—as they struggle beneath the tyranny of Art to reconcile their audience with their muse. • "A triumph"—The New Yorker A painter who owes his small success to a man he despises, discovers that his passivity has cost him the love that might have set him free. A writer of modest talents encounters the old love who once betrayed him; now she repels him, yet the unfinished novel she leaves in his hands may surpass anything he could ever produce

himself. An American poet in Rome finds herself forced to choose between her lover and a world so alien it takes her voice away. A print maker, who has reached a certain age, enters so deeply into the magical world of her imagination that she can never find her way back. In captivating, luminous prose, Martin explores the trials and rewards of human relationships and creative endeavor with all the ease and insight of a writer at the top of her form.

**Sea Lovers** Valerie Martin, 2015-08-18 From the bestselling author of *Mary Reilly* and the internationally acclaimed *Property*, a brilliant collection featuring Valerie Martin's finest short stories to date. For four decades Valerie Martin has been publishing novels and stories that demonstrate her incredible range as a writer, moving between realism and fantasy while employing a voice that is at once whimsical and tragic. The twelve stories in this collection showcase Martin's enviable control, precision, and grace and are organized around her three fictional obsessions—the natural world, the artistic sphere, and stunning transformations. In *The Change*, a journalist watches his menopausal wife, an engraver, create some of her eeriest and most affecting works even as she seems to be willfully destroying their marriage. In *The Open Door*, an American poet in Rome finds herself forced to choose between her lover and a world so alien it takes her voice away. *Sea Lovers* conjures up a hideous mermaid whose fatal seduction of a fisherman provides better reason than *Jaws* for staying out of the water. In *The Incident at*

Villedéau a respected gentleman confesses to killing his wife's former lover, an event that could be construed as an accident, an impulsive act, or a premeditated crime. Exploring themes of obsession, justice, passion, and duplicity, these drolly macabre stories buzz with tension.
