Vampire Storm R. Plaiscia, 2014-11-04 It was upon a mighty river's crescent where the last remaining remnants of Witchkind struggled for supremacy of their future. But before any wars could be fought, these witches first needed to survive the convergence of two massive storms, each holding ramifications of their own. One storm had been swirling across the warm coastal waters of their newly founded land, building strength as it did, one of fierce wind and deepening water - while the other had been following a great river southwards, tracing its course in search of his own identity, a storm of regenerating flesh and self-binding bones, and one with the ability to drag the fates of all the future along whichever path he chose. So as a swamp fills with water, three witches shall begin their silent battle for control of this new power, and thus the future. But not all of them will be able to escape this Vampire Storm with their lives.

The Vampire's Mark 2 Rachel Jonas, 2019-08-14 To some, having the attention of four princes might be a dream come true, but for Corina, it means four times the trouble. Escaping burning buildings, living off scraps, being hunted by vamps-those are storms she knows how to weather. It's having the entire world observe as she and the Dynasty's golden boys engage in a blood bond that has her shaken. For all she knows, it won't even produce a cure for the mysterious blood sickness like they're hoping, which could mean she'll be put to death anyway. And to make matters worse, as a side-effect of the bond, she finds herself falling for the very beasts she once pledged to remove from power by any means necessary. Talk about a conflict of interest. Vampire Trials: the Summoning Storm Song, 2020-05-18 Drax. Colt. Finn. The three vampire bad boys that have been terrorizing the night life of this city since they were old enough to know what a party was. On top of being insanely rich and handsomely supernatural there's one more thing that makes them untouchable- they're next in line to rule this city. For the last hundred years humans have been at the bottom of the food chain since the rise of supernaturals, and in our city vampires rule the roost. Divided into three different triads, each section of the city has a vampire governor who is fit to do as he pleases. Drax, Colt, and Finn are next in line for those thrones. To keep their subjects in line every five years they do a purge where every adult man is fair game for any vampire to feed on for twenty-four hours. To determine which triads need to participate in the purge and which one will be exempt, three people from each triad are summoned to partake in a sick and twisted game to survive. The winner gets to guarantee safety for their community. The losers die. For years I had kept my head down, followed every triad law, and focused on keeping my mother alive. But an announcement that women will now be included in the summoning turns my world upside down. The first person to be summoned from triad three is me. I came into this prepared to fight for my life, but what I didn't expect was the city's supernatural playboys' attraction to me. In the Vampire Trials only one thing matters to me- getting home to my mom. And when I say I'd do anything to get there, I mean it. But piece by piece the trials chip away at who I thought I was and what I thought I knew about supernaturals. The worst part? I love it.

Only Aris, who understands and can relate to making tough decisions, remains by her side. Desperate to make things right by getting the Abydos back, Lynx decides to face Ivona, the great fae witch, all on her own. But Ivona isn't who she thinks she is, and Lynx's worst nightmare comes true. Lives will be lost, and hearts will be broken. If Lynx and her roommates can't come together as true friends, all will be lost. Not just for them, but for the entire world. Once again this series has pulled off another home run! Final Storm... The Conclusion: A Werewolf Vampire Demon Romance A. R. Vagnetti, 2022-07 A girl, a werewolf, and a demon walk into a bar. Unfortunately, they're all the same person with an enraged vampire hot on their heels. Being possessed by the Demon of Lust sure amplifies a werewolf's secret crush on a certain vampire Guardian. Cellica Scott may be tied to his bed, but Christoph's harsh growls and meager resistance crumble to dust under the beast's erotic seduction. With her initial transition fast approaching and the demon's control becoming tougher to combat, Cellica escapes and embarks on a terrifying journey with a furious vampire hot on her heels. Christoph Nox's first loyalty is to his queen, the notoriously sarcastic Halfling, with a prophecy to uphold. The last thing he needed was to babysit his best friend's spirited little sister possessed by a Prince of Hell. The werewolf's wanton behavior drives him mad with lust, and the need to mark her as his has become an obsession. With the insatiable pull of the mate bond ripping him apart, his friendship with the Werewolf King hanging in the balance, the queen's birth of the first Daywalker King transforms into life-or-death. Will Nox get to Cellica before her pending transformation forever binds her soul to the demon? Or will Abigail-the witch with the ability to slaughter them all-destroy his reason for living? Author Note: If things like violence, blood, gore, references to rape, consensual BDSM play with explicit sexual scenes, menage play, graphic language, and demons are triggers for you, then move along; this is NOT the book for you. In fact, my entire Storm series is NOT for you.

As time dwindles and we try to gather the magical artifacts before them, mysteries of my life begin to unravel. I realize that in a magical world where nothing is as it seems, neither am I. I'm tested beyond my breaking point and I begin to question whether holding on to my humanity is even worth it. It's become so much bigger than my freedom alone. Now the weight of humanity rests on my shoulders, but as more supernatural things start to happen around me I start to question- Does that weight even

belong there?
