Fran Bromage

Velociraptor Fran Bromage,2019-12-15 Vicky the Velociraptor is very fast. While she loves to race through life, her speed often gets her into trouble, as readers will find out. They'll also discover that sometimes it's better to slow down and take your time while trying to accomplish a special goal. Engaging text and eye-catching illustrations will attract readers of all levels to this amusing tale.

Velociraptor David West,James Field,2007 A new series of books created for the reluctant reader as an introduction to the exciting world of dinosaurs and other prehistoric animals. Each book focuses on one species of dinosaur and tells their life story from egg to adulthood in four chapters. These graphic novel-style stories are an irresistible source of accessible information for young readers. Titles in the series: Tyrannosaurus Rex Velociraptor Triceratops Pteranodon

Velociraptor KidCaps,2012 There were plenty of giant animals around during the Age of Dinosaurs. This epoch ended 65 million years ago when a huge meteor hit the Earth and ushered in our current Age of Mammals. The Age of Dinosaurs saw herds of Triceratops move through what would become the western United States, eating ferns, cycads, and other exotic Cretaceous plants. Tyrannosaurus rex, one of the most powerful, huge meat-eaters ever to live on Earth lived in the same place at the same time. The smaller dinosaurs could be just as strange and interesting, though. One of these is velociraptor, a small dinosaur that lived in Mongolia, at the eastern end of the Old World just across the Bering Strait from what's now Alaska. Velociraptor is famous because of the "Jurassic Park" books and movies, but the real velociraptor, even though it was a meat-eater, wasn't as big or dangerous as the ones that appear in the movies. In this book, you'll learn all about what made this massive giant great--from what they looked like and ate to where they lived and what they did all day. KidCaps is an imprint of BookCaps; each month we are adding more history books (just for kids!) to our library. Stop by our website to learn more.
