One Day, The End Rebecca Kai Dotlich,2020-09-08 Very short, creative stories pair with bold illustrations in this picture book that will inspire young readers to stretch their imaginations and write stories of their own. One day. . . I went to school. I came home. The end, says our storyteller—a girl with a busy imagination and a thirst for adventure. The art tells a fuller tale of calamity on the way to school and an unpredictably happy ending. Each illustration in this inventive picture book captures multiple, unexpected, and funny storylines as the narrator shares her shorter-than-ever stories, ending with One day. . . I wanted to write a book. This book demonstrates a unique approach to writing and telling stories and is a delightful gift for children as well as for teachers seeking a mentor text for their classrooms.

This expert reference guide examines in detail the most successful small arms in use and how changes in warfare have affected how those weapons are used and have transformed the small arms industry. Professional soldiers, law enforcement officers and students and researchers of small arms will gain a working knowledge of the most common and successful urban combat weapons (including some currently in development).
