Doorway in the Storm Errol Pentony, 2010

Gulf War Review , 1997

Operation Desert Storm DIANE Publishing Company, 1995-08 Despite DOD and VA efforts to address the concerns of these and other Persian Gulf veterans, those we surveyed still expressed concerns about their health and dissatisfaction with services from DOD and VA. Most respondents were still in the reserves and almost all reported that they had health problems they believed were caused by their service in the Persian Gulf. Most also reported that these problems limited their physical and social activities to some extent. Because all of the individuals we surveyed had already expressed some concern about their health, the fact that they reported having health problems after returning from the Persian Gulf is not surprising. Over half of the respondents had taken advantage of medical services, either the special examinations or other health care, available to them through VA or DOD. Many, however, were dissatisfied with the medical care they received or were unaware of services available. DOD and VA have undertaken a variety of efforts to address the concerns raised by Persian Gulf veterans, including expanding the health examinations available to them. Also, in response to recent legislation, both agencies are expanding outreach efforts to better ensure that veterans are aware of services available. Whether these efforts will satisfy these veterans concerns remains to be seen.

Disposable Heroes Benjamin Fleury-Steiner, 2012-10-16 Disposable Heroes illuminates challenges facing many African American veterans. Rather than finding military service to be a path to upward mobility, these veterans fight just to survive. Drawing on in-depth interviews with veterans of Vietnam and recent wars, as well as national survey data, the book shows the ways America fails black veterans today.

Riders on the Storm Ed Gorman, 2020-02-11 Sam McCain investigates the murder of a friend involved in an anti-Vietnam War group in this thrilling series finale by the Shamus Award-winning author. Iowa, 1971. When we last encountered Sam McCain, in author Ed Gorman's "absorbing mystery" Ticket to Ride, he had been drafted to fight the war in Vietnam (Booklist). But Sam's military career ended in boot camp when he was accidentally shot in the head and forced to spend three months recovering at a military hospital. Now Sam's back in Black River Falls, where he works as a lawyer and investigator, just in time to witness two of his oldest friends come to blows. Veteran Steve Donovan savagely beats his friend and fellow veteran Will Cullen when Will joins an antiwar group. Then Will is found murdered and Steve becomes the primary suspect. But there are others in Black River Falls with reason to want Will dead. And Sam suspects he'll discover even more before his investigation is over.

Storm of the Century Willie Drye, 2019-08-01 In 1934, hundreds of jobless World War I veterans were sent to the remote Florida Keys to build a highway from Miami to Key West. The Roosevelt Administration was making a genuine effort to help these down-and-out vets, many of whom suffered from what is known today as post-traumatic stress disorder. But the attempt to help them turned into a tragedy. The supervisors in charge of the veterans misunderstood the danger posed by hurricanes in the low-lying Florida Keys. In late August 1935, a small, stealthy tropical storm crossed the Bahamas, causing little damage. When it entered the Straits of Florida, however, it exploded into one of the most powerful hurricanes on record. But US Weather Bureau forecasters could only guess at its exact position, and their calculations were well off the mark. The hurricane that struck the Upper Florida Keys on the evening of September 2, 1935 is still the most powerful hurricane to make landfall in the US. Supervisors waited too long to call for an evacuation train from Miami to move the vets out of harm's way. The train was slammed by the storm surge soon after it reached Islamorada. Only the 160-ton locomotive was left upright on the tracks. About 400 veterans were left unprotected in flimsy work camps. Around 260 of them were killed. This is their story, with newly discovered photos and stories of some of the heroes of the Labor Day 1935 calamity.

After the Storm Paul Drew, 1999 Paul Drew could never have predicted the impact that combat and the underlying mood of the nation would have on him and his fellow soldiers. The social stigma still stings for most Vietnam vets, who were thought of as drug-addicted baby killing drones behind a war that was an embarrassing mistake and a failure. This is not a combat diary, but honest observations about a generation, those responsible for the conduct of the war, and the events that laid the groundwork for the state of the nation today -- a nation that still has yet to learn to hate war but respect its warriors.

Storm Rising (The Book of the Wars Book #1) Ronie Kendig, 2019-07-02 Mentioned in the pages of the Septuagint but lost to history, the Book of the Wars has resurfaced, and its pages hold secrets--and dangers--never before seen on earth. Tasked with capturing the ancient text, former Navy SEAL Leif Metcalfe is finally given command of his own team. But their best efforts are ruined when a notorious Bulgarian operative known as Viorica snatches the volume right out from under them. Iskra Viorica Todorova is determined to use the book to secure the thing that matters most--freedom. But a series of strange storms erupts around the globe and the coming dangers foretold in the text threaten crops, lives--entire nations. Though both are haunted by secrets of the past and neither trusts the other, Leif and Iskra must form an uneasy alliance to thwart impending disaster. However, the truth hidden in two-thousand-year-old words could unleash the storm of their own destruction.

Battling the Storm Within Stephanie J. Shannon, 2014-10-16 Living for 20 years with undiagnosed post-traumatic stress disorder, P.T.S.D. caused by military sexual trauma, M.S.T. and Gulf War Illness, G.W.I. has not made life

an easy path for Sergeant Stephanie J. Shannon. In this, first book, Battling the Storm Within, Stephanie shares how her time of military service, and the resulting trauma she experienced, continues to affect her daily life, even 20 plus years later, a common story among military veterans. A brave and deeply personal memoir that details Stephanie's military experiences, and especially her struggles when transitioning back to civilian life, this book is a bold step on the path for recovery for all veterans. This book serves not only as a lesson of how to reclaim your life after PTSD, GWI, and MST, but also a call for change in legislation, government policies, the VA system, and military practices and procedures that impact the veteran population and their families. Stephanie's story is a story of struggle, survival, and healing; that empowers others to address their own personal traumas and overcome them, bring awareness to the public the many issues the veteran population face, and provide resources and solutions to veterans and others in need. Her mission is to empower others to face their own personal traumas, be healed, restored and live again.

Operation Desert Storm ,1995
Invisible Storm Jason Kander,2022-07-05 NEW YORK TIMES BESTSELLER “A truly special book. This combination of honesty, thoughtfulness, urgency, and vulnerability is not common in leaders, and Jason demonstrates boundless occupancy of all of these traits.” – Wes Moore, New York Times bestselling author of The Other Wes Moore From political wunderkind and former army intelligence officer Jason Kander comes a haunting, powerful memoir about impossible choices—and how sometimes walking away from the chance of a lifetime can be the greatest decision of all. In 2017, President Obama, in his final Oval Office interview, was asked who gave him hope for the future of the country, and Jason Kander was the first name he mentioned. Suddenly, Jason was a national figure. As observers assumed he was preparing a run for the presidency, Jason announced a bid for mayor of Kansas City instead and was headed for a landslide victory. But after eleven years battling PTSD from his service in Afghanistan, Jason was seized by depression and suicidal thoughts. He dropped out of the mayor’s race and out of public life. And finally, he sought help. In this brutally honest second memoir, following his New York Times best-selling debut Outside the Wire, Jason Kander has written the book he himself needed in the most painful moments of his PTSD. In candid, in-the-moment detail, we see him struggle with undiagnosed illness during a presidential bid; witness his family buoy him through challenging treatment; and, giving hope to so many of us, see him heal.

Veterans Reflections William R. Graser,2015-12-18 The military service of millions of Americans is reflected in these stories. They will put you in the middle of the action of our nation’s wars. Through firsthand accounts of veterans who served during World War II, the Cold War, Korean War, Vietnam War, the Quiet War, and Operations Desert Storm and Enduring Freedom (Afghanistan); you’ll find yourself paying tribute to each and every veteran. The stories of personal sacrifice, commitment, and valor demonstrate the values that have made the United States of America the envy of the world. Sixty veterans recall their time in uniform, sharing stories that are both funny and heart wrenching. These stories provide an excellent opportunity to gain an understanding and appreciation of veterans. Celebrate what is means to be an American devoted to freedom with Veterans’ Reflections. As a veteran himself, the author is obviously very close to this work, and it shows not only in his passion for his subject, but also in his attention to detail. His method, which weaves the veterans’ own stories into an historical overview of a specific conflict, is extremely effective. The soldiers’ accounts go well beyond the war’s scorecard and reveal some of the actual fears and experiences of the participants. Anyone can tell the facts behind a story, but those who have lived it can share insights no secondhand history can match. – The US Review of Books

Veteran&sortm Introduction

In the digital age, access to information has become easier than ever before. The ability to download Veteran&sortm has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Veteran&sortm has opened up a world of possibilities. Downloading Veteran&sortm provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Veteran&sortm has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Veteran&sortm. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Veteran&sortm. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Veteran&sortm, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Veteran&sortm has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
