Greenwich Village Stories Judith Stonehill,2014-03-25 A love letter to Greenwich Village, written by artists, writers, musicians, restaurateurs, and other neighborhood habitués who each share a favorite memory of this beloved place. The sixty stories in this collection of Village memories are exuberant, poignant, original, and vivid-perfectly capturing the essence of the Village. Every corner of the Village is represented in the book: recollections of jazz clubs and existentialism on Bleecker Street, rock music at St. Mark's Place, folk singers in Washington Square Park. There are stories of Hans Hofmann teaching modern art on 8th Street and Lotte Lenya performing in The Threepenny Opera on Christopher Street. Decades later, Brooke Shields muses on renovating a brownstone and finding history behind its walls; and Mario Batali lyrically describes a Sunday morning walk through the food markets of Bleecker Street. The stories are complemented by a wide range of photographs by iconic figures such as Allen Ginsberg, Rudy Burckhardt, Berenice Abbott, Saul Leiter, Ruth Orkin, and Weegee. Paintings depict elegant red-brick facades and raffish Hudson River piers, now restored; theater posters spotlight Karen Finley and John Leguizamo. This is a book for those who are already beguiled by the Village as well as those just discovering this fabled place.

It Takes a Village Hillary Rodham Clinton,2012-12-11 Ten years ago one of America's most important public figures, First Lady Hillary Rodham Clinton, chronicled her quest both deeply personal and, in the truest sense, public to help make our society into the kind of village that enables children to become able, caring resilient adults. IT TAKES A VILLAGE is a textbook for caring, filled with truths that are worth a read, and a reread. In her substantial new introduction, Senator Clinton reflects on how our village has changed over the last decade, from the internet to education, and on how her own understanding of children has deepened as she has watched Chelsea grow up and take on challenges new to her generation, from a first job to living through a terrorist attack. She discusses how the work

she is doing in the Senate is helping children and looks at where America has been successful, improvements in the foster care system and support for adoption, and where there is still work to be done, providing pre-school programmes and universal health care to all our children. This new edition elucidates how the choices we make about how we raise our children, and how we support families, will determine how all nations will face the challenges of this century.

China in One Village Liang Hong, 2021-06-22 A global future in the history of a single village After a decade away from her ancestral family village, during which she became a writer and literary scholar in Beijing, Liang Hong started visiting her rural hometown in landlocked Henan Province. What she found was an extended family riven by the seismic changes in Chinese society and a village turned inside out by emigration, neglect, and environmental despoliation. Combining family memoir, literary

observation, and social commentary, Liang's by turns lyrically poetic and movingly raw investigation into the fate of her village became a bestselling book in China and brought her fame. For many months, Liang walked the roads and fields of her village, recording the stories of her relatives—especially her irascible, unforgettable father—and talking to everyone from high government officials to the lowest of village outcasts. Across China, many saw in Liang's riveting interviews with family members and childhood acquaintances a mirror of their own lives, and her observations about the way the greatest rural-to-urban migration of modern times has twisted the country resonated deeply. China in One Village tells the story of contemporary China through one clear-eyed, literary observer, one family, and one village.

A Mill Village Story Gerald Bruce Andrews, 2019-10-22 A Mill Village Story is the record of one man's upbringing in a place and time that is quickly vanishing. A quintessentially American small town, West Point, Georgia is a place defined by its local industry—a world-class textile mill run by the West Point Pepperell corporation—and adherence to traditional Southern values of congeniality, manners, and friendliness. Everyone author Gerald Andrews knew or even just rubbed shoulders with worked at the mill, and it was Andrews's experiences there that would take him from relative poverty to the corporate boardroom. A Mill Village Story is an account of Andrews's early years, his rapid rise to leadership in various textile firms, and the special character of the village that shaped him. How does a young man go from night watchman to corporate sales in a matter of years? A Mill Village Story offers some explanation. Creativity and kindness set him on the right path, those characteristics nurtured in him by family members and the mill community. Gerald Andrews also quickly gained a reputation as a problem-solver—even at the lowest position at the mill—and for recognizing the importance of every employee, no matter their rank. This compassion for his employees contributed to his success. In A Mill Village Story, a lifetime of wisdom comes to file, with Andrews peppering his tale with the homegrown philosophies he developed from the unique social relationships he enjoyed growing up. Add to the mix personal encounters with Southern characters like country psychic Mayhayley Lancaster and A Mill Village Story becomes a memorable time capsule that serves as a portrait of a uniquely American place.

Missing from the Village Justin Ling,2022-05-03 A Globe and Mail Top 100 Book Shortlisted for the 2021 Toronto Book Awards An Indigo Best Book of 2020 Winner of the Brass Knuckles Award for Best Nonfiction Crime Book (Crime Writers of Canada Awards of Excellence) The tragic and resonant story of the disappearance of eight men--the victims of serial killer Bruce McArthur--from Toronto's queer community. In 2013, the Toronto Police Service announced that the disappearances of three men--Skandaraj Navaratnam, Abdulbasir Faizi, and Majeed Kayhan--from Toronto's gay village were, perhaps, linked. When the leads ran dry, the search was shut down, on paper classified as open but suspended. By 2015, investigative journalist Justin Ling had begun to retrace investigators' steps, convinced there was evidence of a serial killer. Meanwhile, more men would go missing, and police would continue to deny that there was a threat to the community. In early 2019, landscaper Bruce McArthur was sentenced to life in prison for the murders of eight men. There is so much more to the story than that. Based on more than five years of in-depth reporting, *Missing from the Village* recounts how a serial killer was allowed to stalk the city, how the community responded, and offers a window into the lives of these eight men and the friends and family left behind. Telling a story that goes well beyond Toronto, and back decades, Justin Ling draws on extensive interviews with those who experienced the investigation first-hand, including the detectives who eventually caught McArthur, and reveals how systemic racism, homophobia, transphobia, and the structures of policing fail queer communities.
