Storm in the Village Miss Read,2017-05-02 Big changes are afoot in a small English village– “If you’ve ever enjoyed a visit to Mitford, you’ll relish a visit to Fairacre” (Jan Karon, #1 New York Times–bestselling author of *To Be Where You Are*). Trouble brews in the tiny country village of Fairacre, when it is discovered that Farmer Miller’s Hundred Acre Field is slated for real estate development. Alarming rumors are circulating, among them the fear that the village school may close. The endearing schoolmistress Miss Read brings her inimitable blend of affection and clear-sighted candor to this report, in which a young girl finds her first love, an older woman accepts a new role in life, and the impassioned battle to save the village from being engulfed is at the forefront of every villager’s mind. “Wise, ironic, kindly, full of atmosphere and characters, rural charm, broad dialects, and the impishness of children.” –St. Louis Post-Dispatch “Affectionate, humorous, and gently charming . . . Sometimes funny, sometimes touching, always appealing.” –The New York Times

Storm in the Village Miss Read,2002 Plans for a new housing estate in Fairacre result in protest meetings and a public enquiry, which provide a stormy background to the daily lives of the villagers.

The Storm Keepers Sallie Cochren,Elsie Marie Cochren,2022-09-04 When a new virus surfaces and wipes out most of the human race, the few who are resistant flee the infected cities and retreat to the woods. Setting up small villages, the survivors begin a new life free from most of the modern technology they are accustomed to. Many years later, three mysterious strangers show up, one with an uncanny ability to predict storms. The villagers become dependent on their new Storm Keepers and look to them to keep them safe. As more power is given to the Storm Keepers, the villagers follow them blindly. There is something that the Storm Keepers aren’t telling the villagers, though, something about the wind clouds that they don’t want the villagers to know. Will the villagers discover the Storm Keepers’ secret before it’s too late? This story is also available in the short story collection, *No Time to Panic!*

Rebuilding Sustainable Communities after Disasters Ingrid Johnston,2016-05-11 What would you do if a category five monster cyclone was headed your way? Drive as far as you could, as quickly as you could in the opposite direction? What if there were no cars? What if there were no roads? What if you were on a tiny island? What if there was nowhere to run to? How would you feel, knowing that when it was over it could be weeks before anyone came to help? Thousands of people live with this possibility every day, and their resilience and coping skills are incredible. However, climate change threatens to make these events worse, and all the while the sea levels are rising, and these islands are sinking. Bringing together the perspectives of the people on small, remote islands in the South Pacific, the aid organisations who help after a disaster, and the governments, this book investigates how we should respond. These are the stories of people for whom climate change is not a theoretical future, but a daily reality.
