The Storm of Our Lives Tai Van Nguyen, 2009-10-21 This memoir vividly describes the struggle of one Vietnamese family and their seven day ordeal to escape persecution from Communist Vietnam. One of more than 840,000 "boat people" to have fled the war ravaged country, the author describes his family's epic journey and the historical, cultural, social, economic, and political problems that led to his father's decision to take his family away from their homeland. Drawing on his Catholic faith, Nguyen attests to the hardship and dangers that confronted the family in their journey and that did not end after his father died and the five children were forced to continue alone.

The Lotus and the Storm Lan Cao, 2015-04-28 A lyrical novel of love and betrayal in the aftermath of the fall of Saigon—from the author of *Monkey Bridge* A singular work of witness, inspiration, and courage, *The Lotus and the Storm* marks the welcome return of Lan Cao's pitch-perfect voice, telling the story only she can tell. Four decades after the war, Vietnam's flavors of clove and cinnamon have been re-created by a close-knit refugee community in a Virginia suburb. But the lives of Minh and Mai, father and daughter, are haunted by ghosts, secrets, and the loss of their country. During the disastrous last days in Saigon, in a whirl of military signals and helicopter evacuations, Mai never had a chance to say goodbye to so many people who meant so much to her. What happened to them? How will Mai cope with the trauma of war—and will the *thay phap*, a Vietnamese spirit exorcist, be able to heal her?

At the Hurricane's Eye Greg Walker, 1994 No one doubts the abilities of Special Operations Forces (SOF) after Desert Storm. But their impressive accomplishments are rooted in the lessons learned from Vietnam, Iran, Grenada, El Salvador, and Panama. *AT THE HURRICANE'S EYE* is the first book to take an unflinching look at SOF's growth since Vietnam. Author Greg Walker, with sixteen years of U.S. Army special operations experience as a ground operator, provides information and eyewitness accounts never before reported, from the tragic raid on Panama's Paitilla airfield to the first insider accounts of Special Forces, Marine Force Recon, and NAVY SEAL operations before and during Desert Storm.

Coastal Disasters and Climate Change in Vietnam Nguyen Danh Thao, Hiroshi Takagi, Miguel Esteban, 2014-06-04 *Coastal Disasters and Climate Change in Vietnam* is the first book to focus specifically on natural hazards and climate change in Vietnam. The book examines threats such as tropical cyclones, sea-level rise, flooding, erosion, and salinity intrusion, and their respective effects on coastal structures and environments. It also looks at crucial management and mitigation efforts, including breakwater design, irrigation systems, coastal dunes and dikes, and more. The challenges faced by this country in the future will have important regional and global repercussions; areas such as the Mekong Delta produce a significant proportion of the world's rice, and coastal impacts on this region will have far-reaching economic and public health effects. This book is an important source of information for government and local policy makers, environmental and climate scientists, and engineers. Broad coverage of climate challenges specific to the region, including sea-level rise, storms, erosion, and more Assessments of impact on, and effects of, economic development and port construction Examination of public policy responses to climate change

Flying Into the Storm Bill Norris, 2014-04-05 Jared Christopher's transition into adulthood was defined by youthful indecision. He followed his childhood friends to college. Halfway through first semester, he began to acknowledge the futility of the path he had chosen. Jared decides to withdraw from college at the end of the year and volunteer for the draft. A year later, the young infantry soldier is thrown boots first into an escalating Vietnam War. The glory of going off to war turns out not to be so glorious after all. It's 1968, the year of the Tet. Jared finds himself in a place called Quang Ngai. Just a young private fresh out of training, Jared is suddenly in the heat of combat, following orders and taking lives. Meanwhile, he develops a compassion and need to understand the plight of the ordinary Vietnamese citizen. He seeks purpose where there seems to be none and quickly develops instincts that help him to survive while sustaining his most basic human principles. Not your typical war story, it carries you along and encourages you to see, feel and share the experiences of a young soldier's journey into both war and manhood.

After the Storm Paul Drew, 1999 Paul Drew could never have predicted the impact that combat and the underlying mood of the nation would have on him and his fellow soldiers. The social stigma still stings for most Vietnam vets, who were thought of as drug-addicted baby killing drones behind a war that was an embarrassing mistake and a failure. This is not a combat diary, but honest observations about a generation, those responsible for the conduct of the war, and the events that laid the groundwork for the state of the nation today -- a nation that still has yet to learn to hate war but respect its warriors.

Legends Live On R. Samuel Baty, 2013-08-29 Jennifer Haraldsson Sherman is now a Wife and Mother. She is also an Army Nurse serving in the Washington, DC area. With Vietnam heating up, she is uncomfortable thinking of the young Americans who will be going there to fight and die. She feels an obligation to once again serve her country, but she knows she will have to get the approval of her family first. In Eastern Germany, Jennifer's old flame, Otto Bruner, is working hard for German reunification. He has to be careful, though, as his bosses in East Germany believe Communism is the way to go. Underneath, Otto strongly disagrees. One only has to compare the standard of living between East and West Germany to know that Otto's secret feelings are correct. In this fascinating and hair-raising story, the author lays out the many challenges that are inherent in one of the most exciting periods in the history of the United States. As he did with previous novels in the series, the author ties the challenges faced by the leading characters with the most powerful people of the era. The novel includes U.S. Presidents from John F. Kennedy to George Herman Walker Bush. The result is a thriller with many twists and turns which brings the key surviving characters together in what can truly be considered the end of an era. This book is a must-read for all those who love a gripping story.

Storm Over Laos Sisouk Na Champassak, 1961 SCOTT (Copy 1): From the John Holmes Library Collection.

Ravens in the Storm Carl Oglesby, 2008-02-11 In 1964, Carl Oglesby, a young copywriter for a Michigan-based defense contractor, was asked by a local Democratic congressman to draft a campaign paper on the Vietnam War. Oglesby's report argued that the conflict was misplaced and unwinnable. He had little idea that its subsequent publication would put him on a fast track

to becoming the president of the now-legendary protest movement Students for a Democratic Society (SDS). In this book, Oglesby shares the triumphs and tribulations of an organization that burgeoned across America, only to collapse in the face of surveillance by the U.S. government and infighting. As an SDS leader, Oglesby spoke on the same platform as Coretta Scott King and Benjamin Spock at the storied 1965 antiwar demonstration in Washington, D.C. He traveled to war-ravaged Vietnam and to the international war crimes tribunal in Scandinavia, where he met with Jean-Paul Sartre and Simone de Beauvoir. He helped initiate the Venceremos Brigade, which dispatched thousands of American students to bring in the Cuban sugar harvest. He reluctantly participated in the protest outside the 1968 Democratic National Convention and was a witness for the defense at the trial of the Chicago Seven the following year. Eventually, after extensive battles with those in SDS who saw its future more as a vanguard guerrilla group than as an open mass movement, Oglesby was drummed out of the organization. Shortly after, it collapsed when key members of its leadership quit to set up the Weather Underground. This beautifully written and elegiac memoir is rich in contemporary echoes as America once again must come to terms with an ill-conceived military adventure abroad. Carl Oglesby warns of the destructive frustrations of a peace campaign unable to achieve its goals. But above all, he captures the joyful liberation of joining together to take a stand for what is right and just -- the soaring and swooping of a protest movement in full flight, like ravens in a storm.

The Approaching Storm Edward J. Marolda, 2009 America's participation in the Vietnam conflict dates to the waning days of World War II, when certain victory over Japan prompted the Allies and Asian peoples of many ideological persuasions to change the political landscape. France, Great Britain, the Netherlands, and other European countries planned to reestablish control over their colonies in China, India, and Southeast Asia. Anticolonial resistance movements, in many cases led by Communists, prepared for military and political action to seize control of Korea, China, and Indochina. This book focuses on events in the region between 1945 and 1965 and the growing U.S. concern over Communist inroads into the region. From the Chinese civil war to the French-Indochina war and the rise of Ho Chi Minh, this book describes U.S. response to the Communist movements in Asia and how the U.S. Navy's role evolved from an advisory one to actual combat after the Tonkin Gulf attack of August 1964.

Mahoney, 2011 Investigates the four-day international crisis after the 1975 seizure of the SS Mayaguez, which involved both American and Cambodian forces during the Vietnam War. Storm Flight Mark Berent, 1993 The fifth and final novel in this Vietnam series encompasses a daring raid on a POW camp to get evidence that could effect the war. Read by Paul Ukena.

Faith Through the Storm Major James Capers, Buz Sawyers, 2018-11-20 This is a book about war. A war against America's enemies, against racism, against the loss of fellow warriors in battle, and against the personal loss of family back home. This is the story of Major James Capers, Jr. (USMC Ret.)

Jim was born to a family of sharecroppers in South Carolina who escaped to Baltimore, Maryland in the dead of night to escape the days of Jim Crow laws for a better life. Joining the Marines fresh out of high school, Jim had no idea that he was paving the road for future Marines, black and white alike. The first African-American Marine to receive a battlefield commission as a member of 3rd Force Recon, a new special forces unit designed specifically for the war in Vietnam; the first African-American Marine officer used on a Marine recruitment poster; co-leader of the first special forces team to attempt the rescue of American and allied POW's held in a North Vietnamese prison; a leader in Team Broadminded, whose missions were so secret, their military records from Vietnam were not declassified until 2006; nominated for the Medal of Honor; inducted into the Commando Hall of Honor for special forces; awarded the Bronze and the Silver Stars. This book is about a man who is a true American hero, though he denies the notion. Above all, Jim is a husband, a father, a patriot, a warrior who has dealt with the tragedies of his military and personal life, always depending on his faith in God to guide him through the storm.

A Lifetime in the Eye of the Storm Andre Nguyen Van Chau, 2015-01-20 History is colored by the nation that is recording it. In America, the Vietnam War was chronicled in the newspapers and on television. The heart breaking stories we heard were always about the war from the American viewpoint. When we are able to view historical events from perspectives other than our own, we begin to understand that the important thing isn't winning or losing, but learning and understanding. Hiep lived her life, from earliest childhood, at the center of the war. This is her story of love and loss, triumph and tragedy. It is the story of all women who have lived through a war, with only their steadfast love, hope and faith in God to give them the strength to go on living.

Women of the Storm Emmanuel David, 2017-10-16 Hurricanes Katrina and Rita made landfall less than four weeks apart in 2005. Months later, much of New Orleans and the Gulf Coast remained in tatters. As the region faded from national headlines, its residents faced a dire future. Emmanuel David chronicles how one activist group confronted the crisis. Founded by a few elite white women in New Orleans, Women of the Storm quickly formed a broad coalition that sought to represent Louisiana's diverse population. From its

early lobbying of Congress through its response to the 2010 BP oil spill, David shows how members' actions were shaped by gender, race, class, and geography. Drawing on in-depth interviews, ethnographic observation, and archival research, David tells a compelling story of collective action and personal transformation that expands our understanding of the aftermath of an historic American catastrophe.

Strategic Air Power in Desert Storm John Andreas Olsen, 2013-11-05 In response to the Iraqi invasion of Kuwait on the second of August 1990, a small group of air power advocates in the Pentagon proposed a strategic air campaign - Operation Desert Storm designed to drive the Iraqi army from Kuwait by a sustained effort against the major sources of Iraqi national power. John Andreas Olsen provides a coherent and comprehensive examination of the origins, evolution and implementation of this campaign. His findings derive from official military and political documentation, interviews with United States Air Force officers who were closely involved with the planning of the campaign and Iraqis with detailed knowledge and experience of the inner workings of the Iraqi regime.
