**Hurricane Almanac** Bryan Norcross,2007-05-29 Essential Information from CBS News' Hurricane Analyst Bryan Norcross's pioneering and courageous TV coverage of Hurricane Andrew in 1992 helped millions of people in Florida cope with the killer storm. This revised and updated version of last year's popular almanac adds detailed stories of the powerful hurricanes of the past that would be catastrophes if they happened today and explores how explosive coastal development during a time of relatively few hurricanes has set the stage for mega-disasters. If hurricanes make landfall today at the rate they did in much of the twentieth century, how could we prevent the unimaginable destruction? A new section will also help you better understand hurricane advisories. Bryan Norcross's Hurricane Almanac is two books in one. The first half is hurricane science, history, and perspectives on how we, as a society, deal with hurricanes. The second half is a personal guide to Living Successfully in the Hurricane Zone. In addition to reviewing and explaining the relatively mild 2006 hurricane season, it looks forward to hurricane seasons to come, highlights the fascinating history of hurricanes interacting with civilization, and details our rapidly increasing ability---but still with limitations---to predict the severity and tracks of storms. With preparation checklists and shopping lists, an easy-to-understand guide to the technical information coming from the National Hurricane

Center, and critical practical information, Hurricane Almanac is your essential guide to coping with Mother Nature's greatest storms. A provocative chapter entitled: How I'd Do It Better details Norcross's ideas for a better hurricane system. -Family Communications -Evacuation Decision-making -Staying in a House -Staying in an Apartment -Shutters -Hurricane-proof Windows -Backup Power -Generators -Computer Hurricane Plan -Post-storm Air-Conditioning -Candles -Pool Preparation -Pets, Boats, Cars, and Businesses -Insurance

To put it in a broader perspective, Germany to Rome in 64 Days: Our Pilgrimage is about how we celebrated thirteen weeks of our lives and some of the things we want to take from it to enrich our ongoing pilgrimage of life. And as we tell our story we drop a few hints on how you might use some of what we learned as you walk your pilgrimage of life or when you choose to take a similar walking pilgrimage. This very personal book follows the author's transformation from atheist to Christian at age 56 through a direct intervention by God. It includes the author's testimony of these events that brought faith into his life. Fire and Brimstone discusses the grip of fear throughout society, and the manipulation of Satan in all the mayhem and sin taking place around the world. The book shows the biblical evidence of God and of the prophesied chaos, not only now, but in the future. Many are living an existence hurtling toward destruction, but the author's personal verses point toward a saviour, if only people would be willing to grasp this chance. Otherwise, they truly face the reality of fire and brimstone.
