*The Grace of Kings* Ken Liu,2015-04-07 One of the Time 100 Best Fantasy Books Of All Time Two men rebel together against tyranny—and then become rivals—in this first sweeping book of an epic fantasy series from Ken Liu, recipient of Hugo, Nebula, and World Fantasy awards. Hailed as one of the best books of 2015 by NPR. Wily, charming Kuni Garu, a bandit, and stern, fearless Mata Zyndu, the son of a deposed duke, seem like polar opposites. Yet, in the uprising against the emperor, the two quickly become the best of friends after a series of adventures fighting against vast conscripted armies, silk-draped airships, and shapeshifting gods. Once the emperor has been overthrown, however, they each find themselves the leader of separate factions—two sides with very different ideas about how the world should be run and the meaning of justice. Fans of intrigue, intimate plots, and action will find a new series to embrace in the Dandelion Dynasty.

**Isaac's Storm** Erik Larson,2000-07-11 From the bestselling author of *The Devil in the White City*, here is the true story of the deadliest hurricane in history. National Bestseller September 8, 1900, began innocently in the seaside town of Galveston, Texas. Even Isaac Cline, resident meteorologist for the U.S. Weather Bureau failed to grasp the true meaning of the strange deep-sea swells and peculiar winds that greeted the city that morning. Mere hours later, Galveston found itself submerged in a monster hurricane that completely destroyed the town and killed over six thousand people in what remains the greatest natural disaster in American history--and Isaac Cline found himself the victim of a devastating personal tragedy. Using Cline's own telegrams, letters, and reports, the testimony of scores of survivors, and our latest understanding of the science of hurricanes, Erik Larson builds a chronicle of one man's heroic struggle and fatal miscalculation in the face of a storm of unimaginable magnitude. Riveting, powerful, and unbearably suspenseful, *Isaac's Storm* is the story of what can happen when human arrogance meets the great uncontrollable force of nature.

Incarnate in a mighty storm called the Fury, Na’lek’s rage has butchered mankind by sending forth armies of supernatural monsters. Soon, the Fury’s attacks will sweep humanity away. Determined to become a war hero like his father, Kaven sets out on a treacherous quest to stop Na’lek. With only three companions to aid him, he plans to enter the heart of the Fury and face the god himself to plead for mankind’s deliverance. Yet nothing can prepare Kaven for the truth he will encounter, for far greater forces are at work, and his quest, if successful, will come at great cost. Will he put an end to Na’lek’s storm of Fury and prove his worth to his father? Or is his duty to his fellow man more important, even if it means he is a failure as a son?

**When Jackals Storm the Walls** Bradley Beaulieu,2020-07-16 The reign of the Sharakhani kings has been broken. Queen Meryam now rules the city. Çeda, meanwhile, has succeeded in lifting the asirim's curse, though it came at a terrible cost. Nalamae was slain in battle against her sister goddess. All is not lost, however. Çeda knows Nalamae will be reborn, and so begins a quest to find her. The scheming King Ihsan has been busy as well, mining the legendary Blue Journals for a way to save the city and the desert beyond from certain destruction. He believes he's found one, but it won't be easy, especially when the only tools left at his disposal are his own wits and guile. As he begins to gather the other fallen kings and convince them to work together, he realizes that one person is crucial to their success: Çeda. Çeda must choose: work with the kings she's vowed to destroy or risk losing the city she loves. Whatever she decides, the path will be dangerous. Her allies are divided. Sharakhai is under threat from neighbouring kingdoms. And now the gods themselves are stepping in . . . Praise for The Song of Shattered Sands series: 'Çeda and Emre share a relationship seldom explored in fantasy, one that will be tried to the utmost as similar ideals provoke them to explore different paths. Wise readers will hop on this train now, as the journey promises to be breathtaking' Robin Hobb 'Fantasy and horror, catacombs and sarcophagi, resurrections and revelations: the book has them all, and Beaulieu wraps it up in a package that's as graceful and contemplative as it is action-packed and pulse-pounding' NPR 'The Song of Shattered Sands series is both gripping and engrossing' Kirkus Reviews

**The Storm from Hell** Enock Lynn Norrbom,2011-10 Jerry noticed that he was not in a mental fog any longer. In fact, it was like he had not taken a drink at all. The reality of all of this had sobered him up. There seemed to be a lot of noise coming from about two hundred yards away by some rocks. Jerry started to move in the direction of the rocks. There were a lot of lights and people around the edge of the rocks, and as Jerry got closer, he still could not see everything, but he could hear some whistling or high-pitched screaming. Jerry didn’t understand until he got much closer and could see three or four dolphins caught in a small pool of water--too small, in fact, for them to

survive, and the people around were talking and pointing their flashlights at them. Once Jerry reached them, he asked, Does anyone know just what has caused the water to recede? Just then an older man answered, Well, I don't know for sure, but the news says that the entire west coast is just like this, and no one seems to know why.

*Hurricanes* William Rice,2009-08-01 Hurricanes plague the tropics from June through November. Some years bring just a handful of storms. *Taking Shelter from the Storm* Texas Tech University. Wind Engineering Research Center,2004  
*Storming the Wall* Todd Miller,2017-08-21 RECIPIENT OF THE 2018 IZZY AWARD FOR EXCELLENCE IN INVESTIGATIVE JOURNALISM Every so often a book comes along that can dramatically change, or elevate, one's thinking about a global problem. Much like Naomi Klein's books, Todd Miller's Storming the Wall is such a book and deserves far more attention and discussion.—Izzy Award Judges, Ithaca College \*\*\* A galvanizing forecast of global warming's endgame and a powerful indictment of America's current stance.—Kirkus Reviews As global warming accelerates, droughts last longer, floods rise higher, and super-storms become more frequent. With increasing numbers of people on the move as a result, the business of containing them—border fortification—is booming. In Storming the Wall, Todd Miller travels around the world to connect the dots between climate-ravaged communities, the corporations cashing in on border militarization, and emerging movements for environmental justice and sustainability. Reporting from the flashpoints of climate clashes, and from likely sites of futures battles, Miller chronicles a growing system of militarized divisions between the rich and the poor, the environmentally secure and the environmentally exposed. Stories of crisis, greed and violence are juxtaposed with powerful examples of solidarity and hope in this urgent and timely message from the frontlines of the post-Paris Agreement era. Todd Miller's writings about the border have appeared in the New York Times, Tom Dispatch, and many other places. Praise for Storming the Wall Nothing will test human institutions like climate change in this century—as this book makes crystal clear, people on the move from rising waters, spreading deserts, and endless storms could profoundly destabilize our civilizations unless we seize the chance to re-imagine our relationships to each other. This is no drill, but it is a test, and it will be graded pass-fail—Bill McKibben, author Eearth: Making a Life on a Tough New Planet As Todd Miller shows in this important and harrowing book, climate-driven migration is set to become one of the defining issues of our time.... This is a must-read book.—Christian Parenti, John Jay College of Criminal Justice, author of Tropic of Chaos: Climate Change and the New Geography of Violence Todd Miller reports from the cracks in the walls of the global climate security state—militarized zones designed to keep powerful elites safe from poor and uprooted peoples.... Miller finds hope—hope that may not survive in Trumpworld.—Molly Molloy, Research librarian for Latin America and the border at New Mexico State University and creator of Frontera List Miller delivers a prescient and sober view of our increasingly dystopian planet as the impacts of human-caused climate disruption continue to intensify.—Dahr Jamail, award-winning independent journalist, author of The End of Ice Todd Miller's important book chronicles how existing disparities in wealth and power, combined with the dramatic changes we are causing in this planet's ecosystems, mean either we come together around our common humanity or forfeit the right to call ourselves fully human.—Robert Jensen, author of The End of Patriarchy, Plain Radical, and Arguing for Our Lives

This report answers questions about your living conditions so you can decide how best to protect yourself & your family.
