The Cornish Fishermen's Watch-Night, and Other Stories Anonymous, 2022-08-10 *The Cornish Fishermen's Watch-Night, and Other Stories* is a collection of short stories by unknown authors. Excerpt: This was what the Penwhinnock men were discussing as they stood around some of the largest fishing-boats, dragged up on the beach for safety, and watched the gathering storm. The wind was blowing big guns then, and the rain was pelting fiercely down upon the bare, rugged rocks, and the mean, small cottages which formed the dwellings of the fishermen, and lined each side of the long straggling village street. It would have appeared to most landsmen as if the weather could not be much worse; but to the experienced eyes of the fishermen the night promised worse things—worse things to many an ill-fated mariner—but in the judgment of those hardy, cruel men it might bring to them a good catch.

A Man and His Watch Matt Hranek, 2017-10-31 "I've paged through stacks of books on the history of watches. . . . But I hadn't come across a book that actually moved me until I picked up A Man and His Watch. The volume is filled with heartfelt stories." —T: The New York Times Style Magazine Paul Newman wore his Rolex Daytona every single day for 35 years until his death in 2008. The iconic timepiece, probably the single most sought-after watch in the world, is now in the possession of his daughter Clea, who wears it every day in his memory. Franklin Roosevelt wore an elegant gold Tiffany watch, gifted to him by a friend on his birthday, to the famous Yalta Conference where he shook the hands of Joseph Stalin and Winston Churchill. JFK's Omega worn to his presidential inauguration, Ralph Lauren's watch purchased from Andy Warhol's personal collection, Sir Edmund Hillary's Rolex worn during the first-ever summit of Mt. Everest . . . these and many more compose the stories of the world's most coveted watches captured in A Man and His Watch. Matthew Hranek, a watch collector and NYC men's style fixture, has traveled the world conducting firsthand interviews and diving into exclusive collections to gather the never-before-told stories of 76 watches, completed with stunning original photography of every single piece. Through these intimate accounts and Hranek's storytelling, the watches become more than just timepieces and status symbols; they represent historical moments, pioneering achievements, heirlooms, family mementos, gifts of affection, and lifelong friendships.

If You Could Only See Yourself and other stories Words Just Words,

Wired for Story Lisa Cron, 2012-07-10 This guide reveals how writers can utilize cognitive storytelling strategies to craft stories that ignite readers' brains and captivate them through each plot element. Imagine knowing what the brain craves from every tale it encounters, what fuels the success of any great story, and what keeps readers transfixed. *Wired for Story* reveals these cognitive secrets—and it's a game-changer for anyone who has ever set pen to paper. The vast majority of writing advice focuses on "writing well" as if it were the same as telling a great story. This is exactly where many aspiring writers fail—they strive for beautiful metaphors, authentic dialogue, and interesting characters, losing sight of the one thing that every engaging story must do: ignite the

brain's hardwired desire to learn what happens next. When writers tap into the evolutionary purpose of story and electrify our curiosity, it triggers a delicious dopamine rush that tells us to pay attention. Without it, even the most perfect prose won't hold anyone's interest. Backed by recent breakthroughs in neuroscience as well as examples from novels, screenplays, and short stories, *Wired for Story* offers a revolutionary look at story as the brain experiences it. Each chapter zeroes in on an aspect of the brain, its corresponding revelation about story, and the way to apply it to your storytelling right now.
