The Word Factory Oscar Whinge,2016-05-18 Unquestionably, The Word Factory is the perfect guide to better English Grammar and effortless writing. According to one newspaper report, universities in England had begun to penalise students who employed incorrect grammar in their essays. In South Africa, the analysis of seventy-four thousand short stories found that written work of children was littered with SMS language, American slang, exclamation marks, and references to celebrities. All through my formative years, I had to contend with five different languagesEnglish, Afrikaans, and two other dialects, which for the most part, accounted for my inability to translate thought into words effortlessly and inhibited my willingness to participate in lively social discussions especially in the course of my high school years. However, possessed of determination, I had vowed to overcome that infirmity. My need to succeed at all costs precipitated the memorisation of the entire Pocket Oxford Dictionary, an accomplishment that spanned ten long years, following which a further ten years were spent in acquainting myself with most English phrases, idiomatic expressions, and collecting the data and fully researching it. I decided to name the compilation The Word Factory. The fruits of my efforts, but more specifically the extensive employment of The Word Factory, not only marked my rise onto the podiums as master of ceremonies and public speaker, but had also enabled me to write approximately twenty-five articles to the Cape Argus, Cape Towns pre-eminent newspaper, within the space of two years, with 100 per cent publication rate.

A Gigantic Whinge on the Celtic Fringe Martin Edge,2014-10-30 A Gigantic Whinge on the Celtic Fringe is the story of a circumnavigation of Ireland aboard my 27ft yacht in 2011. From the Firth of Forth I went through the Caledonian Canal and round Ireland anti-clockwise, which many people consider to be the 'wrong way round'. Most, but by no means all of the journey, was sailed solo.On the way I skirted a lot of the bits of what is sometimes called the 'Celtic Fringe'. If you are used to travelling in Britain by road and rail it's easy to think of the Gaelic bits as being on the 'fringe' - beyond the main lines of communication. But by sea it's very different. Cruising at four or five knots you can appreciate this 'fringe' from the point of view of the people who lived around and travelled across these waters in the past. From this perspective the Celtic lands are at the centre of a watery motorway network. The land of the Angles, to the east and south, is an uninviting 'fringe' of flat, featureless swamp and undergrowth.This is not, as I'm sure is apparent, the gripping story of one man's struggle for survival on a cruel and savage ocean. Neither does it aim to be a pilot book or a

set of sailing directions. It's just the story of a wimp's summer holiday. I like to think that sailing solo hones the senses and heightens critical awareness. Others have agreed that yes, it does make me moan a lot about things. The world is a fantastically annoying place and I haven't tried to resist the temptation to rant about it. This is not the sort of sailing log that seeks to record every tack and bowel movement of a voyage. As well as a sailing tale it's a series of observations on the environment, culture, people, economy and boats of the places I visited. This is the third in a series of cruising 'logs' about Zophiel's voyages. Skagerrak and Back is the tale of a North Sea circuit, Floating Low to Lofoten is about my trip to the Norwegian Arctic and Bobbing to the Baltic describes a trip from Edinburgh to the Russian border with Finland. Some of the people who have been slandered in these tales suggested that they should be used for kindling. I took these kind words to heart and published them for Kindle and other e-readers. Now here they are in their first print edition. This volume contains a lot of photographs. If you're struggling with all the black and white images there's more sailing tales and the full set of colour photos from this volume at <http://www.edge.me.uk/Sailinghome.htm>

That's Not English Erin Moore, 2015-03-24 An expat's witty and insightful exploration of English and American cultural differences through the lens of language that will leave readers gobsmacked. In *That's Not English*, the seemingly superficial differences between British and American English open the door to a deeper exploration of a historic and fascinating cultural divide. In each of the thirty chapters, Erin Moore explains a different word we use that says more about us than we think. For example, *Quite* exposes the tension between English reserve and American enthusiasm; in *Moreish*, she addresses our snacking habits. In *Partner*, she examines marriage equality; in *Pull*, the theme is dating and sex; *Cheers* is about drinking; and *Knackered* covers how we raise our kids. The result is a cultural history in miniature and an expatriate's survival guide. American by birth, Moore is a former book editor who specialized in spotting British books—including *Eats, Shoots & Leaves*—for the US market. She's spent the last seven years living in England with her Anglo American husband and a small daughter with an English accent. *That's Not English* is the perfect companion for modern Anglophiles and the ten million British and American travelers who visit one another's countries each year.

Trigger Warning William W. Johnstone, J.A. Johnstone, 2018-08-28 From the USA Today-bestselling authors of *Stand Your Ground* comes the explosive story of a liberal college under siege—and freedom under fire. Former Army Ranger Jake Rivers is not your typical Kelton College student. He is not spoiled, coddled, or ultra-lib like his classmates who sneer at the "soldier boy." But regardless of his differences with the rest of the student body, he needs an education. And when terror strikes, the school needs Jake. Without warning, the sounds of gunfire plunge the campus into a battle zone. A violent gang of marauders invade the main hall, taking students hostage for ransom. As a veteran and patriot, Jake won't give in to their demands. But to fight back, he needs to enlist his fellow classmates and school them in the not-so-liberal art of war. This time, the aggression isn't "micro." It's life or death. And only the strong survive.

The Magic of MinaLima Nell Denton, 2022-11-01 A full-color illustrated compendium chronicling the magical twenty-year journey of acclaimed art and design studio, MinaLima, the creative genius behind the graphics for the Harry Potter film series. "It all started with a letter . . ." Miraphora Mina and Eduardo Lima began their extraordinary partnership in 2001 when Warner Bros. invited them to realize the imaginative visual universe of the Harry Potter film series. The two artists would never have guessed that the graphic props they designed for the films—including the Hogwarts acceptance letter, Marauder's Map, Daily Prophet newspaper, The Quibbler and

Weasleys' Wizard Wheezes—would become cultural icons loved by Wizarding World fans around the world. Eight years later, the pair formed their own design studio, MinaLima, and expanded their work to include the graphics for the Wizarding World of Harry Potter—Diagon Alley and Hogsmeade at Universal Orlando Resort and the Fantastic Beasts film series. To showcase their treasury of designs, the studio has opened House of MinaLima, its immersive art galleries and shops in London and across the world. The Magic of MinaLima is an illustrated history and celebration of Mina and Lima's twenty-year evolution and groundbreaking vision. Their wondrous creations illuminate the Wizarding World as never before, and their commentary offers insights into the imaginative thinking that shaped their designs. This collection showcases the very best works from the award-winning studio's two decades and includes interactive elements such as the Marauder's Map, the Black Family Tapestry, and Weasleys' Wizard Wheezes. Designed to delight and enchant, The Magic of MinaLima will be an invaluable resource for Wizarding World and graphic art fans alike.

Freewheelers: How Two Aussie Brothers Survived the Sixties Tony Bohanes, Gary Bohanes, 2019-10-18 Sex, drugs, free love, peace, war, the space age, man on the moon, the verge of nuclear destruction these two brothers nearly missed it all! Funny, sad, poignant. A journey of family history, from Lancaster, UK and Brno in Czechoslovakia, to a new satellite settlement for migrants in Australia in the 1960's. A story that traverses the destruction and displacements of world wars and communist takeovers, family fortunes and structures torn apart. To a new start, in a new land that provided two brothers freedom to freewheel their way in blissful ignorance and enjoy a childhood as childhood should be - free and fun. Many people talk about how difficult their childhoods were, how their mum or dad didn't understand them and how still to this day they cannot forgive them. For those people I feel sorry. My childhood was a blast. I loved every minute of it. Sure, it had its moments and challenges but I don't think I would want to change a thing. You see, I was fortunate to grow up to be a '60s child. No, not the free-loving, drug-taking, anti-war protesting teenager so often portrayed during the '60s. But a Freewheeler, happy-go-lucky, adventure-filled kid who could roam the streets in gangs with his mates on two- or three-wheel bikes, investigating untold fields, creeks and drains of the inner suburb and new satellite cities, like Elizabeth in South Australia, which were popping up around Australia to house the influx of migrants - particularly the Ten Pound Poms, or the Whinging Poms as many came to be called. Whinging because they came and complained relentlessly about how much better it was in England. Well, that's how it seemed to us local Aussies at the time. In reality, whilst there definitely were whingers, most were courageous families that travelled halfway across the world to start a new life in a young, unsophisticated country such as Australia was then and into new urban

experiments like Elizabeth. Elizabeth was where Tony and I lived for the majority of our childhood. This story is dedicated to the wonderful memories I have of this time. Sadly, for the parents and kids of today, our children are generally not able to experience the space and freedom we had - through either the inherent dangers of inner-city living, the increased pace and density of population, or our own lack of trust in others to allow our children to have the space and freedom that we Freewheelers of the '60s grew up with. This story is also a message of sorts for parents of today to connect with this time and its spirit and adopt them in today's parenting ways - so parents get themselves and their children away from the TV, computer, or game consoles, and out into the sunshine and the streets together - swapping their child's tablet or smartphone for the tactile experience of a real book. When I became a parent, I wanted my two children Nicholas and Kate to somehow experience this freedom I enjoyed. But due to my own fears and societal expectations about providing protection against the many evils of today, I don't think I was able to do it to the extent I wanted. The best I could do was rent a house located on ten acres that would allow them the space and freedom to get out, unaccompanied and unburdened by parental overlord supervision, and encourage them to read books, draw, make things with wood and nails, and ride a bike. Hopefully Nick and Kate have grown up with their own wonderful memories and will be able in years to come to regale others with how wonderful their childhood was. To them, my mum and dad and all the Freewheelers of this time, I dedicate this book. - Gary Bohanes

Whingeville Coral Vass, 2022-11 Will loves to whinge. He is the master of complaining. Until one night, a magnificent hot-air balloon takes Will to an odd little town where the townspeople crown him King. But, with everyone in town being constant complainers, will this moaning, groaning King really want to keep the crown?

Paddy Clarke Ha Ha Ha Roddy Doyle, 1995-01-01 Winner of the Booker Prize - Roddy Doyle's witty, exuberant novel about a young boy trying to make sense of his changing world. It is 1968. Patrick Clarke is ten. He loves Geronimo, the Three Stooges, and the smell of his hot water bottle. He can't stand his little brother Sinbad. His best friend is Kevin, and their names are all over Barrytown, written with sticks in wet cement. They play football, lepers, and jumping to the bottom of the sea. But why didn't anyone help him when Charles Leavy had been going to kill him? Why do his ma and da argue so much, but act like everything is fine? Paddy sees everything, but he understands less and less. Hilarious and poignant, *Paddy Clarke Ha Ha Ha* charts the triumphs, indignities, and bewilderment of a young boy and his world, a place full of warmth, cruelty, confusion and love.

No Worries, Mate Ken Ewell, 2000 *No Worries, Mate* is the journal of a modern-day swagman on a manly adventure in the land down under. Follow his manful exploits as he closes the pubs of Sydney, tramps about the Blue Mountains of New South Wales, cruises Victoria's Great Ocean Road, searches for the elusive Tasmanian devil, surfs the shores of Queensland, dives along the Great Barrier Reef, explores Kakadu National Park in the Northern Territory, and as he manfully climbs Ayers Rock. Follow him also as he hones his manly virtues on the beach, around the barbie, at the track and in the Australian Outback. Needless to say, his are feats seldom seen in these, less than manful times.
