Basher Basics: Weather Simon Basher, Dan Green, 2016-11-08 *Basher Basics: Weather*, Whipping up a storm! created and illustrated by Simon Basher, written by Dan Green: Welcome to the wild world of weather, Basher style! Meet Hurricane, a violent blusterer; Atmosphere, a many-layered character who keeps the planet cozy; hard-nut Hail and sneezy Sleet; Drought, the dusty fellow who makes life hard for animals, plants and people; and mischievous El Niño, who messes around with ocean currents to chaotic effect. Includes plenty of detail on the forces that make weather work—this approach is so effective, readers will forever think about these characters every time they hear a weather report or step outside.

Weather Dan Green, 2012 Describes the forces at work that make up the wild world of weather.

Whipping Up a Storm Natalie Rowe, 2015-05-03 Whipping Up A Storm is about Natalie Rowe and her exploits with misbehaving men from the highest echelons of society, entertaining Billionaires, bankers, actors, sport stars, Old Etonians and government ministers. She rose to fame when a photo of her and The Chancellor of England - George Osborne came into public view. Funny, touching and explicit. Natalie Rowe arrived in London from Bradford as a teenager with thirty pence to her name. Within two years she was working as a high-class hooker to the residents of London's five star hotels. In her early twenties she founded her own business, Black Beauties - the UK's first ever escort agency specialising in Caribbean, African, Brazilian - all women of colour.

The Perfect Storm Sebastian Junger, 2007 October 1991. It was the perfect storm--a tempest that may happen only once in a century--a nor'easter created by so rare a combination of factors that it could not possibly have been worse. Creating waves ten stories high and winds of 120 miles an hour, the storm whipped the sea to inconceivable levels few people on earth have ever witnessed. Few, except the six-man crew of the Andrea Gail, a commercial fishing boat tragically headed toward the storm's hellish center.

Whip 5 Tyler Johns, 2020-06-03 Whip has to babysit a pair of twin koalas for their parents have flown a plane to Australia to meet their relatives. The sister twin, Agatha, has discovered a strange console that took blew their house into outer space. Whip and his gang are about to face chaos in the whole galaxy for the evil king of the Vips, Brendor, returns with new plans up his sleeve, sending his (whole Vip) son, Prince Kazam, and a horde of aliens to capture the twin koalas and dispose of Whip and his pals.

Whip 6 Tyler Johns, 2020-11-04 In this final adventure, Whip and his four friends, Bobi, Pition, Fentruck, and Ezra, work in a science lab and a nerdy science toucan invents a time machine. Whip and the gang test it, and it glitches as a bomb sending them back to the time of the dinosaurs. They are stuck back in time to help a herd of herbivores battle the mighty T-Rex, Gish. Will this be enough to reactivate the time machine and zoom back to the present? Whip is to be married soon to his fiancée, Imogene (formerly known as Princess Zelda of the Vips).

Reading Roman Comedy Alison Sharrock, 2009-09-24 For many years the domain of specialists in early Latin, in complex metres, and in the reconstruction of texts, Roman comedy is now established in the mainstream of Classical literary criticism. Where most books stress the original performance as the primary location for the encountering of the plays, this book finds the locus of meaning and appreciation in the activity of a reader, albeit one whose manner of reading necessarily involves the imaginative reconstruction of performance. The texts are treated, and celebrated, as literary devices, with programmatic beginnings, middles, ends, and intertexts. All the extant plays of Plautus and Terence have at least a bit part in this book, which seeks to expose the authors' fabulous artificiality and artifice, while playing along with their differing but interrelated poses of generic humility.

Mariners Weather Log , 1985 *Mariners Weather Log* contains articles, news and information about marine weather events and phenomenon, storms at sea, weather forecasting, the NWS Voluntary Observing Ship (VOS) Program, Port Meteorological Officers (PMOs), cooperating ships officers, and their vessels. It provides meteorological information to the maritime community, and contains a comprehensive chronicle on marine weather. It recognizes ships officers for their efforts as voluntary weather observers, and allows NWS to maintain contact with and communicate with over 10,000 shipboard observers (ships officers) in the merchant marine, NOAA Corps, Coast Guard, Navy, etc.

Whip David E. Bonior, 2018-02-20 Few in Congress have accomplished more than David Bonior on behalf of average Americans. Whip is the story of how he did it. In *Eastside Kid*, the first volume of his autobiography, former Congressman David Bonior recounted the upbringing that formed his lasting principles: love of the underdog, a passion for social justice. In *Whip*, he tells us how he put those principles to work as a member—and a leader—of the US House of Representatives. David Bonior spent twenty-six years in Congress, compiling a record as one of Washington's most effective progressives. Respected by his colleagues for both his personal integrity and his legislative savvy, Bonior was elected by his party's caucus to serve for eleven years as Democratic Whip, one step below Leader in the party hierarchy. From his arrival in Congress in 1977 Bonior was determined to make an impact. In the '70s he organized the effort in Congress to recognize the neglected needs of Vietnam veterans. In the '80s, he was Ronald Reagan's most dogged congressional foe over US support for the Nicaraguan Contras. In the '90s he became the public face of opposition to NAFTA. No one was more responsible for the downfall of Newt Gingrich—except perhaps Gingrich himself. And when Bill Clinton finally confessed his affair with Monica Lewinsky, it was Bonior who mobilized House Democrats to resist calls for the president to resign. Fueled in equal part by his working-class values and by the zeal for competition he developed as a star high-school athlete, Bonior never failed to fight the good fight. Bonior takes us backstage at Congress, where his brilliance as a legislative tactician helped turn ideas into law. But Whip is no dry, inside-the-Beltway recitation of names, dates, and bills. We are treated to vivid portraits of the people Bonior worked with, such as Speaker Tip O'Neill and both Presidents Bush. And we learn that once upon a time, Republicans and Democrats socialized together—at the White House Christmas party and the House gym. Key to the Bonior story was his ability, as a leading progressive, to keep winning reelection in a district renowned as the home of the Reagan Democrat. We see him meeting constituents at barbecues and farms, post offices and small-town parades. And we see his trademark, the pine seedling: In his quarter-century of electioneering and outreach, he distributed a million of them. "Bonior trees" still dot his district. Few in Congress have

accomplished more than David Bonior on behalf of average Americans. Whip is the story of how he did it. Extensively illustrated with 85 photographs. David E. Bonior is contributing funds from the sale of this book to Mikva Challenge (www.mikvachallenge.org)

A Tenderfoot in the Tropics Mack Cretcher,1918

A Storm Too Soon Michael J. Tougias,2013-01-15 FROM MASTERFUL STORYTELLER MICHAEL J. TOUGIAS COMES A NEW, HEART-STOPPING TRUE-LIFE TALE OF MARITIME DISASTER, SURVIVAL, AND DARING RESCUE, HIS MOST THRILLING AND AMAZING STORY YET. Seventy-foot waves batter a torn life raft 250 miles out to sea in one of the world’s most dangerous places, the Gulf Stream. Hanging on to the raft are three men, a Canadian, a Brit, and their captain, JP de Lutz, a dual citizen of America and France. Their capsized forty-seven-foot sailboat has filled with water and disappeared below the tempestuous sea. The giant waves repeatedly toss the men out of their tiny vessel, and JP, with nine broken ribs, is hypothermic and on the verge of death. The captain, however, is a remarkably tough character, having survived a brutal boyhood, and now he must rely on the same inner strength to outlast the storm. Trying to reach these survivors before it’s too late are four brave Coast Guardsmen battling hurricane- force winds in their Jayhawk helicopter. They know the waves will be extreme, but when they arrive they are astounded to find that the monstrous seas have waves reaching eighty feet. Lowering the wind-whipped helicopter to drop a rescue swimmer into such chaos will be extremely dangerous. The pilots wonder if they have a realistic chance of saving the sailors clinging to the broken life raft, and if they will be able to even retrieve their own rescue swimmer from the towering seas. Once they commit to the rescue, they find themselves in almost as much trouble as the survivors, facing one life-and-death moment after the next. Also caught in the storm are three other boats, each one in a Mayday situation. Of the ten people on these boats, only six will ever see land again. Spellbinding, harrowing, and meticulously researched, A Storm Too Soon is a vivid account about the powerful collision between the forces of nature and the human will to survive. Author Michael J. Tougias, known for his fast-paced writing style and character-driven stories, tells this true saga in the present tense to give the reader a thrilling, edge-of-your-seat immediacy. A Storm Too Soon is Tougias at his masterful best and a heart-pounding narrative of survival, the power of the human spirit, and one of the most incredible rescues ever attempted.
