Illusions Aprilynne Pike,2011-05-03 I don't do patrols, I don't go hunting, I just stick close to you. You live your life. I'll keep you safe, Tamani said, sweeping a lock of hair from her face. Or die trying. Laurel hasn't seen Tamani since she begged him to let her go last year. Though her heart still aches, Laurel is confident that David was the right choice. But just as life returns to normal, Laurel realizes that a hidden enemy lies in wait. Once again, Laurel must turn to Tamani to protect and guide her, for the danger that now threatens Avalon is one that no faerie thought would ever be possible. The Invention of Wings Sue Monk Kidd,2014-01-07 The newest Oprah's Book Club 2.0 selection: this special eBook edition of The Invention of Wings by Sue Monk Kidd features exclusive content, including Oprah's personal notes highlighted within the text, and a reading group guide. Writing at the height of her narrative and imaginative gifts, Sue Monk Kidd presents a masterpiece of hope, daring, the quest for freedom, and the desire to have a voice in the world. Hetty "Handful" Grimke, an urban slave in early nineteenth century Charleston, yearns for life beyond the suffocating walls that enclose her within the wealthy Grimke household. The Grimke's daughter, Sarah, has known from an early age she is meant to do something large in the world, but she is hemmed in by the limits imposed on women. Kidd's sweeping novel is set in motion on Sarah's eleventh birthday, when she is given ownership of ten year old Handful, who is to be her handmaid. We follow their remarkable journeys over the next thirty five years, as both strive for a life of their own, dramatically shaping each other's destinies and forming a complex relationship marked by guilt, defiance, estrangement and the uneasy ways of love. As the stories build to a riveting climax, Handful will endure loss and sorrow, finding courage and a sense of self in the process. Sarah will experience crushed hopes, betrayal, unrequited love, and ostracism before leaving Charleston to find her place alongside her fearless younger sister, Angelina, as one of the early pioneers in the abolition and women's rights movements. Inspired by the historical figure of Sarah Grimke, Kidd goes beyond the record to flesh out the rich interior lives of all of her characters, both real and invented, including Handful's cunning mother, Charlotte, who courts danger in her search for something better. This exquisitely written novel is a triumph of storytelling that looks with unswerving eyes at a devastating wound in American history, through women whose struggles for liberation, empowerment, and expression will leave no reader unmoved. Please note there is another digital edition available without Oprah's notes. Go to Oprah.com/bookclub for more OBC 2.0 content

Scars Like Wings Erin Stewart,2019-10-01 Relatable, heartbreaking, and real, this is a story of resilience--the perfect novel for readers of powerful contemporary fiction like Girl in Pieces and Every Last Word. Before, I was a million things. Now I'm only one. The Burned Girl. Ava Lee has lost everything there is to lose: Her parents. Her best friend. Her home. Even her face. She doesn't need a mirror to know what she looks like--she can see her reflection in the eyes of everyone around her. A year after the fire that destroyed her world, her aunt and uncle have decided she should go back to high school. Be normal again. Whatever that is. Ava knows better. There is no normal for someone like her. And forget making friends--no one wants to be seen with the Burned Girl, now or ever. But when Ava meets a fellow survivor named Piper, she begins to feel like maybe she doesn't have to face the nightmare alone. Sarcastic and blunt, Piper isn't afraid to push Ava out of her comfort zone. Piper introduces Ava to Asad, a boy who loves theater just as much as she does, and slowly, Ava tries to create a life again. Yet Piper is fighting her own battle, and soon Ava must decide if she's going to fade back into her scars . . . or let the people by her side help her fly. A heartfelt and unflinching look at the reality of being a burn survivor and at the scars we all carry. This book is for everyone, burned or not, who has ever searched for a light in the darkness. --Stephanie Nielson, New York Times bestselling author of Heaven Is Here and a burn survivor

Chicken Wing Cookbook Sharon Powell, 2021-03-26 Chicken wings are pretty popular as a dish in the United States of America. They're also referred to as buffalo wings at times. The right cooking method, the right marinade, and the right amount of crispness that brings out the best of the wings are all continuously debated by chicken-wing lovers. The origin of the dish is also debated just as much. One of the popular theories surrounding the origin of chicken wings is Teressa Bellissimo's preparation of frying the wings in hot oil to prepare a quick snack. Her son, Dominic, had shown up with unexpected guests, and she deep fried the wings and tossed them in some hot sauce. It was purely an experimental cooking achievement that turned out to be pretty genius later on. John Young's experimentation with chicken wings reserved for the stock is also cited by many as one of the origin theories of the iconic dish.

My Life with Wings Hal Marcovitz, 2013-05 My Life With Wings has been selected for the 2014 Beverly Hills Book Award in the New Fiction category. The book is also a finalist for the Eric Hoffer Award Montaigne Medal and the Hoffer Grand Prize... Hal Marcovitz's funny yet thought-provoking My Life With Wings is about a newspaper copy editor, Eggerton, who wakes up one day and discovers that he has wings. What is he going to do with them? Eggerton does not seem to easily relish this unexpected development. Instead, he deeply ponders on what his action should be and how will he cope with this new chapter of his life... Simply put, this is a unique tale and a creditable triumph for the author who has created a book worthy of sitting on a shelf next to the works of other great writers. -Lit Amri, book critic for ReadersFavorite.com

Wings Danielle Steel, 2009-02-25 From a house on the edge of her family's dusty farmland airstrip near Chicago, the child Cassie O'Malley would sneak into the night to look at the planes sitting shimmering in the moonlight. Her World War I veteran father, Pat, wanted his son to be a pilot, not his reckless, red-haired daughter. But it was Cassie who had the gift. Ever since she could remember, Cassie felt the pull of getting in a cockpit and taking to the skies. Observing all the while was her father's junior partner, Nick Stick Galvin, a fellow war ace and airborne daredevil. Nick would become her confidant and best friend, willing to break all the rules to teach her to fly, knowing that the greatest gift he could give her was the freedom of flying. When California entrepreneur Desmon Williams sees Cassie in a local airshow, he invites her to California where she breaks new ground as a test pilot. Soon Cassie's record-breaking flights make her a media darling. Drawn by Desmond's plans for her to break Amelia Earhardt's records, but determined to avoid her mistakes, Cassie trains for the remarkable journey around the world. From public appearances to press conferences, easily used by both her husband and the press, Cassie realizes that there is more to life than making headlines. Risking her life, pushing herself to her limits, she decides to chart her own course and pursue her own destiny, whatever it costs her. Wings is set in a time of constant change, when the world was on the brink of war and the skies were filled with adventurers, a time when courage and daring forever changed modern-day aviation.

Angel's Wings Anne Stuart, 2015-08-24 Angela Hogan is a pilot. A good pilot, and one of the few female flying aces of the 1930s. Struggling to make a living while the Great Depression rages, Angela has no problem running a small business and competing with men who believe a woman's place is in the home. She has a plan to bring in business. All she needs to do is break the record for flying from Newfoundland to Havana, and that's exactly what she plans to do. But when a competing air freight company threatens her livelihood, Angela has no choice but to hire a hotshot pilot with a reputation for setting records in the air and being a lady's man on the ground. Jack Clancy doesn't like bossy women. He prefers blondes with more beauty than brains, but he takes the job at Hogan Air Freight in order to save enough money to ship his own plane back to the States and get it the repairs it needs. He tries to tell himself that's the only reason, even as he is drawn inexplicably to Angela Hogan. The female pilot and her determined attitude bother Jack, but that doesn't stop him from fantasizing about what lies beneath that prim and proper exterior, even as she squares off to fight him at every turn. Soon Jack and Angela's shared passion for flying turns into a passion for one another. But Jack has no intention of becoming tied to a woman like Angela and having his wings clipped. And Angela has no intention of leaving the flying to the men so she can become a homemaker. She intends to finish what she started and break the record for the flight she had planned, even when it turns out that the record she's breaking belongs to Jack Clancy.
