Selling Women Short Liza Featherstone, 2009-04-20

On television, Wal-Mart employees are smiling women delighted with their jobs. But reality is another story. In 2000, Betty Dukes, a fifty-two-year-old black woman in Pittsburg, California, became the lead plaintiff in *Dukes v. Wal-Mart Stores*, a class action, representing 1.6 million women. In her explosive investigation of this historic lawsuit, journalist Liza Featherstone reveals how Wal-Mart, a self-styled family-oriented, Christian company: Deprives women (but not men) of the training they need to advance. Relegates women to lower-paying jobs like selling baby clothes, reserving the more lucrative positions for men. Inflicts punitive demotions on employees who object to discrimination. Exploits Asian women in its sweatshops in Saipan, a U.S. commonwealth. Featherstone goes on to reveal the creative solutions that Wal-Mart workers around the country have found, like fighting for unions, living-wage ordinances, and childcare options. *Selling Women Short* combines the personal stories of these employees with superb investigative journalism to show why women who work these low-wage jobs are getting a raw deal, and what they are doing about it. A new preface to the paperback edition will reflect on Wal-Mart's response to this lawsuit and its critics-including this one.

A Novel of Shorts: The Woman No One Sees Leah McNaughton Lederman, 2020-02-09 These nine stories are pieces to a lenticular puzzle. Taken together, they reveal the story of Esther, the endearing but deranged cleaning woman. She exists after hours, in

liminal spaces, continuously shrinking into the background even in this very book which tells her tale; she makes you wonder if she was ever even there.(She was.)Anywhere she cleans, Esther is sure to collect to find a keepsake for her collection, whether it's a memory, a keepsake, or just some dust.She'll make you think twice about what you leave behind.

Women and Fiction Susan Cahill,1975 From the late 19th-century writings of Kate Chopin to the contemporary works of Alice Walker, this unique collection of 26 stories celebrates the specialness of growing up female and captures the experience of being a woman--in all its similarities and diversity. Includes works by Willa Cather, Doris Lessing, Joyce Carol Oates, Gertrude Stein, Tillie Olsen, and Colette.

Women of the Century Regina Barreca,1993-01-01

Scribbling Women Elaine Showalter,1997 From the Publisher: A new mother longing to write is judged hysterical and confined to her bedroom where she slowly loses herself in horrific fantasy. A young girl stirred by two beings--a handsome young man and an ethereal white heron--is forced to make a choice between them. A love affair quashed by convention ignites during a sudden storm. These tales of remarkable and ordinary lives in nineteenth-century America are told throughout women's voices that call out from the kitchen

hearth, the solitary room, the prison cell. Stories by Louisa May Alcott, Willa Cather, Kate Chopin, and Edith Wharton, as well as by others less familiar, reveal a universe of emotions hidden beneath parochial scenes. American writers claimed the short story as their national genre in the nineteenth century, and women writers made it the most important outlet for their particular experiences. A unique selection, with an introduction, notes, selected criticism, and a chronology of the authors' lives and times.

The World's One Hundred Best Short Stories ,1927

Sharing Secrets Christine Palumbo-DeSimone,2000

British Women Short Story Writers Emma Young,2015-06-30 Essays tracing the evolving relationship between British women writers and the short story genre from the late Nineteenth Century to the present day.What is the relationship between the British woman writer and the short story? This collection examines what this versatile genre offers women writers, and what this can tell us about the society and culture they inhabit. From the rise of the modern printing press at the end of the Nineteenth Century through to the present digital age, these essays examine how the short story has been deployed and reworked by women writers and how they have influenced and shaped the genres development. Considering the effect of literary inheritances, societal and

cultural change, and shifting publishing demands, this collection traces the evolution of the genre through to its continued appeal to women writing today. From the New Woman to contemporary feminisms, women's anthologies to microfiction, modernist writers to the contemporary works of Sarah Hall and Helen Simpson, the chapters in this collection investigate a crucial yet under-examined field of British literature. Key Features and Benefits 12 chapters discussing a range of gender and genre issues since the fin-de-siècle to the present day. Sets out a clear trajectory to map both the historical and literary connections and divergences between British women short story writers. Offers a comprehensive account of the genre's development to provide scholars with a unique insight into a largely neglected aspect of women's writing. Includes new readings of canonical authors alongside more recent theoretical approaches, innovations and lesser-discussed writers.

Scribbling Women & the Short Story Form Ellen Burton Harrington, 2008 «America is now wholly given over to a damned mob of scribbling women, and I should have no chance of success while the public taste is occupied with their trash...» Taking Hawthorne's famous 1855 complaint about women writers as a starting point for consideration, Scribbling Women and the Short Story Form is a collection of fourteen critical essays about the short fiction of British and American women writers. This anthology takes a feminist approach, examining the liberating possibilities for women writers of the form of the

short story, a genre often associated with alienation or subversion (the writer Frank O'Connor describes the form as marginal or «outlaw»). Covering the work of selected women writers from the 1850s through the late twentieth century, this collection includes essays on well-known authors such as Rebecca Harding Davis, Louisa May Alcott, Kate Chopin, Katherine Anne Porter, Flannery O'Connor, Cynthia Ozick, and Ursula K. Le Guin, alongside essays on Harriett Prescott Spofford, Ruth Stewart, L. T. Meade, Alice Dunbar-Nelson, Zitkala-Sa, Sui Sin Far, and Lydia Davis, less-known authors whose stories offer rich ground for consideration.

Former Virgin Cris Mazza, 1997 This new collection of stories explores problems and situations caused only by the ordinary people who suffer through them. The stories in *Former Virgin* circle a question many women have begun asking themselves lately: What have I DONE to myself?

Short Prayers for Busy Women Harriet Crosby, 2004
Great Short Stories by American Women Candace Ward, 2012-03-01 Choice collection of 13 stories includes *Life in the Iron Mills* by Rebecca Harding Davis, Zora Neale Hurston's *Sweat*, plus superb fiction by Kate Chopin, Willa Cather, Edith Wharton, many others.

American Women Short Story Writers Julie Brown, 2014-05-01 This collection of original and classic essays examines the contributions that female authors have made to the short story. The introductory chapter discusses why genre critics have ignored works by women and why feminist scholars have ignored the short story genre.

Subsequent chapters discuss early stories by such authors as Lydia Maria Child and Rose Terry Cooke. Others are devoted to the influences (race, class, sexual orientation, education) that have shaped women's short fiction through the years. Women's special stylistic, formal and thematic concerns are also discussed in this study. The final essay addresses the ways our contemporary creative-writing classes are stifling the voices of emerging young female authors. The collection includes an extensive five-part bibliography.

Women and Autonomy in Kate Chopin's Short Fiction Allen F. Stein, 2005 *Women and Autonomy in Kate Chopin's Short Fiction* offers close readings of some thirty stories - Chopin's most significant short works - the majority of which have never received analytical scrutiny. These works, predominantly grim, portray the difficulties women confront as they seek autonomy in a social framework that typically constrains them whether they are married, in the midst of courtship, or seeking to live independently. This groundbreaking book makes it apparent that Chopin's short fiction is no less significant than her famous novel, *The Awakening*, and that her stories also provide a valuable context for that work.

American Women's History Susan Ware, 2015 What does American history look like with women at the center of the story? From Pocahontas to military women serving in the Iraqi war, this *Very Short Introduction* chronicles the contributions that women have made to the American experience from a multicultural perspective that emphasizes how gender shapes women's--and men's--lives.

Modernist Short Fiction by Women Claire Drewery, 2016-04-15 Taking on the neglected issue of the short story's relationship to literary Modernism, Claire Drewery examines works by Katherine Mansfield, Dorothy Richardson, May Sinclair, and Virginia Woolf. Drewery argues that the short story as a genre is preoccupied with transgressing boundaries, and thus offers an ideal platform from which to examine the Modernist fascination with the liminal. Embodying both liberation and restriction, liminal spaces on the one hand enable challenges to traditional cultural and personal identities, while on the other hand

they entail the inevitable negative consequences of occupying the position of the outsider: marginality, psychosis, and death. Mansfield, Richardson, Sinclair, and Woolf all exploit this paradox in their short fiction, which typically explores literal and psychological borderline states that are resistant to rational analysis. Thus, their short stories offered these authors an opportunity to represent the borders of unconsciousness and to articulate meaning while also conveying a sense of that which is unsayable. Through their concern with liminality, Drewery shows, these writers contribute significantly to the Modernist aesthetic that interrogates identity, the construction of the self, and the relationship between the individual and society.
