Story Workshop Susan Harris MacKay, 2021-03-11 Even our youngest students have lots of stories to tell, whether real or imagined. How can we create entry points for writing, so that all writers feel confident and motivated to share their stories? How can we establish a classroom community of beginning writers where equity, empathy, and compassion become part of the process and vital by-products of story writing? Enter story workshop, a structure for early literacy that amplifies the relationship between play, art, and writing. Children develop ideas and stories through choices of art materials. By creating images through play, story workshop invites children to explore the amazingness (Nisa, age 10) of their ideas in a variety of art forms. Through their stories, Susan writes, students share the meaning they make of their experiences in the world. Children in every classroom environment feel empowered to transition from play to pencil as they add words to their stories. Story Workshop includes an abundance of classroom videos, photos, and student samples that illustrate what is possible when children use words, colors, textures, shapes and all kinds of materials to create the stories they want to tell. Watch how students' imaginations soar, their love of writing blossoms, and their connections with one another become the focal point of your classroom.

Story Dash David Hutchens, 2021-08-24 Storytelling is humanity's oldest way of connecting to others. But for businesses and managers, it can also be a powerful tool to help organizations grow and thrive. A leader's role is to create engagement and belief so that people will act. And there's no more powerful way to grab attention, be remembered, and engage action than by telling stories—about who you are, what you do, and why you do it. Today, “storytelling” is a hot topic in organizations... but most leaders still struggle to act upon it. How do we find and tell our stories quickly, in an environment of urgency where we can hardly pause to catch our breath? For more than a decade Hutchens has tested his method of rapid and strategic story development with innovation teams in Silicon Valley, across

global Fortune 100 leadership teams, and more. Hutchens has honed a unique process that is active, potent, and strategically focused . . . and also a lot of fun. In Story Dash, Hutchens shares a repeatable process to find, develop, and deploy your “narrative assets”—that is, your urgent core stories that hold value. Even better, he will help you do it FAST; often in less than a day. Story Dash will help you to: Access your natural capacity for storytelling Find your stories—and figure out which ones to tell Build your narrative so it lands with unforgettable impact Find your own voice of authentic leadership Bring more of who you are to your teams and your markets Fully illustrated and written in a clear, sharp voice, Story Dash shares the fastest way to find lots of stories that will create action around the work you care about most.

Mr. Willowby's Christmas Tree Robert Barry, 2012-11-28 Give the gift of holiday spirit with this classic picture book that celebrates how one Christmas tree brings joy to a whole forest of critters! Christmas is here and Mr. Willowby's tree has arrived. There's just one big problem: The tree is too tall for his parlor! He cuts off the top so it will fit, and soon the top of that tree is passed along again and again to bring holiday cheer to all the animals in the forest. Kids will love watching the tree move from home to home, and families will appreciate the subtle message of conservation and recycling, as the tree top spreads joy to all. This heartwarming story is the perfect way to start the yuletide season, and a warm addition to any family's festive holiday traditions.

The Best Story Eileen Spinelli, 2008-05-29 The best story is one that comes from the heart. The library is having a contest for the best story, and the quirky narrator of this book just has to win that rollercoaster ride with her favorite author! But what makes a story the best? Her brother Tim says the best stories have lots of action. Her father thinks the best stories are the funniest. And Aunt Jane tells her that the best stories have to make people cry.

A story that does all these things doesn't seem quite right, though, and the one thing the whole family can agree on is that the best story has to be your own. Anne Wilsdorf's hilarious illustrations perfectly capture this colorful family and their outrageous stories in Eileen Spinelli's heartfelt tale about creativity and finding your own voice.

Story Genius Lisa Cron, 2016-08-09 Following on the heels of Lisa Cron's breakout first book, *Wired for Story*, this writing guide reveals how to use cognitive storytelling strategies to build a scene-by-scene blueprint for a riveting story. It's every novelist's greatest fear: pouring their blood, sweat, and tears into writing hundreds of pages only to realize that their story has no sense of urgency, no internal logic, and so is a page one rewrite. The prevailing wisdom in the writing community is that there are just two ways around this problem: pantsing (winging it) and plotting (focusing on the external plot). Story coach Lisa Cron has spent her career discovering why these methods don't work and coming up with a powerful alternative, based on the science behind what our brains are wired to crave in every story we read (and it's not what you think). In *Story Genius* Cron takes you, step-by-step, through the creation of a novel from the first glimmer of an idea, to a complete multilayered blueprint—including fully realized scenes—that evolves into a first draft with the authority, richness, and command of a riveting sixth or seventh draft.
