Orville Sledge! Dave the Utilitarian, 2023-08-08 BLACK NERD HAMMER A black nerd, a rare sight to see, In a world where ignorance is king. The books and screens are his company, while others shun what knowledge can bring. His skin is as dark as night, but behind his glasses, a mind that shines bright. Pushing the boundaries of what's deemed cool, His uniqueness, a powerful tool. His passion for tech and all that's new, May seem odd to those outside his crew. He loves to learn and loves to explore. His curiosity an unquenchable lure. Many may judge him for his appearance, for not conforming to societal clearance. But he proudly stands, unapologetically black. In a world where nerds are never meant to have a knack. So let us cherish the black nerd among us, for he represents hope, strength and trust. A reminder that brilliance transcends race, and that knowledge is a universal embrace. With grip of steel and arm so strong, the hammer wielder works all day long. With sweat upon their brow, they toil away, building and shaping, came what may. Their hammer strikes the metal true, forging pieces both old and new. They pound and shape with skill and care, Creating works beyond compare. The hammer wielder's hands are rough, from many days of working tough. But their passion never fades away, As they shape the pieces they display. Every hit of the hammer is a beat, that sings of grace and skill so sweet. With every blow a new creation, Born of hard work and dedication. The hammer wielder is an artist bold, whose work of art will never grow old. For the pieces that create with ease, are masterpieces that will always please. The Thunder Strike, Shockwave of the Power Chisel. Electric Sledge

Awesome Women Series Leaders: Boldness Priscilla Tan, Shawn Tan, Kristen Kiong, 2020-10-15 The Awesome Women series: Leaders: Boldness box set features three board books to inspire young readers to be anything they want to be. Each story pays tribute to an awesome female role model by recounting her struggles and challenges, and detailing her success. Young readers will also learn interesting nuggets about each leader, such as the fact that Angela Merkel was once asked to be an informant for the East German State, that Halimah Yacob was almost expelled from school when she was young, and that Hillary Clinton aspired to be a NASA astronaut and a US marine, but was rejected by both institutions because she was female. The Awesome Women series also includes the Awesome Women series: Leaders: Authenticity box set, featuring Condoleezza Rice, Jacinda Ardern and Margaret Thatcher. Readers will also have fun searching for the authors and illustrator's daughters Andrea and Beth hidden in the illustrations! I have no doubt that the series will inspire young girls and boys to tap into their grit and determination even when faced with challenging situations in life. --Her Excellency Halimah Yacob, President of Singapore

The Rape of Nanking Iris Chang, 2014-03-11 The New York Times bestselling account of one of history's most brutal--and forgotten--massacres, when the Japanese army destroyed China's capital city on the eve of World War II, piecing together the abundant eyewitness reports into an undeniable tapestry of horror. (Adam Hochschild, Salon) In December 1937, one of the most horrific atrocities in the long annals of wartime barbarity occurred. The Japanese army swept into the ancient city of Nanking (what was then the capital of China), and within weeks, more than 300,000 Chinese civilians and soldiers were systematically raped, tortured, and murdered. In this seminal work, Iris Chang, whose own grandparents barely escaped the massacre, tells this history from three perspectives: that of the Japanese soldiers, that of the Chinese, and that of a group of Westerners who refused to abandon the

city and created a safety zone, which saved almost 300,000 Chinese. Drawing on extensive interviews with survivors and documents brought to light for the first time, Iris Chang's classic book is the definitive history of this horrifying episode.

Manchu Gertraude Roth Li,2000-01-01 Manchu was the language of a group of people who in the sixteenth century lived to the northeast of China and later became known as Manchus. After establishing a new state in the southern part of Manchuria in the early seventeenth century, they conquered China and ruled as the Qing dynasty until 1911. Millions of Manchu records along with records in Chinese and Mongolian were created during nearly three hundred years in power. Nowaday, with an imperial Manchu court out of the picture, hardly anybody knows the language. With the accessibility of large number of Manchu documents, today scholars study Manchu to understand the documents.
