*Homegoing* Yaa Gyasi, 2016-06-07 A NEW YORK TIMES NOTABLE BOOK • Ghana, eighteenth century: two half sisters are born into different villages, each unaware of the other. One will marry an Englishman and lead a life of comfort in the palatial rooms of the Cape Coast Castle. The other will be captured in a raid on her village, imprisoned in the very same castle, and sold into slavery. One of Oprah's Best Books of the Year and a PEN/Hemingway award winner, *Homegoing* follows the parallel paths of these sisters and their descendants through eight generations: from the Gold Coast to the plantations of Mississippi, from the American Civil War to Jazz Age Harlem. Yaa Gyasi's extraordinary novel illuminates slavery's troubled legacy both for those who were taken and those who stayed—and shows how the memory of captivity has been inscribed on the soul of our nation.

But some opportunities Jade could do without, like the mentor programme for 'at-risk' girls. Just because her mentor is black doesn't mean she understands where Jade is coming from. Why is Jade always seen as someone to fix? But with a college scholarship promised at the end of it, how can Jade say no? Jade feels like her life is made up of hundreds of conflicting pieces. Will it ever fit together? Will she ever find her place in the world? More than anything, Jade just wants the opportunity to be real, to make a difference. **Orwell's Roses** Rebecca Solnit, 2022-10-18 Finalist for the National Book Critics Circle Award for Nonfiction Finalist for the PEN/Jacqueline Bograd Weld Award for Biography "An exhilarating romp through Orwell's life and times and also through the life and times of roses." —Margaret Atwood "A captivating account of Orwell as gardener, lover, parent, and endlessly curious thinker." —Claire Messud, Harper's "Nobody who reads it will ever think of Nineteen Eighty-Four in quite the same way." —Vogue A lush exploration of politics, roses, and pleasure, and a fresh take on George Orwell as an avid gardener whose political writing was grounded by his passion for the natural world "In the spring of 1936, a writer planted roses." So begins Rebecca Solnit's new book, a reflection on George Orwell's passionate gardening and the way that his involvement with plants, particularly flowers, illuminates his other commitments as a writer and antifascist, and on the intertwined politics of nature and power. Sparked by her unexpected encounter with the roses he reportedly planted in 1936, Solnit's account of this overlooked aspect of Orwell's life journeys through his writing and his actions—from going deep into the coal mines of England, fighting in the Spanish Civil War, critiquing Stalin when much of the international left still supported him (and then critiquing that left) to his analysis of the relationship between lies and authoritarianism. Through Solnit's celebrated ability to draw unexpected connections, readers are drawn onward from Orwell's own work as a writer and gardener to encounter photographer Tina Modotti's roses and her politics, agriculture and illusion in the USSR of his time with forcing lemons to grow in impossibly cold conditions, Orwell's slave-owning ancestors in Jamaica, Jamaica Kincaid's examination of colonialism and imperialism in the flower garden, and the brutal rose industry in Colombia that supplies the American market. The book draws to a close with a rereading of Nineteen Eighty-Four that completes Solnit's portrait of a more hopeful Orwell, as well as offering a meditation on pleasure, beauty, and joy as acts of resistance.

**The Rape of Nanking** Iris Chang, 2014-03-11 The New York Times bestselling account of one of history's most brutal—and forgotten—massacres, when the Japanese army destroyed China's capital city on the eve of World War II, piecing together the abundant eyewitness reports into an undeniable tapestry of horror. (Adam Hochschild, Salon) In December 1937, one of the most horrific atrocities in the long annals of wartime barbarity occurred. The Japanese army swept into the ancient city of Nanking (what was then the capital of China), and within weeks, more than 300,000 Chinese civilians and soldiers were systematically raped, tortured, and murdered. In this seminal work, Iris Chang, whose own grandparents barely escaped the massacre, tells this history from three perspectives: that of the Japanese soldiers, that of the Chinese, and that of a group of Westerners who refused to abandon the city and created a safety zone, which saved almost 300,000 Chinese. Drawing on extensive interviews with survivors and documents brought to light for the first time, Iris Chang's classic book is the definitive history of this horrifying episode.

**Friends and Strangers** J. Courtney Sullivan, 2020-06-30 NEW YORK TIMES BESTSELLER • A TODAY SHOW #ReadWithJenna BOOK CLUB PICK • An insightful and compulsively readable novel about a complicated friendship between two women who are at two very different stages in life, from the best-selling author of *Maine* and *Saints for All Occasions*. Once again, Sullivan has shown herself

to be one of the wisest and least pretentious chroniclers of modern life.—The Washington Post Elisabeth, an accomplished journalist and new mother, is struggling to adjust to life in a small town after nearly twenty years in New York City. Alone in the house with her infant son all day (and awake with him much of the night), she feels uneasy, adrift. She neglects her work, losing untold hours to her Brooklyn moms' Facebook group, her influencer sister's Instagram feed, and text messages with the best friend she never sees anymore. Enter Sam, a senior at the local women's college, whom Elisabeth hires to babysit. Sam is struggling to decide between the path she's always planned on and a romantic entanglement that threatens her ambition. She's worried about student loan debt and what the future holds. In short order, they grow close. But when Sam finds an unlikely kindred spirit in Elisabeth's father-in-law, the true differences between the women's lives become starkly revealed and a betrayal has devastating consequences. A masterful exploration of motherhood, power dynamics, and privilege in its many forms, *Friends and Strangers* reveals how a single year can shape the course of a life.

**The Big Roads** Earl Swift, 2011-06-09 Discover the twists and turns of one of America's great infrastructure projects with this "engrossing history of the creation of the U.S. interstate system" (Los Angeles Times). It's become a part of the landscape that we take for granted, the site of rumbling eighteen-wheelers and roadside rest stops, a familiar route for commuters and vacationing families. But during the twentieth century, the interstate highway system dramatically changed the face of our nation. These interconnected roads—over 47,000 miles of them—are man-made wonders, economic pipelines, agents of sprawl, uniquely American symbols of escape and freedom, and an unrivaled public works accomplishment. Though officially named after President Dwight D. Eisenhower, this network of roadways has origins that reach all the way back to the World War I era, and *The Big Roads*—"the first thorough history of the expressway system" (The Washington Post)—tells the full story of how they came to be. From the speed demon who inspired a primitive web of dirt auto trails to the largely forgotten technocrats who planned the system years before Ike reached the White House to the city dwellers who resisted the concrete juggernaut when it bore down on their neighborhoods, this book reveals both the massive scale of this government engineering project, and the individual lives that have been transformed by it. A fast-paced history filled with fascinating detours, "the book is a road geek's treasure—and everyone who travels the highways ought to know these stories" (Kirkus Reviews).

**A Carlin Home Companion** Kelly Carlin, 2015-09-15 Truly the voice of a generation, George Carlin gave the world some of the most hysterical and iconic comedy routines of the last fifty years. From the Seven Dirty Words to *A Place for My Stuff*, to *Religion is Bullshit*, he perfected the art of making audiences double over with laughter while simultaneously making people wake up to the realities (and insanities) of life in the twentieth century. Few people glimpsed the inner life of this beloved comedian, but his only child, Kelly, was there to see it all. Born at the very beginning of his decades-long career in comedy, she slid around the old Dodge Dart, as he and wife Brenda drove around the country to hell gigs. She witnessed his transformation in the '70s, as he fought back against—and talked back to—the establishment; she even talked him down from a really bad acid trip a time or two (Kelly, the sun has exploded and we have eight, no-seven and a half minutes to live!). Kelly not only watched her father constantly reinvent himself and his comedy, but also had a front row seat to the roller coaster turmoil of her family's inner life—alcoholism, cocaine addiction, life-threatening health scares, and a crushing debt to the IRS. But having been the only adult in her family prepared her little for the task of her own adulthood. All the while, Kelly sought to define her own voice as she separated from the shadow of her father's genius. With rich humor and deep insight, Kelly Carlin pulls back the curtain on what it was like to grow up as the daughter of one of the most recognizable comedians of our time, and become a woman in her own right. This vivid, hilarious, heartbreaking story is at once singular and universal—it is a contemplation of what it takes to move beyond the legacy of childhood, and forge a life of your own.

**An Invisible Thread** Laura Schroff, Alex Tresniowski, 2012-08-07 A cloth bag containing eight copies of the title, that may also include a folder.

**A Really Good Day** Ayelet Waldman, 2017 In an effort to treat a debilitating mood disorder, Ayelet Waldman undertook a very private experiment, ingesting 10 micrograms of LSD every three days for a month. This is the story--by turns revealing, courageous, fascinating and funny--of her quietly psychedelic spring, her quest to understand one of our most feared drugs, and her search for a really good day--

**Remote Control** Nnedi Okorafor, 2021-01-19 An alien artifact turns a young girl into Death's adopted daughter in *Remote Control*, a thrilling sci-fi tale of community and female empowerment from Nebula and Hugo Award-winner Nnedi Okorafor "She's the adopted daughter of the Angel of Death. Beware of her. Mind her. Death guards her like one of its own." The day Fatima forgot her name, Death paid a visit. From hereon in she would be known as Sankofa—a name that meant nothing to anyone but her, the only tie to her family and her past. Her touch is death, and with a glance a town can fall. And she walks—alone, except for her fox companion—searching for the object that came from the sky and gave itself to her when the meteors fell and when she was yet unchanged; searching for answers. But is there a greater purpose for Sankofa, now that Death is her constant companion? Winner of the AudioFile Earphones Award (audiobook version). At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
