Choose Yourself! James Altucher, 2013 The world is changing. Markets have crashed. Jobs have disappeared. Industries have been disrupted and are being remade before our eyes. Everything we aspired to for “security,” everything we thought was “safe,” no longer is: College. Employment. Retirement. Government. It's all crumbling down. In every part of society, the middlemen are being pushed out of the picture. No longer is someone coming to hire you, to invest in your company, to sign you, to pick you. It's on you to make the most important decision in your life: Choose Yourself. New tools and economic forces have emerged to make it possible for individuals to create art, make millions of dollars and change the world without “help.” More and more opportunities are rising out of the ashes of the broken system to generate real inward success (personal happiness and health) and outward success (fulfilling work and wealth). This book will teach you to do just that. With dozens of case studies, interviews and examples—including the author, investor and entrepreneur James Altucher's own heartbreaking and inspiring story—Choose Yourself illuminates your personal path to building a bright, new world out of the wreckage of the old.

But deep down, a good business leader is an everyman who combines vision and high energy with the ability to connect with and learn from all types of people. In *The Power of Being Yourself*, renowned business leader Joe Plumeri offers simple yet profound guidance on how to stay positive, motivate yourself and others, and achieve success in your life and work. Plumeri's Game Plan for Success features eight key principles, from *Everyone Has the Same Plumbing*, in which his fish-out-of-water experience as CEO and chairman of a London-based company reveals how cultural differences can be overcome as people everywhere respond to authenticity, to *You Gotta Have Purpose!*, which explores the transformative ingredient that leads to tangible progress. And because this book is meant to be revisited and consulted whenever you need fresh inspiration or practical advice, *The Power of Being Yourself* also features a final section -- *Applying the Principles* -- imparting further guidance and checklists. By sharing his own experiences--and candidly exploring high-stakes business decisions along with many personal triumphs and tragedies--Plumeri explains that the secret to success is found not in boardroom strategy or corporate philosophy, but rather in allowing passion, purpose, and true emotions to inform your approach and guide your relationships. His book is a timely wake-up call in a world where heartless electronic communication too often takes precedence over genuine connection. Plumeri reveals that if we can live in the moment and be honest and true in our emotions, the effect carries over into how we live all facets of our lives.

Take Care of Yourself! Shohreh Afshar,2020-12-22 When Helen, a kindergarten teacher, entered her class with a huge bag instead of her usual books, children right away realized that something different and important was going to take place that day. Parents and educators usually find it difficult to initiate a discussion about sensitive subjects such as private parts. This story, through engaging and provoking children's curiosity, provides definitions and clarification on some of the related concepts, such as good touches and bad touches, good secrets and bad secrets, and how to tell the difference. The story also educates children to be aware of their feelings and trust them. This is especially important as the analytical mind is not yet developed in those tender ages, and a child has to primarily rely on his or her feelings to assess a situation and act accordingly. The book also educates children what to do when facing an uncomfortable situation. "Well done! The book is almost like a demonstration of teaching the elementary grades lessons in the Childhelp Speak Up Be Safe curriculum!"
