**The Greatest Search and Rescue Stories Ever Told** Tom McCarthy,2019-08-29 From the early years of Western Expansion to the present day, our history is marked by the heroic exploits of the rescuer and the rescued in some of the most daunting geographic, meteorological, and otherwise life-threatening challenges. First responders have variously been members of law enforcement to ordinary good samaritans who couldn't look the other way in the face of their brethren in peril. This book collects the most compelling search-and-rescue accounts of the last two hundred years, from William Lewis Manly bringing relief to '49ers lost in Death Valley, to modern-day SAR teams working with the National Park and Forest Services to locate missing hikers or carry out the injured from a wilderness mishap. Of course, many search-and-rescues turn into a body recovery effort, or even a criminal investigation if foul play is suspected. Regardless of the outcome, this book honors those who put others' lives before their own in the face of peril.

In Search of Common Ground: Inspiring True Stories of Overcoming Hate in a Divided World Bastian Berbner,2022-10-11 An essential book for this moment—here are inspiring stories of people who have built meaningful relationships despite initial deep-seated prejudice, revealing how we can mend our fiercest divides Is there nothing we can do? This is the question that inspired award-winning journalist Bastian Berbner to embark on this book as he surveyed the political arenas in the United States, the United Kingdom, and elsewhere across Europe, compelled by what he describes as “something akin to political fear.” What he found in the course of his reporting are people who, despite significant differences in their worldviews and ideas, were able to trust, listen to, and be open with one another. In Search of Common Ground takes us around the world: to Arizona, where a former neo-Nazi befriends his Black parole officer; to Germany, where an older couple dread the arrival of their new Roma neighbors—but are moved upon meeting them to offer help, becoming their friends and champions; to Ireland, where we see one friendship change the world when a gay-rights activist overturns a conservative mailman’s homophobia—and together, they help sway public opinion to legalize gay marriage. Berbner’s intensively reported and compelling accounts are interwoven with expert insight from Nobel Prize-winning economist Daniel Kahneman, psychologist Peter Coleman of Columbia University, and others. This uplifting book vividly shows that we can overcome prejudice and find common ground.
