Power Rangers: Ninja Storm Volume 1: Dark Sky Overhead
Douglas Sloan & Ann Knapp, 2003-08-05 The Power Rangers Cine-Manga* series will launch with Ninja Storm which tells the story of three rebellious students, who are the last ones remaining at their ninja academy after evil aliens attack the Earth. The Storm Arif Anwar, 2021-07-27 Seamlessly interweaves five love stories that, together, chronicle sixty years of Bangladeshi history. Shahryar, a recent PhD graduate and father of nine-year-old Anna, must leave the US when his visa expires. In their last remaining weeks together, we learn Shahryar's history, in a village on the Bay of Bengal, where a poor fisherman and his wife are preparing to face a storm of historic proportions. That story intersects with those of a Japanese pilot, a British doctor stationed in Burma during World War II, and a privileged couple in Calcutta who leaves everything behind to move to East Pakistan following the Partition of India. Inspired by the 1970 Bhola cyclone, in which half a million-people perished overnight, the structure of this riveting novel mimics the storm itself. Building to a series of revelatory and moving climaxes, it shows the many ways in which families love, betray, honor, and sacrifice for one another. At once grounded in history and fantastically imaginative, *The Storm* explores the humanity that connects us beyond the surface differences of race, religion, and nationality. It is an epic novel in the tradition of Khaled Hosseini's *The Kite Runner* and Rohinton Mistry's *A Fine Balance*, by a singularly gifted and perceptive new writer.--

In the Storm Sholem Aleichem, 1984 Three families of Jews who share the same address in Kiev -- a rich businessman, his Orthodox wife, and medical student daughter, an assimilated, anti-Zionist pharmacist and his son, and a poor shoemaker and his sons -- become caught in the turmoil of the 1905 Russian

revolution.

The Storm Within Brandon Eger, 2021-07-22

If you had the power to do practically anything, would it be enough to outrun your destiny? Shar is just a regular twenty-five-year-old guy still trying to figure out life. With an unreturned crush on a childhood friend, a simple banking job, and a set-in-stone daily routine, his life is simple and predictable--that is, until a car crash and a lightning strike lead him to discover that our world is not the only one out there, that there are other races besides just humans, and that magic is very real, sometimes with horrifying consequences. With the discovery that the lightning has awakened something equally beautiful and deadly within him, he finds himself at Brenerra, an academy built to teach mages of all ages how to control their magic without destroying themselves. What the mages choose to do after their training, though, whether they decide to use it impartially or for good or evil, is entirely up to them. As dark plots unfold and hidden enemies make their move, Shar quickly discovers that nothing is as it seems, that even his own powers and memories cannot be trusted.

Storm Breaking Mercedes Lackey,1997-10-01 As Storm Breaking opens, the western allies, led by Karal, Karsite Sunpriest and delegate to the Valdemaran Court, and the Adepts Firesong and An'desha, have traveled deep into the Dorisha

Plains to locate the ancient ruins of the Tower of Urtho, Mage of Silence, creator of the gryphons. Legend has it that below the Tower, deeply buried beneath the plains, is Urtho's Vault, hidden stronghold of some of the most powerful magical weapons ever devised - weapons that Urtho himself felt were too dangerous to use. With the help of the Shin'a'in plainsmen, they have successfully excavated this ancient arsenal, and risked their lives triggering one of these antique but potent tools of death to unleash a monstrous burst of mage-energy. With this explosion of magical power, Karal, Firesong, and their companions have temporarily counteracted the ever-increasing waves of the mage storms. But they know that this desperate action will not save them - they have bought themselves precious time, but are still far from a permanent solution. They know now that the mage storms are an echo through time of the prehistoric Cataclysm which destroyed Urtho's Tower, created the vast and barren Dorisha Plains, and permanently warped their world more than two thousand years ago. And they also know that if they don't find a way to banish these magical vibrations they will culminate in another Cataclysm - this time destroying their world for good. But the Vault is not the only thing buried for centuries below the Dorisha Plains, and camped in the ruins of what once was the workplace of the most ingenious mage their world has ever known, the desperate allies soon come to realize that their solution may lie beneath the dust at their feet. The saving of their world just might be accomplished by the work of a man who has been dead for millennia!
