Macedonia's Long Transition Robert Hudson, Ivan Dodovski, 2023-02-24 This book provides a broad, interdisciplinary analysis of events impacting on North Macedonia since its independence, particularly during the last decade. In the past thirty years, the country has gone through deep political, social and economic transition, along with a name change from 'Macedonia' to the 'Republic of North Macedonia' following the Prespa Agreement signed with Greece. The contributors consider Macedonia's challenges, its multi-ethnic make-up and its ambition to enter the European mainstream through the auspices of the European Union and NATO. The volume includes chapters on international politics and North Macedonia's place in the region's security architecture as well as the difficulties of the privatisation of socially owned enterprises, political corruption, state capture and backsliding. The book also covers the controversial 'Skopje 2014' project in addition to the impact of migration along the 'Balkan Route' and the current wranglings with Bulgaria over identity politics.

Diaspora Engagement in Times of Severe Economic Crisis Othon Anastasakis, Manolis Pratsinakis, Foteini Kalantzi, Antonis Kamaras, 2022-06-19 How does a severe economic crisis impact on diaspora-homeland relations? The present volume addresses this question by exploring diaspora engagement in Greece during the protracted post-2009 eurozone crisis. In so doing, it looks at the crisis as a critical juncture in Greece's relations with its nationals abroad. The contributors in this book explore aspects of diaspora engagement, including transnational mobilisation, homeland reform, the role of diasporic institutions, crisis driven migration, as well as, comparisons with other countries in Europe. This book provides a compelling and original interdisciplinary study of contemporary diaspora issues, through the lens of an advanced economy and democracy facing a prolonged crisis, and, as such, it is a significant addition to the literature on European diasporas.

The Rise of the Far Right in Europe Gabriella Lazaridis, Giovanna Campani, Annie Benveniste, 2016-07-04 The results of the last European Elections of 2014 confirmed the rise of right and far right 'populist' parties across the EU. The success of a range of parties, such as Denmark's Dansk Folkeparti, Slovenia's Slovenska demokratska stranka, France's Front National, Greece's Golden Dawn, the United Kingdom Independence Party, Beppe Grillo's Five Star Movement in Italy and the Austrian FPÖ, has been perceived as a political wave which is transforming the face of the European Parliament, and challenging at some level the hegemony of the 'big four' well-established European political forces that lead the Strasbourg's assembly: the ALDE, EPP, S&D and Greens/ALE. As 'populism' has become a major issue in many EU countries, this collection aims to provide a critical understanding of related trends and recommend ways in which they can be challenged both in policy and praxis, by using the gender-race-ethnicity-sexual orientation intersectionality approach. This international volume combines extensive transnational comparative data analysis, as well as research at discursive, attitudinal and behavioural levels.

China and the Belt and Road Initiative Young-Chan Kim, 2022-01-01 This book offers

critical insights into the China-led Belt and Road Initiative (BRI) from an EU perspective. It analyzes the political, cultural, and diplomatic effectiveness of Xi's efforts to expand socio-cultural ties and build new trade corridors between Europe and the Far East, and sheds light on the lasting success and influence of China-led economic programs. The book is divided into three parts. The first part provides an overview of the various dimensions of the BRI initiative, including the challenges and opportunities of the EU-China trade relationship, China's geopolitical interests, and foreign policy approaches. The second part analyzes BRI cooperation from the perspective of the business sector, while the third part presents case studies that examine the impacts and responses of various European countries to the BRI.

Circassia and Ukraine Adel Bashqawi, 2023-08-23 In light of the war of extermination that waged against Ukraine, the aggression is a typical scorched-earth policy. Genocide, ethnic cleansing, and forced deportation committed in the nineteenth century in Circassia are similar to Russia's war in Ukraine since February 24, 2022. The book reminds of dozens of peoples and nations eager to restore their confiscated rights since the dissolution of the Soviet Union until now. It is divided into time periods (chapters). It touches on articles, studies, prominent occasions, developments, events, and commemorations that occurred during the mentioned period. What happened in the past and is developing nowadays necessitated the documentation, showing and exposing facts and events, which will set the record straight. Where actions speak louder than words, this confirms an undeniable reality. With peoples deprived of their rights, the Russian state did not care so far for mending fences and reconciling for peace and fairness. That confirms

an undeniable fact, which is that the Russian state has not cared so far to carry out the duty entrusted to it in order to correct what the successive Russian regimes have committed against the Circassian nation and other victims of wars, occupation, genocide, deportation, and forced annexation.

Global Atlas of Refugees and Asylum Seekers Ana Vila-Freyer,Ibrahim Sirkeci,2023-10-15 Dive into the intricate and globally significant topic of asylum and refugees with the Global Atlas of Refugees and Asylum Seekers. This compelling collection of essays, curated by a diverse group of renowned scholars, offers an extensive exploration of migration patterns, paradigms, and lessons from around the world. As you journey through the chapters, you'll gain unique insights into how countries have responded to the unprecedented refugee crisis, examining notable cases such as Costa Rica, the United States, Canada, Chile, Mexico, and many more. Discover the complexities of asylum systems and the changing landscapes of migration policies in nations as diverse as Bulgaria, Italy, Germany, Greece, Sweden, Spain, and North Macedonia. Delve into the geopolitical implications of seeking refuge and asylum, with a comprehensive analysis of the Palestinian diaspora and an exploration of Pakistan, India, Turkey, and the communitarian-based strategy in refugee laws. This essential compendium provides a comprehensive understanding of the intricate dynamics and global challenges surrounding asylum and refugees. With its diverse range of topics and expert contributors, the Global Atlas of Refugees and Asylum Seekers is a valuable resource for anyone interested in the complexities of global migration and the policies that shape the lives of those seeking refuge. The authors of this book identify two main paradigms shaping states' narratives

regarding asylum seekers and refugees. Along the horizontal axis, discourses range from national security to humanitarian aid. On the vertical axis, they extend from the pursuit of ideals, as traditionally defined for refugees and asylum seekers, to personal survival due to economic, climate-related crises, family violence, gender violence, or organized crime. This shift, as highlighted in the chapter on Germany by Professor Knerr, is altering the original vision of agreements that stemmed from post-World War II Europe.

Turkey and the Balkans Başak Z. Alpan, Ahmet Erdi Öztürk, 2022-12-26 This book delves into Turkey's increasing ethno-religious, pragmatic, and complicated involvement and activism in the Balkans since 2002, under the Justice and Development Party (Adalet ve Kalkınma Partisi – AKP). It primarily focusses on the intersectionality between domestic and foreign policy that has played an important role in Turkey's recent relations with the Balkan countries as well as exploring how the Europeanisation process influences this relationality. Broadly, the chapters in this volume posit that religion, ethnicity and kin politics are indispensable components of identity politics and have the capacity to transform Turkey's foreign policy attitudes as well as the orientations of the Balkan countries. The book also asserts that the impact of the processes of Europeanisation and de-Europeanisation on the relationship between Turkey and the Balkans needs to be included into the analysis. This book will be useful to students, researchers and academics interested in Politics, International Relations and Southeast European Studies. The chapters in this book were originally published as a special issue of Southeast European and Black Sea Studies.

1917 and the Consequences Gerhard Besier, Katarzyna Stokłosa, 2019-09-30 The

Russian Revolution of 1917 has been one of the most important events of modern history. It changed the course of the events not only in Russia but, on a wider scale, across the world while it influenced the flow of history throughout the twentieth century until the fall of the Soviet Union and, to some extent, well beyond this time. Radical change in Russia triggered social revolutions and reformations across Europe, while authoritarian systems shaped their societies according to the Russian model. This book analyses these forces, particularly at the European periphery which has been underexplored until this volume.

Social Analysis and the COVID-19 Crisis Suman Gupta, Richard Allen, Maitrayee Basu, Fabio Akcelrud Durão, Ayan-Yue Gupta, Milena Katsarska, Sebastian Schuller, John Seed, Peter H. Tu, 2020-11-26 This book is a collective journal of the COVID-19 pandemic. With first-hand accounts of the pandemic as it unfolded, it explores the social and the political through the lens of the outbreak. Featuring contributors located in India, the United States, Brazil, the United Kingdom, Germany, and Bulgaria, the book presents us with simultaneous multiple histories of our time. The volume documents the beginning of social distancing and lockdown measures adopted by countries around the world and analyses how these bore upon prevailing social conditions in specific locations. It presents the authors' personal observations in a lucid conversational style as they reflect on themes such as the reorganization of political debates and issues, the experience of the marginalized, theodicy, government policy responses, and shifts into digital space under lockdown, all of these under an overarching narrative of the healthcare and economic crisis facing the world. A unique and engaging contribution, this book will be useful to students and researchers of sociology, public health, political economy, public policy, and

comparative politics. It will also appeal to general readers interested in pandemic literature.

THE CHANGING PERSPECTIVES AND 'NEW' GEOPOLITICS OF THE CAUCASUS IN THE 21ST CENTURY SERDAR YILMAZ, MURAT YORULMAZ, 2021-03-08

The change of the geopolitical realities and dynamics, the latest regional developments and the emergence of a new perception of security due to the new situation in Karabakh have changed current perspectives in the South Caucasus region. This book will provide a comprehensive introduction for students, academics, media representatives, business persons and those who are interested in the region. It will guide you through in a very readable and engaging style as it covers all the salient points and issues of the North Caucasus (the autonomous republics) succinctly and the South Caucasus (Azerbaijan, Georgia, Armenia) in detail. After the last development and Russian direct involvement in the Karabakh issue, the world's attention has focused increasingly on the Caucasus region. Thus, **THE CHANGING PERSPECTIVES AND 'NEW' GEOPOLITICS OF THE CAUCASUS IN THE 21ST CENTURY** book will be an excellent introduction to the complexities of a little-known the Caucasus region and make a significant contribution to the understanding of fundamental issues of the region. As the editors, we would like to dedicate this book to the heroic Azerbaijani soldiers who were martyred during the struggle for the liberation of the Karabakh lands from the Armenian occupation.

Поправка 3:17. Как перестать портить жизнь себе и окружающим Александр

Димидов, 2019-07-12 Эссе «Поправка 3:17» представляет собой беспрецедентную, написанную простым «человеческим» языком, попытку анализа наших повседневных проблем сквозь парадигму христианских ценностей. Отношения между церковью и человеком. Конфликт биологии и нравственности. Роль личностных ориентиров. Почему все в мире происходит так, как происходит? Почему моя судьба складывается так, а не иначе? И наконец, что необходимо изменить, чтобы перестать портить жизнь себе и окружающим.
