Macedonia's Long Transition Robert Hudson, Ivan Dodovski, 2023-02-24 This book provides a broad, interdisciplinary analysis of events impacting on North Macedonia since its independence, particularly during the last decade. In the past thirty years, the country has gone through deep political, social and economic transition, along with a name change from 'Macedonia' to the 'Republic of North Macedonia' following the Prespa Agreement signed with Greece. The contributors consider Macedonia's challenges, its multi-ethnic make-up and its ambition to enter the European mainstream through the auspices of the European Union and NATO. The volume includes chapters on international politics and North Macedonia's place in the region's security architecture as well as the difficulties of the privatisation of socially owned enterprises, political corruption, state capture and backsliding. The book also covers the controversial 'Skopje 2014' project in addition to the impact of migration along the 'Balkan Route' and the current wranglings with Bulgaria over identity politics.

Diaspora Engagement in Times of Severe Economic Crisis Othon Anastasakis, Manolis Pratsinakis, Foteini Kalantzi, Antonis Kamaras, 2022-06-19 How does a severe economic crisis impact on diaspora-homeland relations? The present volume addresses this question by exploring diaspora engagement in Greece during the protracted post-2009 eurozone crisis. In so doing, it looks at the crisis as a critical juncture in Greece's relations with its nationals abroad. The contributors in this book explore aspects of diaspora engagement, including transnational mobilisation, homeland reform, the role of diasporic institutions, crisis driven migration, as well as, comparisons with other countries in Europe. This book provides a compelling and original interdisciplinary study of contemporary diaspora issues, through the lens of an advanced economy and democracy facing a prolonged crisis, and, as such, it is a significant addition to the literature on European diasporas.

The Caucasus Emirate Mujahedin Gordon M. Hahn, 2014-09-29 Russia's North Caucasus mujahedin of the self-declared Caucasus Emirate and the history thereof is part and parcel of the global jihadi revolutionary movement which includes but is no longer led by Al Qaeda. This book corrects the inadequate previous treatments of the violence in the Caucasus, almost all of which explain what ought to be called the rise of jihadism in the Caucasus solely in terms of Russian actions. The author brings the international jihadist and local North Caucasian causes back into the picture, detailing the global Jihadist/Islamist revolutionary movement's propagation of the "jihadi method" and material support to nationalist and Islamic extremists in Chechnya and the Caucasus since the mid-1990s. Like jihadi groups in Afghanistan and Pakistan, Iraq, Syria, and Africa, the Caucasus Emirate is an Al Qaeda ally and de facto affiliate. It represents a threat to Russian, U.S., and international security as evidenced by terrorist plots perpetrated or inspired by it in Belgium, the Czech Republic, Denmark, Spain, Azerbaijan, and Boston.

Circassia and Ukraine Adel Bashqawi, 2023-08-23 In light of the war of extermination that waged against Ukraine, the aggression is a typical scorched-earth policy. Genocide, ethnic cleansing, and forced deportation committed in the nineteenth century in Circassia are similar to Russia's war in Ukraine since February 24, 2022. The book reminds of dozens of peoples and nations eager to restore their confiscated rights since the dissolution of the Soviet Union until now. It is divided into time periods (chapters). It touches on articles, studies, prominent occasions, developments, events, and commemorations that occurred during the mentioned period. What happened in the past and is developing nowadays necessitated the documentation, showing and exposing facts and events, which will set the record straight. Where actions speak louder than words, this confirms an undeniable reality. With peoples deprived of their rights, the Russian state did not care so far for mending fences and reconciling for peace and fairness. That confirms an undeniable fact, which is that the Russian state has not cared so far to carry out the duty entrusted to it in order to correct what the successive Russian regimes have committed against the Circassian nation and other victims of wars, occupation, genocide, deportation, and forced annexation.

Different Shades of the Past Mateusz Kamionka, Przemysław Łukasik, 2023-01-30 In his book *21 Lessons for the 21st Century* the historian Yuval Noah Harari wrote that man had the possibility to conquer the world precisely because he could create fictional stories and believe in them. People created more and more complex stories about themselves that served and continue to serve, according to the professor of the University of Jerusalem, building unity, social harmony and gaining power. A narrative about past, in which memory fragmentation and victimisation play a large role, may be a temptation to instrumentalise the past. This is especially true in relation to the events of the twentieth century, when a series of bloody war conflicts occurred. As shown in the following post-conference volume, today the wars of the past (World War I and World War II, Indian-Pakistani war) and current conflicts (Russo-Ukrainian war, war in Sudan or Nagorno-Karabakh) are also a catalyst for the process of instrumentalisation. This process can be

analysed both at the level of the evolution of the language of conflict, including the erosion of the values of democratic dialogue, and the use of specific means of commemorating the past (monuments, museums, the Internet).

Turkey and the Balkans Başak Z. Alpan,Ahmet Erdi Öztürk,2022-12-26 This book delves into Turkey's increasing ethno-religious, pragmatic, and complicated involvement and activism in the Balkans since 2002, under the Justice and Development Party (Adalet ve Kalkınma Partisi – AKP). It primarily focusses on the intersectionality between domestic and foreign policy that has played an important role in Turkey's recent relations with the Balkan countries as well as exploring how the Europeanisation process influences this relationality. Broadly, the chapters in this volume posit that religion, ethnicity and kin politics are indispensable components of identity politics and have the capacity to transform Turkey's foreign policy attitudes as well as the orientations of the Balkan countries. The book also asserts that the impact of the processes of Europeanisation and de-Europeanisation on the relationship between Turkey and the Balkans needs to be included into the analysis. This book will be useful to students, researchers and academics interested in Politics, International Relations and Southeast European Studies. The chapters in this book were originally published as a special issue of Southeast European and Black Sea Studies.

1917 and the Consequences Gerhard Besier,Katarzyna Stokłosa,2019-09-30 The Russian Revolution of 1917 has been one of the most important events of modern history. It changed the course of the events not only in Russia but, on a wider scale, across the world while it influenced the flow of history throughout the twentieth century until the fall of the Soviet Union and, to some extent, well beyond this time. Radical change in Russia triggered social revolutions and reformations across Europe, while authoritarian systems shaped their societies according to the Russian model. This book analyses these forces, particularly at the European periphery which has been underexplored until this volume.

The Collective Dimensions of Employment Relations Tindara Addabbo,Edoardo Ales,Ylenia Curzi,Tommaso Fabbri,Olga Rymkevich,Iacopo Senatori,2021-08-09 This edited volume explores the old and new “collective dimensions” of employment relations. It examines specific challenges stemming from new forms of work of the digital and sharing economy, such as measurement, monitoring, assessment, and remuneration of work, the protection of work-life balance, the impact of new technologies on health and safety, the adaptation of occupational skills to new work processes, and the responses to the digital restructuring of undertakings. It addresses a series of questions such as how the representational action of unions and works councils can adapt to the challenges posed by new production systems and whether the legislative framework needs to be reformed to ensure that digital workers enjoy the right to collective representation. This important collection offers readers a renewed theoretical perspective and justification of the role that the dialogue between workers (representatives) and companies could play in an increasingly complex world of work.

Поправка 3:17. Как перестать портить жизнь себе и окружающим Александр Димидов,2019-07-12 Эссе «Поправка 3:17» представляет собой беспрецедентную, написанную простым «человеческим» языком, попытку анализа наших повседневных проблем сквозь парадигму христианских ценностей. Отношения между церковью и человеком. Конфликт биологии и нравственности. Роль личностных ориентиров. Почему все в мире происходит так, как происходит? Почему моя судьба складывается так, а не иначе? И наконец, что необходимо изменить, чтобы перестать портить жизнь себе и окружающим.

СССР страна, созданная пропагандой Георгий Почепцов,2020-06-13 Георгий Георгиевич Почепцов — доктор филологических наук, профессор, писатель-фантаст, ученый, автор более 20 книг для детей и более 40 на тему теории коммуникаций. Заслуженный журналист Украины, член Национального союза писателей. В мире современных коммуникаций и программирования человеческая память хранит из прошлого только то, что ей «велят» хранить технологии из настоящего. И главная роль здесь принадлежит пропаганде и метапропаганде. Своих вершин в эффективности и масштабности пропаганда достигает в сталинском СССР, гитлеровской Германии и путинской России. Эти три пропагандистские машины имеют общие черты и отличительные особенности. Но только советская пропаганда имела прочную научную (пусть даже околонучную или псевдонаучную) основу в виде коммунистических идей, что придавало ей определенную респектабельность. Об этом, а также о создании советской и постсоветской реальности с помощью контроля коммуникаций, о функционировании советской системы и многом другом рассказывается в этой книге. Раньше в издательстве «Фолио» вышли книги Г. Почепцова «Пропаганда 2.0», «Управление будущим», «Виртуальные войны. Фейки», «Когнитивные войны».

Рассказы бездомных о своей жизни трогательны, печальны, смешны, а порой и трагичны. Они представляют собой критичный взгляд на российскую социальную политику, безжалостно выталкивающую миллионы людей на обочину жизни. В оформлении обложки использована фотография Дениса Проданова Сергей. Содержит нецензурную брань.
