**Georges Perec: A Life in Words** David Bellos, 2010-11-30 It's hard to see how anyone is ever going to better this User's Manual to the life of Georges Perec - Gilbert Adair, Sunday Times Winner of the Prix Goncourt for Biography, 1994 George Perec (1936-82) was one of the most significant European writers of the twentieth century and undoubtedly the most versatile and innovative writer of his generation. David Bellos's comprehensive biography - which also provides the first full survey of Perec's irreverent, polymathic oeuvre - explores the life of an anguished, comical and endearingly modest man, who worked quietly as an archivist in a medical research library. The French son of Jewish immigrants from Poland, he remained haunted all of his life by his father's death in the war, fighting to defend France, and his mother's in Auschwitz-Birkenau. His acclaimed novel A Void (1969) - written without using the letter e - has been seen as an attempt to escape from the words père, mere, and even George Perec. His career made an auspicious start with Things: A Story of the Sixties (1965), which won the Prix Renaudot. He then pursued an idiosyncratic and ambitious literary itinerary through the intellectual ferment of Paris in the 1960s and 1970s. He belonged to the Ouvrier de Littérature Potentielle (Oulipo), a radically inventive group of writers whose members included Raymond Queneau and Italo Calvino. Perec achieved international celebrity with Life A User's Manual (1978), which won the Prix Medicis and was voted Novel of the Decade by the Salon du Livre. He died in his mid-forties after a short illness, leaving a truly puzzling detective novel, 53 Days, incomplete. Professor Bellos's book enables us at once to relish the most wilfully bizarre aspects of Perec's oeuvre and to understand the whys and wherefores of his protean nature - Jonathan Romney, Literary Review

**Last Stop, Paris** Michael McLoughlin, 1998 On March 29, 1971, a Canadian was found brutally murdered in a small Paris apartment. The victim, François Mario Bachand, was a radical member of the separatist Front de libération du Québec (FLQ), the terrorist group that had been causing havoc in Canada, planting bombs and carrying out kidnappings. Bachand served a jail term in the early 1960s, and after his release he was considered a loose cannon, heartily despised by many associates. It was widely believed that the FLQ had killed one of its own. Twenty years after Bachand died in Paris, author Michael McLoughlin came across a single document in the National Archives of Canada that shed an eerie new light on the circumstances of Bachand's death. The murder, McLoughlin discovered, was not so simple after all. And the deeper he dug, the more complicated - and disturbing - the case became. Last Stop, Paris analyzes the shocking circumstances surrounding Bachand's murder. McLoughlin carefully reconstructs the secret meeting that determined Bachand's fate and the events that led to his assassination on the March day in Paris. It also follows the movements of the FLQ and the RCMP Security Service, and reveals the close international connections that tied revolutionary groups of the later 1960s and 1970s - from Cuba to Europe to the Middle East - to underground agents of the CIA, MI5, and French intelligence. A revealing look at the international web of terrorism and government intelligence, Last Stop, Paris is an explosive examination of the secrets, betrayals and violence that characterized the most tumultuous period in Canada's recent history.
