The contents of this richly illustrated volume range from the humble Bic (albeit with stylish James Bond designs), to the most luxurious of lighters. There are, of course, many examples of the archetypal Zippo, as well as brands like Dupont, Dunhill, and Polaire. Collectible Lighters is a perfect source on the topic for all those interested in lighters, whether vintage or novelty, elegant or fun.

Script and Scribble Kitty Burns Florey, 2013-10-08 A witty and readable (and fetchingly illustrated and glossed) excursion through the history of handwriting. —The Wall Street Journal Let a self-confessed penmanship nut take you on a tour of the strange and beautiful world of handwriting. Since her Catholic school days

learning the Palmer Method, Kitty Burns Florey has been in love with handwriting, and can't imagine a world where schools forego handwriting drills in favor of teaching something called keyboarding. In this winsome mix of memoir and call to arms (Chicago Tribune), Florey weaves together the evolution of writing implements and scripts, pen-collecting societies, the golden age of American penmanship, and the growth in popularity of handwriting analysis, and asks the question: Is writing by hand really no longer necessary in today's busy world? Charmingly composed and handsomely presented, *Script & Scribble* traces the history of penmanship to the importance of writing by hand in an increasingly digital age (The Boston Globe).
