British Interior House Styles Trevor Yorke,2012-06-01 Here is a compact and easy reference guide, filled with original drawings and diagrams in full colour, which detail the changing uses of space within houses over the centuries. The book shows developments in fashion, decoration, and furniture within different rooms and how these have steadily evolved with the passage of time. The book covers an immense range of interior styles from 1500 to 1960. In addition, there is a glossary of terms and a historical time chart. The book will prove invaluable to those who visit period homes and, at the same time, will give useful pointers to those planning to restore their own home in a particular period style.

Manga Origami Márcio Hideshi Noguchi,Seth Friedman,2016-06-28 Welcome to the Wonderful World of Manga Origami Origami masters Márcio Hideshi Noguchi and Seth Friedman show everything you need to know to create adorable paper characters from your favorite manga/anime stories with basic origami folding instructions and clear step-by-step diagrams. In the first section you'll learn about the paper and other necessary materials, the origami symbols and terminology, and the general folding techniques needed to create and assemble all the basic figures. In the second section you will find specific instructions for customizing each of the characters with their outfits/costumes, accessories, and unique hairstyles. Some of the twenty projects are very recognizable as Japanese manga/anime characters, such as the Ronin Samurai, Kimono-Chan, Tea Picker, and Shrine Maiden, while others, like the French Maid, Nurse, Baseball Player, and Bunny Girl are more western. Also included are some fantasy characters, like the Fairy, Ori Fighter, Santa's Helper, and Dragon Girl. Of course, characters depicting school life and summer vacation fun are here too, such as Schoolgirl, Sailor Fuku, Gym Girl, Beach Bunny, Sensei, Uki-wa Chan, Harem Otoko, and Neko Form. All projects are clearly marked with their difficulty level: beginner (*), advanced beginner (**), intermediate (***), advanced (****), and expert (*****). Get ready, get set, start folding. You'll want to make all 20 characters.

Original Grin Ron English,2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie Supersize Me; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on The Simpsons secured his position as America's

premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.

Border Bang Jorge Gutiérrez,2018-11-13 WHEN MEXICAN FOLKORE MEETS U.S. POP CULTURE!!!! Border Bang is a passionate love letter to the Tijuana and US border, documenting the bootleg artifacts sold to locals and tourists alike. Reappropriating the bombardment of pop culture images is the border's reaction to global issues and events, telling viewers and consumers not to glorify these situations but rather to acknowledge them through their subversive presentation. Border artisans and shysters digest the influx of international popular culture, reappropriating and reconfiguring images to express themselves and empower objects with subversive ideas masked underneath bold colors and text. Raised in Tijuana, Gutierrez crossed the border to the US to attend elementary and middle school. Each day, he was dazzled and entranced by the objects being sold, creating alternative

narratives to the cartoon characters and celebrity portraits that he saw. Border Bang is a reflection of his childhood narrative, using images from Mickey Mouse to Tupac Shakur to convey the reflections and meditations of global events as witnessed by the border, exploring his love affair with Mexican pop and folk culture.

Yukikaze Ch hei Kambayashi,2010-01-19 More than thirty years ago, a hyper-dimensional passageway suddenly appeared over the continent of Antarctica, the first stage of an attempted terrestrial invasion by an enigmatic alien host. Humanity, united by a common enemy, managed to push the invaders back through the passageway to the strange planet nicknamed Faery. A special air-combat force was then created to go there and eliminate the alien bases once and for all. Now, in the midst of a war with no end in sight, Second Lieutenant Rei Fukai carries out his missions in the perilous skies over Faery. Attached to the 5th Squadron of the FAF's Special Air Force, an elite tactical combat and surveillance unit, his duty is to gather information on the enemy and bring it back--no matter the cost. His only constant companion in this lonely task is his fighter plane, the sentient FFR-31 Super Sylph: YUKIKAZE. -- VIZ Media

Hardware: The Definitive SF Works of Chris Foss Chris Foss,2011-09-06 Foss's groundbreaking and distinctive science fiction art revolutionized paperback covers in the 1970s and 80s. Dramatically raising the bar for realism and invention, his trademark battle-weary spacecraft, dramatic alien landscapes and crumbling brutalist architecture irrevocably changed the aesthetic of science fiction art and cinema. Featuring work for books by Isaac Asimov, E. E. 'Doc' Smith, Arthur C. Clarke, A. E. Van Vogt and Philip K. Dick, and film design for Ridley Scott and Stanley Kubrick, this volume brings together many rare and classic images that have never been seen or reprinted before. The first comprehensive retrospective of Chris Foss's SF career. "Chris Foss' name has become pre-eminent among sf artists... He is in love with the monstrous, with angular momentum, with inertia-free projectiles and irresistible objects." — Brian Aldiss "[Foss'] creations are real machines, not just an artist's dreams. They combine the two elements so essential to science fiction: realism and a sense of wonder... A medieval goldsmith of future eons." — Alejandro Jodorowsky

Icons Unmasked Alex Solis,2016-02-14 Ever wonder if the characters you see on TV, in movies and in comic books are hiding something behind

their masks? That perhaps they're really someone -- or something -- else? When pop culture is such a huge part of our lives, we're bombarded with these characters everywhere we turn. Each time we see a new character in a movie, video game or commercial, we feel a sudden sense déjà vu. There's something about their goofy grin, that creepy laugh, or those boogly eyes that feels eerily familiar...This got me thinking. Is anything we see ever 100% original? Or is everything we experience really just our minds piecing together past experiences to create something that feels unique and new? In Icons Unmasked, I'm trying to bring a new sense of discovery to characters everyone has seen hundreds of times. I wanted to recreate the experience of what it might be like to see one iconic character from your childhood for the first time as an adult. Proceed at your own caution and keep in mind the following illustrations cannot be unseen. Your childhood might possibly be destroyed forever
