Wag the Dog Larry Beinhart,2009-04-29 Once upon a time there was a mean, dying GOP chairman who had a brilliant scheme to assure that his man would retain the office of president of the United States of America. And the only man who could pull off this elaborate plan was a celebrated Hollywood director. Add to the mix a left-coast gumshoe named Broz who is trapped among cover-ups, undercover work, and his own morality, a cast of bicoastal desperate characters, and the stage is set for a powerful D.C./L.A. production. From Edgar award winning author Larry Beinhart, Wag the Dog was the most brilliant political satire of the last decade. It was made into a classic film by Barry Levinson, and, fortunately, is now back in print.

The Other End of the Leash Patricia McConnell, Ph.D.,2009-02-19 Learn to communicate with your dog--using their language "Good reading for dog lovers and an immensely useful manual for dog owners."--The Washington Post An Applied Animal Behaviorist and dog trainer with more than twenty years' experience, Dr. Patricia McConnell reveals a revolutionary new perspective on our relationship with dogs--sharing insights on how "man's best friend" might interpret our behavior, as well as essential advice on how to interact with our four-legged friends in ways that bring out the best in them. After all, humans and dogs are two entirely different species, each shaped by its individual evolutionary heritage. Quite simply, humans are primates and dogs are canids (as are wolves, coyotes, and foxes). Since we each speak a different native tongue, a lot gets lost in the translation. This marvelous guide demonstrates how even the slightest changes in our voices and in the ways we stand can help dogs understand what we want. Inside you will discover: • How you can get your dog to come when called by acting less like a primate and more like a dog • Why the advice to "get dominance" over your dog can cause problems • Why "rough and tumble primate play" can lead to trouble--and how to play with your dog in ways that are fun and keep him out of mischief • How dogs and humans share personality types--and why most dogs want to live with benevolent leaders rather than "alpha wanna-bes!" Fascinating, insightful, and compelling, The Other End of the Leash is a book that strives to help you connect with your dog in a completely new way--so as to enrich that most rewarding of relationships.

Scam-proof Your Life Sid Kirchheimer,2007 Provides consumers with information on ways to protect themselves from scams, covering such topics as homes, credit cards, identity theft, and travel.

Wag! Patrick McDonnell,2009-10-01 It seems that everything gets Earl's tail wagging--a bowl of food, a field of flowers, long walks, and belly rubs. But Mooch, Earl's best friend, knows what all of these things have in common: love is what makes Earl's tail wag. Patrick McDonnell, creator of the nationally syndicated comic strip, Mutts, pays an incredibly sweet tribute to his dog in a tale of wiggling and waggling, fwipping and fwapping...and every

dog's secret to the joy of life.

Paper Models That Rock! Rob Ives, 2013 Six easy models include a nodding donkey, a gift box decked with a fluttering heart, a rocking robin, rolling bones, a pair of tapping feet, and a tail-wagging dog.

Toddler Storytimes II Diane Briggs, 2008 School Library Journal: With 25 theme-based chapters, this is a handy resource. Each theme includes book recommendations, often 10 or more, with a nice mixture of classic and newer titles, and a suggestion to choose two or three per session. Words and instructions for fingerplays, rhymes, and songs are provided, while a discography provides melody sources for all songs. Each theme includes a flannel-board activity, complete with reproducible patterns and brief directions on how to present the story or song on the board. Safe and simple crafts ideas are presented as optional activities. Activities are listed by type, rather than in an ordered list, so tellers can pick, choose, and order according to individual style and preference. An introduction provides tips and rationale for all of the types of activities. A couple of sentences note the potential impact on brain development and early-literacy skills, but the focus is on the activities themselves; strategies for sharing early-literacy information with parents and caregivers are not addressed. Judy Nichols's *Storytimes for Two-Year-Olds* (ALA, 2007) and Linda L. Ernst's *Baby Rhyming Time* (Neal-Schuman, 2008) provide more comprehensive looks at all aspects of storytime planning and presentation. This update of Briggs's *Toddler Storytime Programs* (Scarecrow, 1993) will be most useful as a resource for programming ideas and fleshing out themes.

Life's a Puppy Party Heather Hunt, 2021-10-12 Make the most of every day with your dog using this fun collection of healthy recipes, easy DIYs, and Pinterest-worthy party plans that you and your pup can enjoy together. Our dogs are more of a part of our lives than ever, but it's still hard to find cute treats, toys, and accessories for them that you can make yourself. When Heather Hunt brought home her dachshund, Dave, she scoured the internet for all the info she could find about being a great dog owner. And although she found plenty of factual guides to being a good pup parent, she was shocked that the fun and silly parts of owning a dog were completely missing—how to create a comfortable Halloween costume without buying a sewing machine, how to bake a nutritious barkday cake, or how to host a party for other pup friends. Heather eventually launched TheDapple.com as a place to share great pet products and simple, creative activities for modern dog parents. In *Life's a Puppy Party*, Heather has created a handbook for having fun with your dog. Grouped by season, it features easy, cost-efficient, Instagrammable, and vet-approved recipes, crafts, and no-sew costume ideas to make your pup a part of every type of celebration. In this book, readers will learn how to: - Bake an easy "pupcake" - Upcycle a pair of old jeans into a cute bandana - Throw a backyard puppy pool party - Turn a dog hoodie into a dinosaur Halloween costume - And make a dog toy advent calendar This is a perfect gift for any dog parent looking for more ways to celebrate their pooch while giving us all something to smile about.

Flip! How the Frisbee Took Flight Margaret Muirhead, 2021-04-27 The origin story of the Frisbee soars with unexpected twists and turns. Fred Morrison is credited as the inventor of the Frisbee, but for centuries folks have been flipping for flying discs. Ancient Greeks flicked discs, and beginning in the 1920s, college kids at Yale University were tossing pie tins. Fred lived in California and had no idea about ancient Greeks or East Coast college kids. His invention quest began in 1932 after tossing a tin popcorn lid around the backyard. For more than twenty years, Fred and his wife, Lu, tried and failed to perfect a flying-disc concept. Eventually they created what we know today as the Frisbee. Their story is full of good old-fashioned perseverance, success, and fun!
