Cyclopean Deeps Volume 1 - Swords & Wizardry Matt Finch, 2018-05 Deep beneath the ground, in those regions where the echoes of mankind's feet are seldom heard, where even firelight is a bizarre intruder from a long-forgotten place, the foes of mankind breed and multiply. It is a realm of dark chaos - for these creatures of the echoing deeps count each other as rivals and enemies. It is a place without peace, a place without virtues, a place where every countenance of evil is to be found in sluggish torpor, stirring restlessly in dreams of cruelty and hatred. These dark and deadly provinces are known as the Under Realms. Most named regions in the Under Realms are quite distinct from each other, whether by geological formation or by the types of inhabitants that have established themselves in strategically important areas. Characters who enter this area expecting to find drowic elves, deep gnomes, and other normal features of the Under Realms will swiftly discover the error of their thinking. The Vaults of the Sunless Sea, located to the north of the Cyclopean Deeps, might fit that description, but the Cyclopean Deeps are a different and decidedly more unpleasant area into which the denizens of the Vaults seldom venture. This series of adventures forms a mini-campaign in the depths of the earth, suitable for a party of 4+ characters with an average level of 10-12, or 8+ characters with an average level around 7. For Swords & Wizardry.

The Mysteries of Harris Burdick Chris Van Allsburg, 1996 Since its publication in 1984, The Mysteries of Harris Burdick has stimulated the minds of readers of all ages and backgrounds. Now the original fourteen drawings are available in a large portfolio edition of loose sheets. In addition, a newly discovered fifteenth drawing, titled The Youngest Magician, has been added, as well as an updated introduction by the author. The puzzles of these mysterious drawings will be even more provocative because of the larger size and the exceptional printing quality. For the first time, the drawings can be shared with groups or displayed singly. The Mysteries of Harris Burdick was a New York Times Best Illustrated Book of 1984.

Knights of Caliban: Dark Angels Omnibus Gav Thorpe, 2019-05-14 The Dark Angels' eternal hunt for the Fallen embroils them in a dangerous conspiracy to change the past and destroy the future, bringing the entire Imperium under the dominion of Chaos. Master strategists, renowned duelists and one of the mightiest Space Marine Chapters of the Imperium, the Dark Angels have a long and storied history. Many of the Adeptus Astartes extol the ideals of courage and honour, yet, the sons of the Lion walk a different path. Ensconcing themselves in shadow and secrets, they seek no praise as they pursue their inscrutable agenda. The descendants of the First Legion bring grim fury to the enemies of mankind. On the world of Piscina IV the Dark Angels' war host brings swift retribution to a horde of greenskins that threatens to destroy Kadillus harbour. On the indomitable mobile fortress monastery known as the Rock, Chaplain Boreas brings tortuous iron and his scalpel like intellect to a suspected traitor. Of all the secrets that the Dark Angels possess, the Fallen are the greatest, but few know as much as Supreme Grand Master Azrael, true exemplar of the Calibanite creed and the most worthy son of the Lion. In this omnibus are the novels: The Purging of Kadillus, Angels of Darkness and Azrael.

Original Grin Ron English, 2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie Supersize Me; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on The Simpsons secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.

Young People Re-Generating Politics in Times of Crises Sarah Pickard, Judith Bessant, 2017-07-31 This book provides insight into the diverse ways young people from around the world are regenerating politics in innovative and multifaceted ways. The authors, who include academics and activists, challenge claims that young people are apolitical, apathetic and living up to the 'me generation' stereotype. Contributions cover a rich body of case examples of traditional and new forms of youth politics in response to situated injustices and political and socio-economic crises. Significant and optimistic, the collection presents strong evidence from across the globe that these developments are not isolated incidences, but are in fact part of a systemic, large-scale transformation leading to a regeneration of the political landscape by young people. The book is aimed at students and scholars in the fields of politics, sociology, policy studies and youth and childhood studies.

The Emperor's Legion Chris Wraight, 2017-09-26 The Emperor's most trusted guardians fight beside his elite witch-hunters to defend the Golden Throne. The Custodian Guard have stood watch over the Emperor's Palace on Terra since the foundation of the Imperium. Charged with protecting the Master of Mankind from all threats, within and without, their fearsome resolve is renowned throughout the galaxy, and their golden armour is the last thing that a would-be assassin or saboteur will ever see. Alongside the Null-maidens of the Sisters of Silence, who are anathema to psykers and sorcerers alike, there is no threat to the Golden Throne that they alone cannot vanquish... until now.

Flesh Tearers Andy Smillie, 2016-02-09 Formed in the aftermath of the Horus Heresy, the Flesh Tearers, veterans of the Blood Angels Legion now cast adrift, gather behind their leader, Chapter Master Amit, and set out to forge their own destiny. None of the scions of Sanguinius are as bloody or wrathful as the Flesh Tearers. The fury of this Chapter, scorned by the Blood Angels and many of their successors, is legendary. Within them, the Black Rage is made manifest, a curse on the Imperium and its enemies. In the uncertain years following the end of the Great Heresy, it fell to Amit to lead this benighted Chapter. Upon his shoulders lay a heavy burden, for to prevent their own self-annihilation, the Flesh Tearers must not only fight their many foes but their very nature itself.

Collaborative Media Jonas Löwgren, Bo Reimer, 2013-11-15 A thorough analysis of contemporary digital media practices, showing how people increasingly not only consume but also produce and even design media. With many new forms of digital media—including such popular social media as Facebook, Twitter, and Flickr—the people formerly known as the audience no longer only consume but also produce and even design media. Jonas Löwgren and Bo Reimer term this phenomenon collaborative media, and in this book they investigate the qualities and characteristics of these forms of media in terms of what they enable people to do. They do so through an interdisciplinary research approach that combines the social sciences and humanities traditions of empirical and theoretical work with practice-based, design-oriented interventions. Löwgren and Reimer offer analysis and a series of illuminating case studies—examples of projects in collaborative media that range from small multidisciplinary research experiments to commercial projects used by millions of people. Löwgren and Reimer discuss the case studies at three levels of analysis: society and the role of collaborative media in societal change; institutions and the relationship of collaborative media with established media structures; and tribes, the nurturing of small communities within a large technical infrastructure. They conclude by advocating an interventionist turn within social analysis and media design.
