Dan Abnett

Blood Meridian Cormac McCarthy, 2010-08-11 25th ANNIVERSARY EDITION • From the bestselling author of *The Passenger* and the Pulitzer Prize-winning novel *The Road*: an epic novel of the violence and depravity that attended America's westward expansion, brilliantly subverting the conventions of the Western novel and the mythology of the Wild West. Based on historical events that took place on the Texas-Mexico border in the 1850s, *Blood Meridian* traces the fortunes of the Kid, a fourteen-year-old Tennessean who stumbles into the nightmarish world where Indians are being murdered and the market for their scalps is thriving. Look for Cormac McCarthy's latest bestselling novels, *The Passenger* and *Stella Maris*.

Dead Men Walking Steve Lyons, 2010-11-30 When the necrons rise, a mining planet descends into a cauldron of war and the remorseless foes decimate the human defenders. Salvation comes in an unlikely form – the Death Korps of Kreig, a force as unfeeling as the Necrons themselves. When the two powers go to war, casualties are high and the magnitude of the destruction is unimaginable.

Fifteen Hours Mitchel Scanlon, 2005 A young Imperial Guardsman arrives in the wrong battle on the wrong planet and gets caught in a meat-grinder war. With the brutal ork forces attacking in wave after wave, it is no wonder that the life expectancy of a new arrival is only 15 hours. Original.

Company, Uriel Ventris leads his warriors in battle once again on the world of Pavonis, now a target of invasion by the upstart Tau Empire. With the eyes of the Chapter upon him, Uriel must win this war by following completely the wisdom of the Codex Astartes, lest he be exiled once more. Angel Exterminatus Graham McNeill, 2013-01-29 The latest title in Black Library's premium line. Perturabo – master of siegecraft, and executioner of Olympia. Long has he lived in the shadow of his more favoured primarch brothers, frustrated by the mundane and ignominious duties which regularly fall to his Legion. When Fulgrim offers him the chance to lead an expedition in search of an ancient and destructive xenos weapon, the Iron Warriors and the Emperor's Children unite and venture deep into the heart of the great warp-rift known only as 'the Eye'. Pursued by a ragged band of survivors from Isstvan V and the revenants of a dead eldar world, they must work quickly if they are to unleash the devastating power of the Angel Exterminatus!

Dark Apostle Anthony Reynolds, 2007-09-25 Chaos Space Marines are feared for their savage brutality. When ungodly visions drive Dark Apostle Jarulek of the Word Bearers to the unsuspecting Imperial planet of Tanakreg, he and his dark force attack without mercy and brutally enslave the population. With the planet in ruins, they set their new slaves a mysterious task: to build a hideous tower of monumental proportions. What is Jarulek's vile purpose, and can he achieve it

before the Imperial forces arrive to reclaim the planet?

Sons of Fenris Lee Lightner, 2007 Science fiction-roman.

To save his Legion, Mortarion must strike a most terrible bargain that will damn his sons for eternity. Meanwhile, in the cloisters of Holy Terra, a plot is afoot to create sedition and carnage in advance of the Horus's armies. Headtaker David Guymer, 2013 Warlord Queek Headtaker is unlike other skaven, a fearless warrior, a general who leads from the front and the grim victor of many great battles. Nemesis James Swallow, 2014-08-26 Book thirteen in the New York Times bestselling series After the horrors of Istvaan V, Horus declares outright war against the Imperium. In the shadows of the Emperor's Palace, powerful figures convene. Their plan is to send a team of assassins to execute the arch-traitor Horus and end the war for the galaxy of mankind before it's even begun. But what they cannot know is that Horus and his dark allies have already embarked on an equally sinister plan of their own.

The Infinite and The Divine Robert Rath, 2021-07-20 Explore a story told across the millennia that delves deep into a pair of

fascinating necron characters, their relationship and their plans for the galaxy. Before the being called the Emperor revealed Himself, before the rise of the aeldari, before the necrontyr traded their flesh for immortal metal, the world was born in violence. Even when they inhabited bodies of flesh, Trazyn the Infinite and Orikan the Diviner were polar opposites. Trazyn, a collector of historical oddities, presides over a gallery full of the most dangerous artefacts – and people – of the galactic past. Orikan, a chronomancer without peer, draws zodiacs that predict and manipulate the future. But when an artefact emerges that may hold the key to the necrons' next evolution, these two obsessives enter a multi-millennia game of cat and mouse that ends civilisations, reshapes timelines, and changes both forever. As riddles unwind and ancient secrets are revealed, the question remains: will their feud save the necron race or destroy it?
