Gunheads Steve Parker,2009

The Primarchs Christian Dunn,2012 Created in the Emperor's own image, the primarchs had long thought themselves to be princes of the universe and masters of their own destiny--they led the Space Marine Legions in glorious conquest of the galaxy, and no enemy of the Imperium could stand against them. However, even amongst this legendary brotherhood, the seeds of dissent has been sown long before the treacherous Warmaster Horus declared his grand heresy. Gathered within this anthology are four novellas focusing on some of the mightiest warriors and leaders that mankind has ever known--Fulgrim, Ferrus Manus, Lion El'Jonson and the twin primarchs Alpharious and Omegon--and the roles that they may have yet to play in war which threatens to change the face of the Imperium forever.

Vengeful Spirit Graham McNeill,2015-01-27 The 29th book in the New York Times bestselling series Once the brightest star in the Imperium and always first among his primarch brothers, Horus

has dragged the Space Marine Legions into the bloodiest conflict that the galaxy has ever seen. While their allies wage war on a thousand different fronts, the XVIth Legion descend upon the Knight world of Molech - home to the ruling House Devine, and a principal stronghold of the Imperial Army. The forces loyal to the Emperor stand ready to defy the Warmaster, but just what could have drawn Horus to attack such a well defended planet, and what might he be willing to sacrifice to fulfil his own dark destiny?

Battlefleet Koronus Andy Chambers,Robert Dempsey,Nathan Dowdell,Fellow of King's College and Professor of Political Theory John Dunn,Tim Hukelbery,Jason Marker,2011-04-12 Powerful ships duel in the darkness of space.

Storm of Iron Graham McNeill,2008-05-20 When a massive force of Space Marine Iron Warriors invades the planet Hydra Cordatus and lays siege to the Imperial citadel, how long can the defenders possibly hold out, and what do their enemies truly seek? Reissue.

Saga of the Beast ,2020

Alpharius: Head of the Hydra Mike Brooks,2021-04-27 Book 14 in the much loved series, The Horus Heresy: Primarchs Legends abound of the glorious – or infamous – deeds of the Emperor's sons. Yet almost nothing is known of Alpharius, the most mysterious of them all, for the Lord of the Alpha Legion is unparalleled in the art of obfuscation. Such are his gifts of secrecy and deceit that even his rediscovery has remained an enigma – until now. But when the tale comes from the serpent's mouth, where does the deception end and the truth begin?

Lords of Mars Graham McNeill,Henry Zou,2014-06 Pursued by vengeful eldar, Magos Kotov's Explorator armada heads into a newly revealed area of space in pursuit of ancient secrets. As the Adeptus Mechanicus forces and Black Templars Space Marines tackle the twin threats of the wrathful aliens and insurrection aboard the fleet, a greater danger reveals itself.

Architect of Fate Christian Dunn,2012-04-24 An anthology of Space Marine Battle stories by some of the best and some of the up and coming 40K authors The best and brightest 40k authors provide

new material for upcoming Space Marine Battles books.

Lion El'Jonson: Lord of the First David Guymer, 2020-10-27 Book 13 in The Horus Heresy Primarch Series Each primarch is an exemplary being, derived from the Emperor's own genetic stock to embody a facet of His personality. Their powers are unfathomable, but only one of them is the First. Lion El'Jonson is the paragon of what it is to be a primarch. His Legion, pre-eminent for most of their long history, typify the virtues of temperance, pride, and martial excellency that the Lion embodies. They are the Emperor's last line and final sanction. They are His Dark Angels. Now, while the Emperor gathers His mightiest sons for an assault on Ullanor Prime, the Lord of the First instead draws his Legion to the farthest reaches of the known galaxy, seeking to subdue a single rebellious world. Is this but another example of the Lion's infamous pride, or is there more afoot amidst that graveyard of empires that is the Ghoul Stars, more than the Lion will share even with his own sons?

Damocles Ben Counter, Josh Reynolds, Guy Haley, Phil Kelly, 2015-04-21 Four novellas that focus on the events of the second Damocles Gulf Crusade Two centuries ago, the Imperium of Man and the

upstart Tau Empire fought to a standstill in the Damocles Gulf. Now, as the 41st millennium draws to a close, the tau have returned. As the world of Agrellan falls under attack, the White Scars and Raven Guard rush to its defence, but with the skilled Commander Shadowsun leading the alien forces, the Space Marines and their allies are hard pressed. Kor'sarro Khan, Huntmaster of the White Scars, swears that he will win the day in the most direct way possible - by taking Shadowsun's head.

Shattered Legions Laurie Goudling, 2018 Driven almost to the brink of self-destruction at Isstvan V, the Iron Hands now seek vengeance for the murder of their primarch Ferrus Manus. Gathering survivors from the Raven Guard and the Salamanders aboard any vessels capable of warp travel, these Shattered Legions wage a new campaign of annihilation against the traitor forces across the galaxy - a campaign masterminded by legendary warleader Shadrak Meduson. This Horus Heresy anthology contains ten short stories by authors including Dan Abnett, Chris Wraight, John French and many more. Also, in the novella *The Seventh Serpent*, Graham McNeill revisits the ragtag crew of the starship *Sisyphus* as they are drawn into a war of subterfuge against the Alpha Legion,--Page [4] of

Gods of Mars Graham McNeill, 2015-05-01 Beyond the edges of the galaxy, Archmagos Kotov's great voyage is over. He has achieved his goal - to find the resting place of the long-lost Vettius Telok. But Telok yet lives, and as the brave explorators of Kotov's fleet marvel at the wonders laid before them, darker plans unfold. As reality itself is threatened by impossible technologies from the dawn of time, it falls to a small group of heroes to thwart an insane plan that could see the entire universe annihilated. Iron Warriors Omnibus Graham McNeill, 2019-04-02 A great omnibus, collecting together Iron Warriors stories from two great Black Library authors. The traitorous Iron Warriors are masters of siegecraft, builders of nigh-impenetrable defences – and just as good at tearing down those of their

Behold! Bethsheba Ashe,2023-11-28 Unlock the esoteric origins of Kabbalah to discover hidden symbolic messages in the Bible and key occult texts The art of Gematria goes far deeper than the way in which people have come to understand it today. Originating in Biblical texts, Gematria is less about the cherry-picking and comparison of numbers, but a far more beautiful and ancient art, that is crucial for biblical interpretation and occult symbolism. In this revised and expanded version of the classic book, Bethsheba Ashe tackles questions which have been asked for as long as the Bible has existed - why Adam and Eve had to leave the Garden of Eden; how Moses parted the Red Sea; whether Elijah riding the fiery chariot to heaven as real - which can all be answered all through the art of gematria, in the most advanced and thorough study of the subject ever published to date. The ciphers in the book are utilized by the Shematria Gematria Calculator, created by the author herself to assist readers as she guides you through the ancient Hebrew system. Behold can be read as both a student handbook, a history and an invaluable reference text; within its pages you will find everything needed

to detect and read hidden gematria calculations. The new and expanded edition has been revised and reorganised and includes new material on the true meaning of the recently discovered Mount Ebal Curse tablet

Forges of Mars Omnibus Graham McNeill,2017-03-07 Omnibus edition of all three novels in the Forges of Mars trilogy - Priests of Mars, Lords of Mars and Gods of Mars - as well as an additional short story. The Martian Mechancius's thirst for knowledge is insatiable, and when Archmagos Lexell Kotov learns of an ancient expedition that went in search of the very source of life in the universe itself, he immediately assembles a powerful Explorator fleet to follow in its footsteps. Not only does Kotov have the powerful engines and warriors of the Adeptus Mechanicus to call upon, even the troops of the Imperial Guard and the vaunted Space Marines join his crusade. The way, however, is treacherous and fraught with perils both within and without the fleet. There are marvels and wonders at the edge of known space, discoveries beyond price, but there are those who believe the secrets of the

universe should stay hidden and beings there who pose a danger not only to the fleet but to the Imperium itself.
