The Men Who Would Be Kings Daniel Mersey,2016-09-22 The Men Who Would Be Kings is a set of rules designed for fighting historical or Hollywood colonial battles in the mid to late 19th Century, from the Indian Mutiny to the Boxer Rebellion. Large scale colonial clashes tended to be one-sided affairs, but there are countless reports of brief, frantic skirmishes in every colonial war, where either side could be victorious, and these are the battles that The Men Who Would Be Kings seeks to recreate. Although focusing on the British colonial wars against the Zulus, Maoris and others, these rules will also permit players to explore the empires of France, Germany, and other nations, as well as allowing for battles between rival native factions. Gameplay is very simple, and is driven by the quality of the officers leading your units, in the true spirit of Victorian derring-do and adventure, where larger than life characters such as the (real) Fred Burnaby and the (fictional) Harry Flashman led their troops to glory and medals or a horrible end at the point of a spear tip.

Only the most exceptional candidates from the fighting forces of the Adeptus Astartes are invited to join the Deathwatch, and take on a new oath to safeguard the Imperium from the darkest of threats. United in this newly forged brotherhood, all Deathwatch Marines must learn to put aside their differences and work together to succeed in the most extraordinary operations - whether facing the threat of total annihilation when confronted by implacable alien foes, or fighting against the foul daemon menace that crawls forth hungrily from beyond the Warp. Deathwatch offers a brand-new roleplaying experience by focusing on elite, special-missions style action at the furthest fringes of Imperial space, involving some of the greatest heroes and deadliest opponents the Warhammer 40,000 universe has to offer!
