Blood Meridian Cormac McCarthy, 2010-08-11 25th ANNIVERSARY EDITION • From the bestselling author of *The Passenger* and the Pulitzer Prize-winning novel *The Road*: an epic novel of the violence and depravity that attended America's westward expansion, brilliantly subverting the conventions of the Western novel and the mythology of the Wild West. Based on historical events that took place on the Texas-Mexico border in the 1850s, *Blood Meridian* traces the fortunes of the Kid, a fourteen-year-old Tennessean who stumbles into the nightmarish world where Indians are being murdered and the market for their scalps is thriving. Look for Cormac McCarthy's latest bestselling novels, *The Passenger* and *Stella Maris*.

Sons of Fenris Lee Lightner, 2007 Science fiction-roman.

Aces High Bill Yenne, 2009-02-03 Capturing the hearts of a beleaguered nation, the fighter pilots of World War II engaged in a kind of battle that became the stuff of legend. They cut through the sky in their P-38s to go one-on-one against the enemy—and those who survived the deadly showdowns with enough courage and skill earned the right to be called aces. But two men in particular rose to become something more. They became icons of aerial combat, in a heroic rivalry that inspired a weary nation to fight on. Richard “Dick” Bong was the bashful, pink-faced farm boy from the Midwest. Thomas “Tommy” McGuire was the wise-cracking, fast-talking kid from New Jersey. What they shared was an unparalleled gallantry under fire which won them both the Medal of Honor—and remains the subject of hushed and reverent conversation wherever aerial warfare is admired. What they had between them was a closely watched rivalry to see who would emerge as the top-scoring American ace of the war. What they left behind is a legacy of pride we will never forget, and a record of aerial victories that has yet to be surpassed anywhere in the world.

Wolf's Honour Lee Lightner, 2008 Following on from events in **Sons of Fenris** set in the nightmare future of the 41st millennium,

can superhuman warrior Ragnar Blackmane redeem his honor and rejoin his battle-brothers? This is the gripping conclusion to the Spear of Russ story arc, a popular Sace Wolf series.

Straken Toby Frost, 2017-01-10 Colonel 'Iron Hand' Straken and his Catachan Jungle Fighters must hold the line against the ork menace. Plucked from a catastrophic war against the monstrous tyrannids, Colonel 'Iron Hand' Straken and his Catachan Jungle Fighters are sent to the cavern world of Dulma'lin to clear it of an ork infestation. Ranged against an overwhelming force of greenskins, and with the hostile attentions of Commissar Morrell upon them, the Catachans must overcome internal divisions and hold the line against the alien menace.

Know No Fear Dan Abnett, 2012-02-28 Mustering for war against the orks, the Ultramarines Legion is attacked by the Word Bearers on the planet of Calth, and the forces of Chaos openly reveal their part in the Heresy. Unaware of the wider Heresy and following the Warmaster's increasingly cryptic orders, Roboute Guilliman returns to Ultramar to muster his Legion for war against the orks massing in the Veridian system. Without warning, their supposed allies in the Word Bearers Legion launch a devastating invasion of Calth, scattering the Ultramarines' fleet and

slaughtering all who stand in their way. This confirms the worst scenario Guilliman can imagine – Lorgar means to settle their bitter rivalry once and for all. As the traitors summon foul daemonic hosts and all the forces of Chaos, the Ultramarines are drawn into a grim and deadly struggle in which neither side can prevail.

Disciples of the Dark Gods Alan Bligh, John French, Owen Barnes, Mike Mason, 2008-10 Dark conspiracies, blasphemous cults, and corrupting chaotic powers are ever present threats to the Imperium. Yet searching out such hidden horrors is the task of the Inquisition, for who else will save mankind from these threats? **Disciples of the Dark Gods** features in-depth descriptions of a variety of cults, organizations, and factions for Acolytes and Inquisitors to infiltrate and expose. Plus backgrounds on internal feuds, factionalism, and personal rivalries that constantly threaten to weaken the God-emperor's domain. **Wanted Heretics of the Calixis Sector**: Complete descriptions of eight of the most notorious and dangerous villains at large and declared Excommunicate Tritoris. **The House of Dust and Ash**-a scenario for experienced Acolytes with an exciting mix of action, horror, and investigation. Not for the faint-hearted! A copy of the **Dark Heresy Core Rulebook** is needed to use this supplement.

The Plagues of Orath Cavan Scott, Steve Lyons, Graeme Lyon, 2016-07-19 The Ultramarines battle the traitorous Death Guard on the plague-ridden world of Orath. Contains three linked novellas telling the full story of the war for Orath: Plague Harvest As the world of Orath withers under the grip of a deadly plague, Ultramarines Librarian Vabion and his Doom Eagles allies fight to uncover the source of the contagion. Engines of War The Ultramarines, under Captain Galenus, bring their engines of war to the plague-stricken world of Orath as they fight to save the planet from the clutches of Chaos. Armour of Faith Assailed by daemons and with the fate of an entire sector in the balance, Ultramarines Chaplain Sentina faces the ultimate sacrifice if he is to win the war on Orath.

Vengeful Spirit Graham McNeill, 2015-01-27 The 29th book in the New York Times bestselling series Once the brightest star in the Imperium and always first among his primarch brothers, Horus has dragged the Space Marine Legions into the bloodiest conflict that the galaxy has ever seen. While their allies wage war on a thousand different fronts, the XVIth Legion descend upon the Knight world of Molech - home to the ruling House Devine, and a principal stronghold of the Imperial Army. The forces loyal to the

Emperor stand ready to defy the Warmaster, but just what could have drawn Horus to attack such a well defended planet, and what might he be willing to sacrifice to fulfil his own dark destiny?

Fire Caste Peter Fehervari,2013-03-26 First Black Library novel starring the mysterious alien race the tau In the jungles of the Dolorosa Coil, a coalition of alien tau and human deserters have waged war upon the Imperium for countless years. Fresh Imperial Guard forces from the Arkhan Confederates are sent in to break the stalemate and annihilate the xenos. But greater forces are at work, and the Confederates soon find themselves broken and scattered. As they fight a desperate guerrilla war, their only hope may lie in the hands of a disgraced commissar, hell-bent on revenge.

Lord of the Night Simon Spurrier,2005 Trapped on one of the huge megacities of the Imperial, a rogue Chaos Space Marine must evade his pursuers and navigate unseen while paving the way for invasion.

Ahriman: Sorcerer John French,2015-01-20 Book two in the Ahriman series Ahriman, greatest sorcerer of the Thousand Sons and architect of the Rubric that laid his Legion low, continues to walk the path towards salvation, or damnation. Searching for a

cure for his Legion, he is forced to consider – was the great ritual somehow flawed from the very beginning? The answer may lie within the mysterious artefact known as the Athenaeum of Kallimakus, a grimoire of forgotten lore which is reputed to contain the exact words of the lost Book of Magnus... or, perhaps, even a transcription of the primarch's deepest and most secret thoughts.

The Infinite and The Divine Robert Rath, 2021-07-20 Explore a story told across the millennia that delves deep into a pair of fascinating necron characters, their relationship and their plans for the galaxy. Before the being called the Emperor revealed Himself, before the rise of the aeldari, before the necrontyr traded their flesh for immortal metal, the world was born in violence. Even when they inhabited bodies of flesh, Trazyn the Infinite and Orikan the Diviner were polar opposites. Trazyn, a collector of historical oddities, presides over a gallery full of the most dangerous artefacts – and people – of the galactic past. Orikan, a chronomancer without peer, draws zodiacs that predict and manipulate the future. But when an artefact emerges that may hold the key to the necrons' next evolution, these two obsessives enter a multi-millennia game of cat and mouse that ends civilisations, reshapes timelines, and changes both forever. As riddles unwind and ancient secrets are revealed,

the question remains: will their feud save the necron race or destroy it?

Goblin Quest - Softcover: A Game of Fatal Incompetence

Grant Howitt, 2015-04-03 A roleplaying game that lets players tell the stories of ambitious, but short-lived, goblins.

A Thousand Sons Graham McNeill, 2014-08-26 Book twelve in the New York Times bestselling series The Great Crusade is at its height, and the Thousand Sons are its most dedicated warriors. Though utterly loyal, the Legion of Magnus the Red is viewed with suspicion for its arcane methods. Feared by the Imperium he has sworn to serve, Magnus is called to the planet of Nikaea to answer charges of sorcery. When the ill-fated primarch foresees the treachery of Warmaster Horus and warns the Emperor with forbidden powers, the Master of Mankind dispatches Leman Russ, Primarch of the Space Wolves, to attack Prospero. But Magnus has seen far more than the betrayal of Horus and his revelations will seal the fate of his Legion forever.

Storm of Iron Graham McNeill, 2008-05-20 When a massive force of Space Marine Iron Warriors invades the planet Hydra Cordatus and lays siege to the Imperial citadel, how long can the defenders possibly hold out, and what do their enemies truly seek?

Reissue.
