*The Eye of Medusa* David Guymer, 2017-11-14 The coldly methodical and unrelenting Iron Hands Space Marine Chapter clash with the cybernetic soldiers of the Adeptus Mechanicus over control of the world of Thennos. Ever since the dark days of the Great Heresy, the Iron Hands have a long and tortured history. Their years of suffering and war has left them hardened and believing in a brutal tenet: the flesh is weak. Heavily cybernetic, their flesh extensively altered, these warriors of the Imperium are more machine than man, cold in aspect as well as demeanour. Their methods of recruitment are harsh, their rituals arcane, their pride unshakable. So when a world under the protection of the Chapter falls foul of insurrection, the Iron Hands answer with fire and cold retribution. It matters not that Thennos is considered sovereign territory by the Adeptus Mechanicus - the Iron Hands' campaign is one of extermination. But there is something dark lurking within Thennos, a horror that

defies the purity of cold logic and the machine, and threatens something more, something ruinous...

Isolated. Alone. Járnhamar pack are forced to flee from the judgement of their own Chapter aboard a stolen voidship, amid an Imperium descending into total war. Still pursuing vengeance for old wrongs, these Space Wolves hunt the ruins of worlds in

**Codex**, 2022 Aeldari: Waning and scattered as they are, the sundered fragments of an empire that drowned in its own perversity and decadence. Yet woe betide those who think them weak. They are as shrewd as they are fickle, as disciplined as they are capricious. They read the skeins of fate as if they are letters on a page. They handle the blade as if they were born to do nothing else. They fight for their survival and see all other species as irrevocably inferior, or even as vermin. To underestimate them means death.

*Death of Integrity* Guy Haley, 2013 After pursuing an insidious genestealer cult across the sector for years, Chapter Master Caedis of the Blood Drinkers stands ready to destroy the original source of the infection - the vast and mysterious space hulk designated Death of Integrity. However, immediately coming into conflict with both their brothers in the Novamarines Chapter and the priesthood of the Adeptus Mechanicus, the Blood Drinkers must reign in their more aggressive instincts and accept the possibility that the hulk itself may be of value to the Imperium.

*Gothghul Hollow* Anna Stephens, 2022-02-15 Fantastic Horror story from the exciting Mortal Realms of Warhammer Age of Sigmar. The Hollow. A lonely Shyishan town, obscured amongst wild moorland, inhabited by folk of vigilant routine. What remains of the once illustrious Gothghul family endures season upon season of monastic isolation in their castle on the hill. Aaric Gothghul, made callous by loss, shuts himself in his study and broods over arcane texts, while his strange and formidable daughter wanders the forests alone. But when the town is threatened by a spate of sinister manifestations, the quiet formality of their days end. Worse still, the upheaval disturbs a terrible family secret – a chilling memory that Aaric has kept buried for twenty-five years. Now, father and daughter must set aside their differences and search for answers to an ancient curse that is somehow linked to their past. Aided by a straight-talking sharpshooter and a shrewd man of faith, they seek to fathom the forces that assail the Hollow. Scholar. Sorceress. Killer. Priest. Four people divided by their secrets and lies, bound together by horror, must unite their strengths to uncover a diabolic mystery – the clue to which they have but one incomprehensible word: Mhurghast.

**Gitslayer** Darius Hinks, 2022-02-15 Gotrek returns to fight the forces of the Gloomspite Gitz! Hell-bent on ridding himself of the Fyreslayer rune buried in his chest, Gotrek Gurnisson, the greatest Slayer to ever live, travels deep into the strange, alchemical realm of Chamon. Using their mysterious aether-science, the Kharadron Overlords of Barak-Urbaz offer an end to Gotrek's quest. But, as the Bad Moon rises and murderous Gloomspite Gitz threaten to destroy the sky-port, Gotrek pits himself against the most ancient enemy of his people – the greenskins. While his aelven travelling companion, Maleneth Witchblade,

struggles to keep him alive, Gotrek throws himself headlong into a bloody battle for survival that will take him into the dank, fungal heart of Skragrott's Asylum.

Red Tithe Robbie MacNiven, 2017-07-25 The most brutal of Space Marines, the Carcharodons Astra, battle the Night Lords for control of the prison world of Zartak. On the prison world of Zartak, darkness has fallen on arbitrators and inmates alike. The Night Lords have come, and with them the shadow of fear and pain. But they are not the only ones with an interest in Zartak. From the void, running on silent, another fleet emerges. Its warriors are grey-clad and white-faced, and their eyes are as black as the Outer Dark – the savage Carcharodon Astra. As these two packs of ancient, merciless predators stalk the shadows of the prison colony, both seeking a single young inmate with unnatural talents, the corridors run red with blood, and both factions will have to fight tooth and claw to leave Zartak alive.
