The Infinite and The Divine Robert Rath,2021-07-20 Explore a story told across the millennia that delves deep into a pair of fascinating necron characters, their relationship and their plans for the galaxy. Before the being called the Emperor revealed Himself, before the rise of the aeldari, before the necrontyr traded their flesh for immortal metal, the world was born in violence. Even when they inhabited bodies of flesh, Trazyn the Infinite and Orikan the Diviner were polar opposites. Trazyn, a collector of historical oddities, presides over a gallery full of the most dangerous artefacts – and people – of the galactic past. Orikan, a chronomancer without peer, draws zodiacs that predict and manipulate the future. But when an artefact emerges that may hold the key to the necrons' next evolution, these two obsessives enter a multi-millennia game of cat and mouse that ends civilisations, reshapes timelines, and changes both forever. As riddles unwind and ancient secrets are revealed, the question remains: will their feud save the necron race or destroy it?

Nemesis James Swallow,2014-08-26 Book thirteen in the New York Times bestselling series *After the Horrors of Istvaan V*, Horus declares outright war against the Imperium. But what they cannot know is that Horus and his dark allies have already embarked on an equally sinister plan of their own.

His message is clear: follow me or die. With no other choice, his brother Rafen kneels before this prophet of the Blood and swears an oath of devotion. But in his heart, Rafen knows that Arkio cannot be allowed to lead the Chapter into darkness. A reckoning is coming, one that they will not both survive. As the ashes settle on the devastating by civil war, the Blood Angels face a dire crisis and must call together their Successor Chapters or face extinction.
