The Prop Builder's Molding & Casting Handbook Thurston James, 1989-11-15 The Prop Builder's Molding & Casting Handbook & break;& break; This is the first book to contain, in one comprehensive volume, every molding and casting procedure of use to the theater props builder (no matter what his or her level or proficiency). The author demonstrates the techniques involved in using more than thirty different materials ranging from papier-mache to breakaway glass. & break;& break; While the use of some materials—plaster and polyester resins, for example—is covered to some extent in other publications, information on the selection and use of rubber materials (latex, neoprene, silicone, and the urethanes) and the procedure for making breakaway windows and bottles is available only in The Prop Builder's Molding & Casting Handbook. & break;& break; Written in an easy, conversational style, the book will be useful to anyone involved with theater properties, puppetry, and costuming (as professionals or amateurs). It will also serve admirably the needs of students taking classes in those subjects. & break;& break; Completing the book is a special section on designing and building a vacuum forming machine suitable for use in constructing theater props. More than 450 photographs illustrate the step-by-step procedures explained throughout the entire text.

Imperial Munitorum Manual Graham McNeill,2007-11-13 In the style of a military weapons catalogue, this text features over 60 entries on weapons, kit and equipment utilised by the Imperial Guard, as well as details about the organisation that provides it, the Departmento Munitorum.

The Imperial Infantryman's Uplifting Primer - The Damocies Gulf Edition Matt Ralphs,2008-01-08 Pocket book of the Imperial Guard styled in the form of an artefact of the 41st millennium. Contained within is a wealth of information describing tactics, combat, enemies, prayers and much more all couched in a tongue-in-cheek, pseudo-propagandist rhetoric. The book is filled with numerous sketches and diagrams to accompany the text. This second edition has additional sections on fighting in space and combating the alien Tau.

Athletico Mince Bob Mortimer,Andy Dawson,2017 For the first book inspired by their popular podcast, Bob Mortimer and Andy Dawson considered producing an authoritative guide to the past, present and

future world of football. But, as in the podcast, they got a bit side-tracked. As well as bringing you some (more or less) completely genuine football facts, Bob and Andy speculate about the lifestyle of baked bean-loving, yellow snake-owning ex-England boss Steve McClaren, and investigate the 'Gangs of the EPL', where football meets infantile bullying. There's also input from the Secret Soccer Superstar - a former player who lifts the lid on what it's really like to be a top, top pro - and the lyrics from some of Bob's most memorable Scottish songs, so that you can sing them to your children, elderly relatives or, indeed, yourself, should you need to be soothed after learning about Robson Green's Extreme Bangers. In summary, it's a bit of a mess - but - it's a beautiful, glorious, hilarious mess and if you're not reduced to at least one convulsion while reading it, Bob and Andy are going to be very disappointed with you.

The Way to Victory Philip Gibbs, 1919

The Pikeman's Lament Daniel Mersey, Michael Leck, 2017-01-26 Recreate the action and drama of 17th Century warfare on your tabletop with The Pikeman's Lament. Start by creating your Officer – is he a natural leader raised from the ranks, the youngest son of a noble family, or an old veteran who has seen too many battles? As you campaign, your Officer will win honour and gain promotion, acquiring traits that may help lead his men to victory. Before each skirmish, your Officer must raise his Company from a wide range of unit options – should he lean towards hard-hitting heavy cavalry or favour solid, defensively minded infantry? Companies are typically formed from 6–8 units, each made up of either 6 or 12 figures, and quick, decisive, and dramatic games are the order of the day. With core mechanics based on Daniel Mersey's popular Lion Rampant rules, The Pikeman's Lament captures the military flavour of the 17th

Century, and allows you to recreate skirmishes and raids from conflicts such as the Thirty Years' War, the English Civil Wars, and the Great Northern War.

Black Ops Guy Bowers, 2015-10-20 **Black Ops** is a skirmish wargame of tactical espionage combat that recreates the tension and excitement of modern action-thrillers such as the **Bond** and **Bourne** films. The fast-play rules keep all the players in the thick of the action, while the mission generator provides a wide range of options for scenarios – from stealthy extraction or surveillance missions to more overt raids and assaults. Stealth, combat, and technical expertise all have a role to play, and players may recruit a number of different operative types – spies, mercenaries, criminals, hackers, special forces, and many more – to recruit the best possible team for the job. Players may also choose to join a faction – powerful organizations, intelligence agencies, criminal syndicates, militaries, or rebel groups, each with a stake in international affairs. By doing so, their team may receive certain benefits, but may also find itself limited at a crucial time. With the variety offered by the characters, factions, and scenarios, no two games of **Black Ops** should ever be the same!

If Anything Happens I Love You Will McCormack, Michael Govier, 2022-09-27 Unimaginable loss yields to the power of human connection in this simple, moving story from the filmmakers of the eponymous Oscar-winning film. An elegy on grief. Heavy pain exquisitely rendered. Kirkus Starred Review Based on the Academy Award-winning animated short by the same name, **If Anything Happens I Love You** is a young adult graphic novel that follows two parents as they reckon with the loss of their young daughter, Rose, in a school shooting. Readers follow Rose from “above” as she watches her parents

slowly break down under the weight and pain of their loss. Throughout the novel, Rose's soul seeks to help her parents reconnect. We learn who Rose was and how much life she lived in her short time. By incorporating a wide range of characters, her boyfriend, teacher, and her cat, Rose is able to introduce healing into the lives of the people she left behind. If Anything Happens I Love You may be a story about loss, but in it we see ourselves—in the grief, the pain, and, most importantly, in the fight toward human connection, love, and acceptance.

Servants of the Imperium Various, 2019-08-20 Great value Warhammer 40,000 anthology from Black Library. The Imperium of Man has stood inviolate for 10,000 years. Shield Captain Cartovandis of the Adeptus Custodes must travel across the galaxy to uncover the truth behind a mysterious distress call from the world of Vorganthian.
