**Andy Smillie**

*Red Fury* James Swallow,2008 Following the tragic events that led the Blood Angels to the brink of civil war, the Chapter's strength has been badly depleted. The Blood Angels must act, and act quickly, before their enemies learn of their weakness and attack.

*Flesh Tearers* Andy Smillie,2016-02-09 Formed in the aftermath of the Horus Heresy, the Flesh Tearers, veterans of the Blood Angels Legion now cast adrift, gather behind their leader, Chapter Master Amit, and set out to forge their own destiny. None of the scions of Sanguinius are as bloody or wrathful as the Flesh Tearers. The fury of this Chapter, scorned by the Blood Angels and many of their successors, is legendary. Within them, the Black Rage is made manifest, a curse on the Imperium and its enemies. In the uncertain years following the end of the Great Heresy, it fell to Amit to lead this benighted Chapter. Upon his shoulders lay a heavy burden, for to prevent their own self-annihilation, the Flesh Tearers must not only fight their many foes but their very nature itself.

*The Lords of Silence* Chris Wraight,2019-02-05 The galaxy has changed. Armies of Chaos march across the Dark Imperium,

among them the Death Guard, servants of the Plague God. But shadows of the past haunt these traitors... The Death Guard have returned to prominence with the return of Mortarion and their fabulous model range, and Chris Wraight's previous work with them (in his Space Wolves novels, notably) makes him the perfect person to delve into their particular darkness. The Cadian Gate is broken, and the Imperium is riven in two. The might of the Traitor Legions, kept shackled for millennia behind walls of iron and sorcery, has been unleashed on a darkening galaxy. Among those seeking vengeance on the Corpse Emperor's faltering realm are the Death Guard, once proud crusaders of the Legiones Astartes, now debased creatures of terror and contagion. Mighty warbands carve bloody paths through the void, answering their lord primarch's call to war. And yet for all their dread might in arms, there is no escape from the vicious legacies of the past, ones that will pursue them from the ruined daemon-worlds of the Eye of Terror and out into the smouldering wastes of the Imperium Nihilus.

*Brothers of the Snake* Dan Abnett, 2012-01-06 The Iron Snakes Chapter has sworn a pledge to protect the Reef Stars from ruin, whatever the cost. Sergeant Priad and the Damocles Squad battle to preserve humanity against the myriad foes that threaten to

destroy it.

**The Age of Darkness** Christian Dunn,2011-04-26 A new anthology of short stories delving into the secret history of the Horus Heresy. After the betrayal at Isstvan, Horus begins his campaign against the Emperor, a galaxy-wide war that can lead only to Terra. But the road to the final confrontation between father and son is a long one – seven years filled with secrecy and silence, plans and foundations being formed across distant stars. An unknown history is about to be unveiled as light is shed on the darkest years of the Horus Heresy, and revelations will surface that will shake the Imperium to its very foundation...

**Shield of Baal** Josh Reynolds,Braden Campbell,Joe Parrino,2017-01-10 The Blood Angels Space Marines must defend their home world from the ravenous threat of the tyrannid Hive Fleet Leviathan. A tendril of Hive Fleet Leviathan has reached the Cryptus shieldworlds. The Imperium musters its strength, for the aliens must be stopped here, as next in the hive fleet's path is the home world of the Blood Angels Space Marines, Baal itself. Many are the battlefields and the price of victory is steep... On Phodia, the sons of Sanguinius give battle to the dreaded Spawn of Cryptus. At Lysios, the Adepta Sororitas and Tempestus Scions

hold the line against Leviathan. Far from the fighting, Blood Angels Sergeant Jatiel finds himself pitted against another threat, the necrons of Anrakyr the Traveller who may yet have a crucial impact on the greater war.

*The Devastation of Baal* Guy Haley, 2017-11-28 The Blood Angels Chapter and their successors mount a desperate defence of their home world of Baal from the predations of the tyrannid hive fleet Leviathan. After a brutal campaign in the Cryptus System fighting the alien tyrannids, Lord Dante returns to Baal to marshal the entire Blood Angels Chapter and their Successors against Hive Fleet Leviathan. Thus begins the greatest conflict in the history of the sons of Sanguinius. Despite a valiant battle in the void around Baal, the Blood Angels are unable to stop the tyrannids drawing ever closer, but their petitions for reinforcements are met with dread news. The Cadian Gate, the Imperium's most stalwart bastion against Chaos, has fallen. In their darkest hour, no help will reach the beleaguered Dante and his warriors. Is this truly then the Time of Ending?

*The First Heretic* Aaron Dembski-Bowden, 2010-10-26 Chastised by the Emperor, the Word Bearers set out on their own path - one that will eventually lead them to damnation and heresy...

Distraught at the judgement of the Emperor, the Word Bearers cast their fury and fervour onto the battlefield. All the while they explore the old ways of Colchis, seeking their own path - one that can only lead to damnation and heresy...

**Betrayer** Aaron Dembski-Bowden,2018-09-25 Led by their primarchs, the Word Bearers and World Eaters Legions ravage the realm of Ultramar The Shadow Crusade has begun. While the Ultramarines reel from Kor Phaeron's surprise attack on Calth, Lorgar and the rest of the Word Bearers strike deep into Ultramar. Their unlikely allies, Angron and the World Eaters, continue to ravage each new system they come across – upon the garrison planet of Armatura, this relentless savagery may finally prove to be their undoing. Worlds will burn, Legions will clash and a primarch will fall.

**Soul Hunter** Aaron Dembski-Bowden,2010 The Night Lords are one of the most feared Legions of Chaos Space Marines. Remorseless hunters & killers, they relentlessly battle the Imperium of Man to avenge the death of their Primarch Konrad Curze. Their dark crusade takes them to the world of Crythe Primus, where they will fight Imperial forces to claim the planet.

**Kharn: Eater of Worlds** Anthony Reynolds,2016-04-05 The

Horus Heresy is over and The World Eaters Legion needs a leader. Their greatest hero, Khârn, lies in a coma – but will his awakening save them, or doom them entirely? The Horus Heresy is over and the Traitor Legions have scattered, fleeing the wrath of a vengeful Imperium. The World Eaters are leaderless, their primarch missing and their greatest hero, Khârn, in a coma. The surviving World Eaters have turned upon themselves, the Butcher's Nails driving them to ever greater acts of berserk savagery. Poised on the brink of destruction, the Legion needs a leader. It needs Khârn – but will his awakening save them, or doom them entirely?

### **Blood Angels: The Second Omnibus James**

Swallow, 2015-08-18 A classic Warhammer 40,000 villain attacks! Fabius Bile plots to bring the Blood Angels low using their most precious artefact – the blood of the primarch Sanguinius himself. The Blood Angels stand apart from the other Chapters of the Adeptus Astartes, descending from the skies on wings of flame. While they are renowned for their ten-thousand-year history of glorious battle and honourable deeds, these secretive Space Marines seek to hide the dark flaws at the core of their being – the Red Thirst and the Black Rage – from the rest of the Imperium. Do they fight any longer for the protection of mankind, or merely for

their own salvation?

**Outer Dark** Robbie MacNiven, 2018-09-18 With tyranid hive fleets approaching, the Carcharodons make a stand on the world of Piety V. If they can stop the xenos here, they will be able to end the menace before it begins. The Carcharodons' remit is an unenviable one - this Chapter of Space Marines plies the dark areas of space, endlessly hunting down the enemies of mankind. Living on the edge, with no fixed base of operations, they are

creatures shaped by their environment, renowned for their ruthlessness and their brutality. With a fresh wave of tyrannid hive fleets approaching the galactic plane, the Carcharodons decide to use the world of Piety V as a bulwark. If they can stop the xenos here, they will be able to end the menace before it begins. But as they mobilise the planet's defenders and fight the tyrannids, the Carcharodons come to learn what the value of mankind truly is.

orders of Roboute Guilliman, he is deployed to Almace, a minor seat of the Ecclesiarchy, to protect the world at whatever cost. Yet even as diabolical forces leer from the system's edge, Calder discovers that the capital's Cardinal-Governor, a sharp, inscrutable figure of spiritual and material authority, is hiding something.
