Unchained Mind Ricardo G. Williams,2017-03-15 I took a three-year break from work to explore the topic of peace, love, and success. I spent the time analyzing my thoughts and the effects my thoughts had on my emotional state of mind. The things I found out were quite intriguing. I came to the realization that many of us are not living to our full potential. We live with a measured joy. We keep our happiness in check. Our smiles are met with a restriction from our breath, which makes it short-lived. We seldom breathe fully because our breath is interrupted by the depth of our thoughts. We never really let go fully. We are bound by layers of chains that have entangled our thinkingchains from an uncertain future, chains of work, chains of relationships, chains of our finances, too many chains to mention. My time away from work gave me the opportunity to explore how to break the chains. I admit that even a broken chain is not permanently broken but can be easily reunited if old habits are not changed. My book focuses on the actions we can take to break chains and keep them broken. My book explores how our thoughts control our destiny. It teaches thought control and the importance of silence. It teaches how to overcome fear, anger, negative thoughts, stress, and hatred. You will learn how to nurture your emotions, embrace moments, and the importance of spiritual peace. I will teach you how to live in thankfulness, with compassion, while activating love.

Every day poet and educator Shanice Nicole is reminded of how special Black girls are and of how lucky she is to be one. Illustrations by Kezna Dalz support the book's message that no two Black girls are the same but they are all special--that to be a Black girl is a true gift. In this celebratory poem, Kezna and Shanice remind young readers that despite differences, they all deserve to be loved just the way they are.

Inner Sea Bestiary Jim Groves,James Jacobs,Rob McCreary,Erik Mona,Jason Nelson,Patrick Renie,F. Wesley Schneider,James L. Sutter,Russ Taylor,Greg A. Vaughan,2012-12-25 You can never have too many monsters! This sourcebook contains 46 new monsters found in the Inner Sea region -- all invented specifically for the Pathfinder Campaign Setting. Some, like the gearsmen of Numeria or the moth-like star monarchs who serve the goddess of dreams, have been mentioned many times in Pathfinder Campaign Setting books, but others like the alien vespergaunt or Rahadoun's desert-dwelling whirlmaws have only been obliquely illustrated or mentioned before. And some make their appearance for the first time in print! With monsters ranging in challenge rating from 1/2 (such as the capering monkey goblin or the enigmatic lashuntas) all the way up to beyond CR 20 (including two immense spawn of Rovagug and three powerful outsiders with sinister agendas for the Inner Sea region, like the exiled infernal duke Lorthact), along with three new monstrous templates (the exotic mind-draining vetala vampire, the blighted fey of Fangwood, and the twisted mutants of the Mana Wastes), the Inner Sea Bestiary is set to add a host of new favorite beasties to any Pathfinder game!

Galactic Pot-healer Philip K. Dick,1994 What could an omnipresent and seemingly omnipotent entity want with a humble pot-healer? Or with the dozens of other odd creatures it has lured to Plowman's Planet? And if the Glimmung is a god, are its ends positive or malign? Combining quixotic adventure, spine-chilling horror, and deliriously paranoid theology, Galactic Pot-Healer is a uniquely Dickian voyage to alternate worlds of the imagination.

The Golden Spurs of Kortrijk Randall Fegley,2010-06-28 The Franco-Flemish region of medieval Flanders was a locus of important trade routes in the 13th and 14th centuries. Located in a prime position between the Holy Roman Empire and the North Sea (present-day northern Belgium), the urban centers of the region were surpassed in population only by the city-states of central and northern Italy. This positioning afforded the Flemish citizens of the region great prosperity and they formed guilds to protect their rights, regulate their working hours and standardize their wages. These guilds produced a cohesive unit of people eager to retain the

rights they had gained. In 1302, French cavalry faced the determined Flemish soldiers on foot at Kortrijk (Courtrai). This book analyzes the battle that ensued, its origins, consequences and legacy. It also examines the everyday lives of the inhabitants of Flanders; urban dwellers, knights, nobles, women and others. This is the first major English-language study of the historic 14th century battle between the French and the Flemish, a conflict whose repercussions linger in modern Belgium. Instructors considering this book for use in a course may request an examination copy here.
