don't need any crafting experience for these easy projects, and best of all, they can be completed in less than a single day. Each book in Dover's Make in a Day series presents 15 projects with illustrated step-by-step instructions. The beginner-friendly projects are ideal for anyone wishing to whip up something simple but special. Supplies are easy to find and are readily available at major craft stores. The DIY Bride, an Affair to Remember Khris Cochran, 2012 Cochran (DIYBride.com) provides an idea trove that will inspire the nuptial process of the budget-conscious. Projects are mostly favors, invites, ring holders and a few of the unexpected, such as making your own wedding rings with precious metal clays. She holds the crafter's hand through the process of producing cigar-box welcome packages, teacup centerpieces and paper parasols, with detailed lists of supplies and directions, tips and hints, and an itemized price breakdown - with a dollop of humor hot-glued on the side. Eight wedding themes are presented, with five projects for each, enhancing any occasion calling for extra flair and less expense. And, if fairy-tale flower girl costumes or chicken-wire seating holders aren't your thing, inspiration can be mixed and matched. And of course, that critical element - an estimate of just how many bridesmaids, moms and aunts will be required for crafty assistance - completes this wicker basket of ideas that will enliven the celebration of marriage - or just any good party.
