My Ideal Bookshelf Thessaly La Force,2012-11-13 The books that we choose to keep -- let alone read -- can say a lot about who we are and how we see ourselves. In *My Ideal Bookshelf*, dozens of leading cultural figures share the books that matter to them most; books that define their dreams and ambitions and in many cases helped them find their way in the world. Contributors include Malcolm Gladwell, Thomas Keller, Michael Chabon, Alice Waters, James Patterson, Maira Kalman, Judd Apatow, Chuck Klosterman, Miranda July, Alex Ross, Nancy Pearl, David Chang, Patti Smith, Jennifer Egan, and Dave Eggers, among many others. With colorful and endearingly hand-rendered images of book spines by Jane Mount, and first-person commentary from all the contributors, this is a perfect gift for avid readers, writers, and all who have known the influence of a great book.

Strategies for Supporting Inclusion and Diversity in the Academy Gail Crimmins,2020-06-29 This book explores tried and tested strategies that support student and faculty engagement and inclusion in the academy. These strategies are anchored by a brief exploration of the history and effect/s of exclusion and deprivelege in higher education. However, while many publications exploring academic inequality focus on the causes and impacts of structural, psychological and cultural exclusion based on racism, sexism, classism and ableism, they rarely engage in interventions to expose and combat such de/privilege. Capturing examples of inclusive practices that are as diverse as student and faculty populations, these strategies can be easily translated and employed by organisations, collectives and individuals to recognise and combat social and academic exclusion within higher education environments.

Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Each significant era of the superhero is explored—from the Golden Age of the 1930s, 1940s, and 1950s through the Modern Age—providing a unique perspective of the role of the hero over the course of the 20th century and beyond. This latest edition has been revised to reflect updates on existing characters, coverage of new characters, and recent films and media trends in the last several years.

RADICAL EYE MODERNIST PHOTOGRA Shoair Mavlian,Simon Baker,Newell Harbin,2017-05-01 Sir Elton John, musician and philanthropist, has built one of the greatest private collections of photography in the world. This book presents an unparalleled selection of modernist images, which introduce a crucial moment in the history of photography when artists were beginning to use the camera and darkroom to redefine and transform visions of the modern world. Technological advancements gave artists the freedom to experiment and test the limits of the medium enabling new imaginings of portraits, nudes and still lifes; and street life and the modern world was captured from a new, uniquely modern perspective. Showcasing only original vintage prints by the artists themselves, the book features key figures from the 1920s to 1950s, such as Brassai, Andre Kertesz, Dorothea Lange, Tina Modotti, Man Ray, Edward Steichen and Alexander Rodchenko. Also includes a newly commissioned interview with Sir Elton John and essays on modernist photography and technology and innovation by Dawn Ades and Shoair Mavlian.
